

AQUOSIS

FLUID SOLUTIONS

SALES RENTALS SERVICE ENGINEERING

info@aquosis.com · aquosis.com

FLUID MANAGEMENT TECHNOLOGY SOLUTIONS

AQUOSIS' comprehensive solutions are backed by our network of innovation-driven fluid management specialists with unmatched fluid management, contractor and fleet management experience

We act as your **partner**, providing you with access to the **expertise, tools and prompt service** essential in achieving and accelerating the best solutions for your business goals

ENT

01

SALES & RENTAL

Coupled with superior QA/QC, our rental and sales fleet offers a wide range of ultra-efficient and versatile technology with low operating costs

02

TECHNICAL SUPPORT

From product selection to engineering plans and permits, our product, geotechnical and hydrogeological specialists act as an extension of your team

03

PARTS & SERVICE

Our service department is equipped with one of North America's largest parts inventories and delivers prompt, reliable repair, maintenance and on-site support

TECHNOLOGY

VACUUM DEWATERING PUMPS AQD

APPLICATIONS

WellPoint Dewatering
Sock Dewatering
Trench Dewatering
Pond Dewatering

FEATURES

- True Run-dry
- <3" Solids Handling
- Oilless Vacuum
- Energy Efficient

RANGE SNAPSHOT

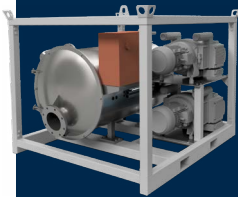

6-8" Range <2000 USGPM

<440 Air & Water CFM

6" <600 GPM | 175 CFM

8" <2000 GPM | 175 CFM

ELECTRIC VACUUM DEWATERING PUMPS AQDE

APPLICATIONS

WellPoint Dewatering
Pond Dewatering
Surface Water Pumping
Booster Pumping
Creek Bypass

FEATURES

- Minimal Maintenance
- Automated Operations
- Oilless Vacuum
- Energy Efficient

RANGE SNAPSHOT

4-8" Range <1500 USGPM

<415 Air & Water CFM <380 Air CFM

NON-CLOG TRASH PUMPS AQNC

APPLICATIONS

Sewage Bypass
Industrial Fluid Transfer
Mine Dewatering

FEATURES

- Screw-Type Impeller
- Trouble-Free Unscreened Sewage
- Vacuum Priming

RANGE SNAPSHOT

4-12" Range <4" Solids Handling

<140 Air CFM

4" <750 GPM | 65' | 3" solids

6" <2200 GPM | 150' | 4" solids

8" <3170 GPM | 170' | 4.5"

12" <5550 GPM | 145' | 4.5"

SOLIDS HANDLING TRASH PUMPS AQT

APPLICATIONS

Sewage Bypass
Industrial Fluid Transfer
Mine Dewatering

FEATURES

- Enclosed Impeller
- Energy Efficient
- Remote Engine Control

RANGE SNAPSHOT

4-24" Range <16000 USGPM

<4.5" Solids Handling <260' Head

4" <1600 GPM | 174' | 3" solids

8" <4550 GPM | 260' | 4" solids

12" <8800 GPM | 170' | 4" solids

24" <16000 GPM | 235' | 4.5" solids

HIGH HEAD PUMPS AQH

APPLICATIONS

Eductor Dewatering
Creek Dewatering
Jetting
Fluid Transfer
Booster Pumping

FEATURES

- Enclosed Impeller
- Energy Efficient
- Remote Engine Control

RANGE SNAPSHOT

4-12" Range <7950 USGPM

<750' Head

4" <1380 GPM | 430'

8" <2665 GPM | 745'

12" <7950 GPM | 648'

PISTON DEWATERING PUMPS AQP

APPLICATIONS

WellPoint Dewatering
Pond Dewatering
Surface Water Pumping

FEATURES

- Low Maintenance
- Stackable
- Energy Efficient

RANGE SNAPSHOT

6" Range <420 USGPM

<65' Head

6" <420 GPM | 65'

EL SUBMERSIBLE PUMPS AQS

APPLICATIONS

Sewage Bypass
Deep Well Dewatering
Pond Dewatering
Mine Dewatering

FEATURES

- Vortex impeller available
- Corrosion Resistant
- Extreme Versatility
- High Reliability

LAMELLA CLARIFIER TANKS AQLC

PUMP, POWER & LIGHTING UNITS: URGENT RESPONSE

REMOTE MONITORING

SYSTEM CONNECTIONS

Designed and Continuously Improved by True End-Users

Unique to the market, our technology is backed by decades of hands-on rental, service and application experience.

APPLICATIONS

Discharge Filtration
Suspended Solids

FEATURES

- <1/4 Footprint than 18,000 Gal Weir Tanks
- Simple Maintenance
- Integrated Monitoring Options

RANGE SNAPSHOT

<50 NTU
W/O DOSING

<250
USGPM

<5 NTU
W/ DOSING

APPLICATIONS

Emergency Response
Fire & Flood Response
Dewatering
Temporary Pump Station
Back up Pump/Power

FEATURES

- Multi-Purpose Unit: Ready to Go
- Up to 2 Pumps, Engine, Alternator, VFD & Light Tower
- Add Surveillance, Discharge Hose, Crane & More

RANGE SNAPSHOT

<60kW
Standby Power

4-6"
Auto-prime Pumps

<40hp
Submersible

20'
Light Towers

APPLICATIONS

Dewatering
Bypass Pumping
Environmental Studies
Discharge Filtration

FEATURES

- 24/7 Remote Monitoring & Control for all your data on a single dashboard
- SMS/Call/Email Custom Alerts
- Unique pre-configured in-line monitoring unit options
- Comprehensive & Accurate Instrument Lineup
