

Expand FlagStand 1

**Outdoor Events
Display Solutions**

**Portable &
Customizable**

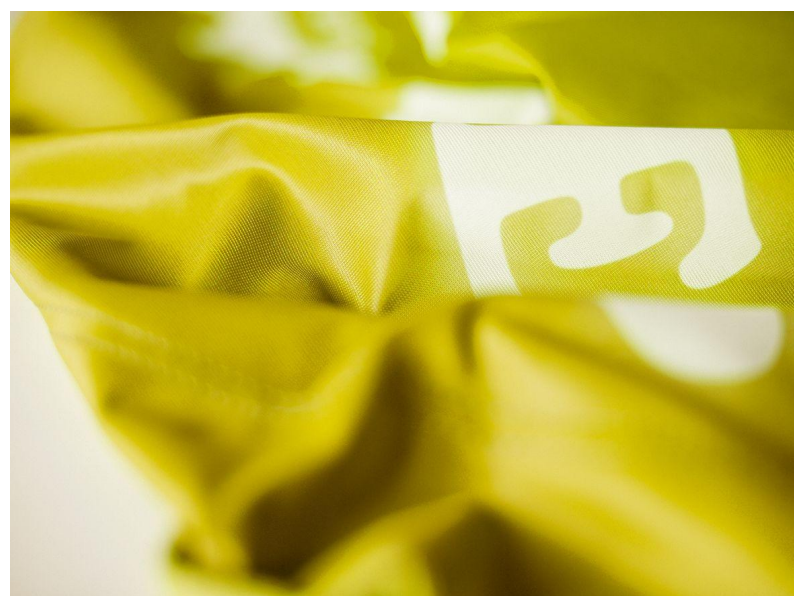

A lightweight flag stand designed to handle strong winds. Perfect for all types of outdoor events, such as marketing activities and campaigns. These are high quality branded flags with your customized print available in different sizes and support options.

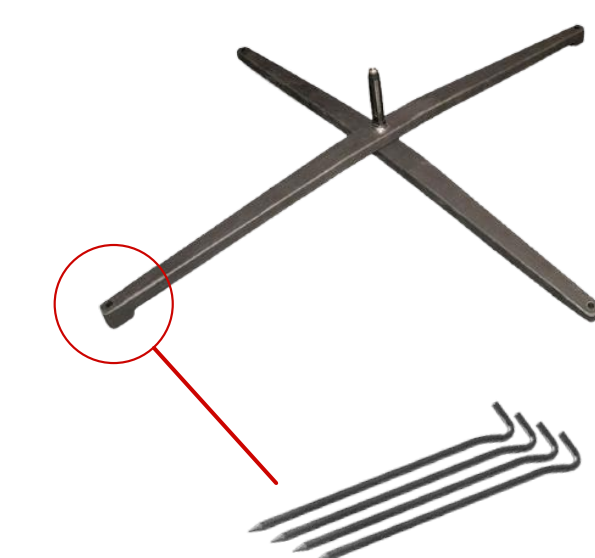

[MORE INFO](#)

- Portable and lightweight
- Available in different heights (6', 9' & 12.5')
- Double sided graphic
- Stable in strong winds
- An X-base gives great stability and has a rotational hub to enable the flag pole to rotate when windy. It can be easily folded for transportation.
- The product is very compact and arrives in a protective nylon bag with handles.
- Also for indoor use

Your message and logo is printed on a polyester double sided fabric

X-Base
4.2 lbs

Snow/Grass Stakes
(Optional)

Ground Stake
1.4 lbs

FABRIC GRAPHIC

- **Seamless Appearance:** Single fabric with double-sided print avoids visible seams for a cleaner look.
- **Consistent Thickness:** preserving flexibility and drape.
- **Enhanced Durability:** No stitched seams reduce vulnerability to wear and tear over time.
- **Cost Efficiency**
- **Lightweight**
- **Simplified Care:** Easier maintenance with no need for special attention to stitched seams

VS

- **Seam Visibility:** impacting aesthetics.
- **Thickness:** additional fabric layer increases thickness, affecting flexibility.
- **Durability:** Stitched seam is prone to wear and tear over time.
- **Cost:** Stitching process is labor-intensive, increasing production costs.
- **Weight:** Stitching adds weight to the fabric, less flexibility
- **Complex Care:** Washing and maintaining may require more attention to preserve both sides.
