creation is our ambition
WE ARE CREATING FABULOUS

Textiles

Mianoor Textile Industries (Pvt.) Ltd., a trusted name since 1972, has established itself as a leading player in the textile industry. With decades of expertise, we produce high-quality knitted apparel, hospitality textiles, and retail products that deliver comfort, durability, and style. Our commitment to innovation, sustainability, and customer satisfaction sets us apart as a reliable global partner.

Vision

Our vision is to lead the textile and garment industry by integrating nature, humanity, and technology in perfect harmony. We aim to meet global clothing demands while setting new standards of innovation, professionalism, and quality. Guided by our ethical principles and commitment to continuous improvement, we strive to inspire progress and shape the future of the industry.

Mission

Our mission is to deliver superior textile products that combine quality, innovation, and sustainability, while upholding ethical practices. We are committed to providing our customers with affordable, durable, and modern fabrics that meet their needs and exceed expectations.

OUR LEADERSHIP

Messages

Ilyas Mianoor

Proudly building on our family legacy of excellence and innovation, which began in 1972 under the leadership of Mr. Ghulam Mianoor, our state-of-the-art facility specializes in knitting, dyeing, embroidery, and stitching. As an Industrial Engineer, I ensure that our stitching operations meet the highest standards of precision and quality. We are committed to delivering unmatched craftsmanship and reliability to our global clientele.

Director

Umair Mianoor

Mianoor Textile is a testament to the legacy of innovation and quality established by my father, Mr. Ghulam Mianoor. From humble beginnings with two dye machines, we have grown into a 100,000 sq. ft. facility with advanced dyeing, knitting, and processing technology. As a Textile Chemist, I lead our operations, delivering exceptional products that excel in both quality and price. Our commitment is steadfast: honouring our tradition while embracing the future of textiles.

Product Catalogue

Knitted Apparel

Mianoor Textile proudly offers high-quality knitted apparel that combines comfort and style. Committed to superior craftsmanship and innovation, we provide a diverse range of garments made from premium materials and advanced knitting technology, ensuring durability and luxury while serving global markets.

Hospitality

Mianoor Textile offers premium hospitality textiles designed to enhance guest experiences. From luxurious bathrobes and towels to high-quality linens, our products combine elegance, durability, and comfort, meeting the highest standards for hotels, resorts, and spas worldwide.

Retail

We provide high-quality retail textiles designed for everyday comfort and style. Our versatile range, including ready-to-use garments and home textiles, blends durability with modern designs, making them perfect for consumers worldwide.

CSR

We recognize the importance of protecting the environment which provides the resources essential for our business. As part of our commitment to sustainability, we have implemented an Environmental Management System to set clear environmental goals and reduce our ecological impact. This includes ongoing efforts to improve our practices and contribute positively to the community.

We are transitioning from fossil fuel-based equipment to sustainable biomass alternatives where possible and ensuring compliance with environmental laws and standards through continuous system improvements. We also regularly train our employees to raise environmental awareness and promote responsible decision-making throughout our operations.

Understanding the harm caused by traditional energy sources and water pollution, we are committed to using renewable energy with lower carbon emissions. Additionally, we are investing in an Effluent Treatment Plant to ensure our effluent water meets both local and international environmental regulations.

INITIATIVES FOR Sustainable Energy

Mianoor Textile has adopted sustainable energy by installing solar power systems in our mills, reducing our carbon footprint and promoting eco-friendly manufacturing practices.

Initiative

Effluent Treatment Plant

In line with global best practices for environmental sustainability, Mianoor Textile Mills places a strong emphasis on environmental responsibility. We have partnered with Water Tech Engineering (WTE) from Karachi to install a state-of-the-art Effluent Treatment Plant at our facility in Karachi, Pakistan. This initiative is a testament to our commitment to resource preservation and pollution reduction.

Our ETP initiative reflects a simple, impactful core of humanity

At Mianoor Textile Mills, we believe that our work goes beyond business; we are deeply committed to producing high-quality textile products while building a better future for generations to come. This commitment is reflected in our strong dedication to sustainability, including initiatives such as our Effluent Treatment Plant, which underscores our responsibility to both the environment and our customers. We invite you to join us on this journey toward a cleaner, greener textile industry.

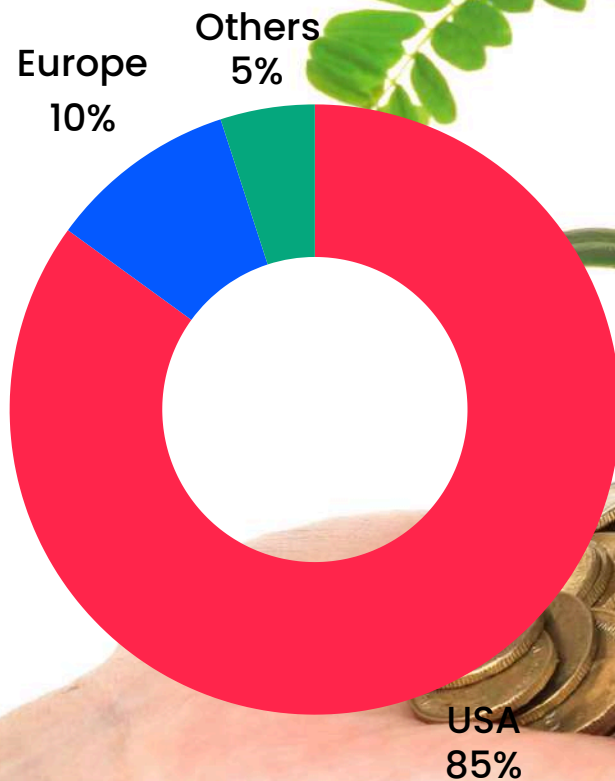

Together, we can make a Lasting Difference.
