# OUR HISTORY

Rooted in Lancaster County since 1727, the Martin family built its foundation on Mennonite values of hard work and resilience. During the Great Depression, John F. Martin began farming and selling chicken at Philadelphia's Reading Terminal Market, but hardships—including drought and the construction of the Pennsylvania Turnpike—forced him to start over more than once. In 1952, he took over a retiring butcher's business, a small venture that soon led to a meat stand at a large local farm market. By 1961, John and his five sons officially founded John F. Martin & Sons, expanding steadily with smokehouses, refrigeration, and a growing reputation for quality meats and cheeses.

In the decades that followed, the company continued to grow. In 1973, the shop earned USDA certification, allowing major improvements in processing and curing. By 2007, the third generation took over and focused fully on processing, followed by the opening of a modern bacon facility in Womelsdorf in 2014 and the fourth generation joining leadership in 2017. Today, John F. Martin & Sons remains anchored in faith, family, and the belief that "a good name is rather to be chosen than great riches" (Proverbs 22:1).

# Our Mission

It is our mission to provide our customers with safe, exceptional, quality food with the best possible service at a fair price. The foundation of this mission is to be built upon the following:

**BUILDING** a healthy and supportive family environment that brings glory to God.

**ACCOUNTABLE** to our customers, our community, and our employees.

**CREATING** products of the highest quality at a reasonable price.

**OUTSTANDING** service through courtesy, reliability, and respect.

**NEVER** compromise our integrity.

# Our Values

John F. Martin & Sons has its origin in the Pennsylvania Mennonite traditions and values, which include courtesy, fairness, honesty, integrity, morality, reasonableness, and reliability. These values continue to guide the company's business and employee-related decisions to this day.

We recognize the foundation upon which John F. Martin & Sons was built and commit to faithfully and fervently keep the focus of our efforts on serving our Lord Jesus Christ.

While we are flawed individuals, the manner in which we think and act can make a more tangible difference in the lives of those we touch than a purely profit-based motive ever will.

Our deliberations, decisions, and actions will be guided by the many principles found in God's Word, and we will seek to honor Him through our service, management, leadership, and ownership.

# JFM TODAY

Today, John F. Martin & Sons, LLC, manufactures over 200 premium pork, beef, and turkey products. John F. Martin is a leading private label manufacturer of organic and all-natural products and distributes to over 20 states. Still surrounded by gorgeous farmland, the company has undergone expansions to the original Stevens, PA facility, growing the plant to over 83,000 square feet with a state-of-the-art processing and packaging facility. In addition, the facility has an expansive solar array powering a portion of the plant.

In 2014, a 190,000 square foot facility in Womelsdorf, PA was acquired to accommodate the growing bacon line production needs. The latest addition, beginning in 2025, is a brand-new 188,000-square-foot distribution center and vehicle maintenance building to serve you better and provide even more local, delicious products for you to offer.

# MEAT PRODUCTS

## *Our Quality Meat Products*

At John F. Martin our smoked meats are all about freshness, deep flavors, tenderness, and texture. This is achieved through a careful smoking process using natural hardwood, select seasonings, and our family recipe curing process. These meats offer a rich and satisfying eating experience that highlights the meat's natural flavors while adding layers of complexity from our traditional, old-fashioned-style smoking process.

**MADE WITH JOHN F. MARTIN HAM!**

## *Delicious Handmade Meat Pies*

Our homemade meat pies are wrapped in a flaky, buttery crust made from scratch with a light, golden, and perfectly crisp texture. The rich filling features tender chicken and savory ham, slow-simmered for deep, hearty flavor with fresh vegetables. Sweet carrots, potatoes, peas, and onions bring farm-fresh taste to every bite. It's honest, down-home cooking the way it's always been done in Lancaster County.

# FRESH MEAT PRODUCTS

## *Our Quality Fresh Meat Products*

Whether it's the marbling in a beef rib-eye, the juicy tenderness of a pork tenderloin, or the complex flavor of our chicken or turkey sausage, our fresh meat selection offers a satisfying, rich eating experience. The combination of careful sourcing, skilled butchery, and optimal handling results in meat that is not only flavorful but also safe and nutritious.

**Guidelines for Repackaging and Safe Handling of Cream Cheese Spreads and Seafood Dips**

**Shelf Life:** 62 Days for Seafood varieties and Plain Whipped, 90 days for all remaining varieties from production date.

**Repackaging of Product From Bulk Tubs:** Can be repackaged for resale up to the "Use By" date printed on tub. All repackaged product must be labeled with a "Best By" date of **14 Days** from repackaging date. We recommended to use product within **7 Days** of opening repackaged container.

**Seafood Dips:** If seafood dips are sold in bulk displays, and marketed from a seafood or salad type display case, use within **7 Days** of purchase. Product that has been in an open display or salad type case for more than 4 Days should not be sold.

*Freezing is not recommended on seafood products as they contain seafood that may have been previously frozen.*
