

A modern bathroom vanity setup. A large, round, light-colored mirror is mounted on a white brick wall. Below the mirror, two white, bowl-shaped washbasins are placed on a thick, natural wood shelf. Each washbasin has a tall, gold-colored faucet. Between the washbasins on the shelf are several small, light-colored wooden containers, including a toothbrush holder and a soap dish. Below the main shelf is another wooden shelf. On this lower shelf, there are two stacks of folded blue towels, one on the left and one on the right. In the center of the lower shelf is a small, light-colored ceramic pot containing a green, spiky plant. Two white, spherical, wire-mesh pendant lights hang from the ceiling on either side of the mirror. The overall aesthetic is clean, minimalist, and natural.

PERSONALISATION IN THE BATHROOM

One-of-a-kind pieces continue to hold sway as personalisation emerges as a trend for 2025.

Choose the size, shape and even surface of your desired bathroom solution. Our configurable Alpine basin and countertop collection is produced in-house by skilled artisans at our Slab Fabrication facility using 6mm porcelain slabs. With 19 slab finishes and over 50 product options, designs can match or contrast with wall and floor tiles. For a truly personalised touch, we also offer a bespoke design service to meet any design requirement. With the ability to cut custom designed surfaces for the floor or wall, you can ensure your bathroom is one-of-a-kind.

For the finer details, the Chiasso mixer range compliments the Alpine collection with a choice of 48 design combinations. Select your porcelain accent handle and brassware finish for a refreshingly unique look.

ARMOUR COATING

Crafted to Inspire. Built to Last.

A new evolution of bathroom finish. Developed to withstand the test of time.

The Armour Coated finish is a highly advanced coating applied at our in-house production facility in Dubai. Originally developed for heavy-duty products in military, aerospace, and automotive industries, where durable materials and finishes are essential, Armour Coating allows for aspirational finishes that are built to last.

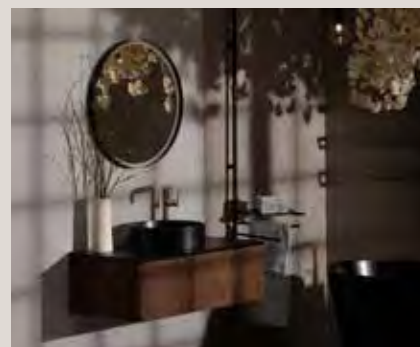

10-Year Guarantee* - This is backed by the assurance of laboratory tests which include salt spray (corrosion) testing, chemical resistance testing and adhesion testing, as well as rigorous real-life durability testing.

JAPANDI STYLE

A fusion of Japanese and Scandinavian minimalist and functional design, Japandi is an interior design style that has stood the test of time.

The fundamental design elements include clean lines, emphasising the beauty of simplicity and the removal of excess. Natural textures, such as wood, bamboo and stone are at the heart of the style, adding warmth and richness to any bathroom. Look to the newly-launched Nara collection for a full solution that encompasses the look for a clean, modern and timeless zen bathroom retreat you will love.

JEWELLERY INSPIRED LUXURY

Make a statement and add a touch of luxury to the bathroom with jewellery-inspired brassware textures and intricate details. We have incorporated this trend across both mixers and furniture handles for several of our ranges, including Orology, Nara, Revolution, Stereo FM, and Chiasso.

The full Orology range was inspired by watch bezels and designed to reflect a timeless aesthetic.

WARM BRASSWARE TONES

A design trend that is here to stay for 2025 is warm brassware tones that welcome a sumptuous shimmer of texture.

Our new PVD Oyster, PVD Soft Burgundy and Soft Bronze finishes work seamlessly with earthy, neutral tones and textures such as natural wood-effect furniture found in the Orology, Corsair and M-Line collections, as well as stone and marble-effect basins and countertops featured in the Alpine and Bristol ranges.

MALDIVIAN STYLE

Envision yourself in the Maldives, immersing in crystal-clear turquoise waters and strolling along breathtaking beaches. The subtle beach huts and villas offer a serene and idyllic escape, there is no wonder this is a prominent interior trend for 2025. The all-new Beach House range draws inspiration from this paradise to bring a captivating lifestyle look to your home or project. With a neutral colour palette that includes the warmth of Teak wood, the elegance of Terrazzo Stone, and the sophistication of Matt White finishes applied to luxurious bathrooms, exquisite outdoor furniture, and stunning tile solutions, you can pamper yourself with an indulgent slice of paradise right in your own space.

SUSTAINABILITY

As we all strive to make conscious decisions to reduce negative impacts on the environment, designers are increasingly seeking sustainable design choices, and the bathroom is no exception.

While we offer a variety of eco-friendly bathroom products, the Eco Touchless Mixer is the latest addition to the collection which focusses on the significant reduction of water usage with its built-in lithium battery that allows for up to 100,000 cycles of usage with no wires or plugs, ensuring hassle-free installation. A smart energy-saving sensor helps keep water usage low. Choose from six contemporary finishes to suit: Chrome, Matt Grey, Brushed Nickel, Matt Black, PVD Oyster and the on-trend Soft Bronze.

BRASSWARE FINISHES

The appeal of coloured brassware is widespread. Designers look for new and innovative finishes in order to create distinctive looks in their designs. At BAGNODESIGN, finishes are the essence that make our products stand out. We create finishes that stay true to the overall sense of style.

We offer refreshing alternatives that help define the look of a bathroom and, in turn, the entire home. Our on-trend Soft Bronze and PVD Santiago finishes are popular for their subtle elegance.

Responding to this year's trend for warm metallic brassware, we have added the new **PVD Oyster** and **PVD Soft Burgundy** finishes that promise to add a dash of drama and opulence to the bathroom. Mix and match products and finishes to create a look that expresses a sense of style and personality.

* Soft Bronze is a semi-living finish and may change overtime with a slight finish variation.

TRENDING BRASSWARE

OYSTER

A soft and luxurious finish that perfectly complements smoothly shaped mixer designs, **PVD Oyster** is highly sought after by bathroom designers and has become a growing trend in the luxury segment.

The **PVD Oyster** finish will be available across a comprehensive range of products, including ten mixer ranges, five accessory ranges, and complementary showering and plumbing options.

In addition, our 10-year guarantee ensures the lasting quality of this finish.

SOFT BURGUNDY

A modern and distinctive finish with a rich colour depth and soft brushed metallic texture, **PVD Soft Burgundy** caters to the increasing demand for warm-toned brassware, a current popular trend in the bathroom sector.

We introduce this finish in two of our most contemporary mixer ranges, Vitesse and Mezzanine, offering our customers more options to create their ideal bathrooms and washrooms.

BEACH HOUSE

Experience the peaceful serenity of a Maldivian retreat.

Seeking inspiration from the archipelago's tranquil beauty, Beach House brings a touch of paradise to both indoor and outdoor bathroom spaces, creating a cool and contemporary retreat in the comfort of the bathroom environment.

Defining the very essence of tropical luxury island living, Beach House answers the call for indoor-outdoor continuity with a range of products designed to harmonise with nature. While outdoor shower columns rejuvenate and connect one to the simplicities of nature, sunkissed teak furniture, stone composite BAGNOQUARTZ basins and bathtubs, shimmering metallic brassware and whitewashed wood-effect tiles make for a complete bathroom solution that transports you to another world.

Constructed from **Grade 316 stainless steel**, Beach House mixers and shower columns guarantee lasting durability for outdoor use. Weather-resistant PVD finishes in Brushed Stainless Steel, Oyster, Armour Truffle and Armour Cocoa add a touch of sophistication, and are perfectly complemented by travertine accessories reminiscent of soft sand beaches. Light hues open up a space, mimicking the outdoor bathrooms of private Maldivian villas while organic, curvilinear shapes advocate for moments of self-care. From stylish terrazzo and integrated basins to sleek natural wood vanity units and illuminated LED mirrors, every element is crafted to enhance the spa bathroom experience. To further enhance the unique lifestyle look, select the coordinating Beach House tiles and outdoor furniture.

Embrace that dream destination feeling every day with Beach House.

TOKO GROOVE

Get in the groove and put the soul back into your bathroom design.

The new Toko Groove brassware collection is a rhythmic reinterpretation of the existing Toko range. Capturing the effortless glamour and free-spirited style of the 1970s, this collection puts the spotlight on classic retro styling with aspects of modern minimalism.

Basin and shower mixers feature grooved detailing on the handles inspired by jewellery design—bringing with it a sense of movement reminiscent of the era.

Select from five feel-good finishes that will perfectly fit your bathroom design, whether you prefer the timelessly chic Chrome or Brushed Nickel, the on-trend and opulent PVD Oyster, or the industrial Soft Bronze.

Whether you lean toward a laid-back look or dare to unleash your creativity with an all-over 70s design, Toko Groove invites you to experiment and let your inner personality shine. Pair with BAGNODESIGN's extensive tile and sanitaryware range to complete the look and transform your space.

TOKO FLAVOURS

Ignite your imagination with Toko Flavours brassware.

This tantalising new collection spices up the existing Toko brassware range with six mouthwatering finishes: Sage, Cocoa, Truffle, Blueberry, Mandarin and Lip Gloss. Designed to add a pop of colour, the collection comes complete with taps, showering solutions and accessories to mix and match.

For those drawn to an organic aesthetic, the earthy tones of Cocoa, Truffle and Sage present the opportunity to create nature-inspired colour palettes, complementing natural materials like wood, stone and porcelain tiles for a calming atmosphere. In contrast, Blueberry, Mandarin and Lip Gloss bring a burst of exotic fruitiness and infuse energy into the interior, making a bold statement that is sure to impress. They can also be designed with other stimulating finishes to create a unique visual impact.

Pair with colourful BAGNODESIGN basins to serve up a true style statement. Made in Italy and plated in Dubai, this brassware collection is crafted using Armour technology, a finish that is highly resistant to corrosion and chemicals. Designed to stand out and endure, Toko Flavours is backed by a 10-year guarantee, making the full range suitable for high-traffic areas.

TOKO

Inspired by the understated beauty of Japanese minimalism, the Toko collection turns the bathroom into a contemporary zen retreat.

Tall, clean lines and gentle curves create clarity, inviting a deeper appreciation of form and function by allowing the space between elements to breathe. A gentle mix of materials and organic colour tones and textures create a serene living space.

Gracefully shaped sanitaryware such as countertop washbasins and wall-mounted WC's are designed without a rim, offering a hygienic solution for large family bathrooms to compact cloakrooms. Supplied with a soft-close slim seat and cover, the luxurious quality synonymous with BAGNODESIGN is evident throughout.

Crisp white sanitaryware offers a simple aesthetic while Coffee answers to a more organic look. With a matching bidet also available and elegant brassware in a range of on-trend finishes, Toko embraces the movement towards muted colours and minimal design, for a composed and sophisticated look in the modern bathroom.

The collection is available in four distinct brassware finishes – clean Chrome, subtle Brushed Nickel, on-trend Soft Bronze, and the new PVD Oyster, which evokes a quiet opulent charm in this range – offering a range of style options to suit various design preferences.

Indulge in your daily rituals with Toko.

CHIASSO

Combining fluting with natural stone, two of the hottest trends in bathroom design, into one beautiful collection.

Chiasso is a contemporary collection of basin and shower mixers, available in four versatile brassware finishes, but where the range really stands apart is with its beautiful accent porcelain handle.

Available in chrome, brushed nickel, soft bronze, and PVD oyster, the inserts on the handles are customisable, and available in 12 standard finishes, with the opportunity to correspond with Alpine wash basins. Bespoke inserts can also be produced in the SANIPEX GROUP Slab Fabrication Facility, making Chiasso a fully customisable option that can be matched to the bathroom countertop and wall tiles.

While the porcelain accent inserts draw the eye, the style points don't end there. The mixers' large, fluted handles and elegant, simplistic spout also combine to make this a stand-out brassware collection.

OROLOGY

Contemporary, cosmopolitan and crafted to perfection.

Combining trend with tactility, Orology takes cues from stylish watch winders - of which can be noted in the handles of its brassware and on-trend fluted furniture. Versatile features convey a sense of understated luxury, allowing variations and combinations to maintain a timeless yet contemporary elegance.

The Orology brassware collection comes in five stunning finishes to provide a spectrum of choice. Chrome and Brushed Nickel combine contemporary luxe with subtle refinement, Soft Bronze offers an industrial-chic look, while Anthracite hits notes of moody, and functional, and new PVD Oyster quietly radiates in its opulence. Combine PVD Oyster with the Marble Statuario integrated basin or countertop and Matt White furniture to promote a bright, airy ambience.

With flexibility and functionality at its core, the range encompasses vanity units, bathroom accessories, bathtubs, and sleek shower heads that spoil you for choice. A diverse selection of basin and furniture options match each finish, including stylish Matt Black, Alpine, terrazzo and marble integrated basins, stylewood grain furniture, and Marble Statuario countertops.

SESTRIERE

As marble holds the spotlight as one of the most covetable trends of 2025, BAGNODESIGN presents the perfect marble mixers to elegantly accent bathroom spaces.

Produced in Italy beneath the cool shadow of the Alps, the Sestriere collection is where high-end luxury meets convenience. Elevate Hospitality or Residential bathroom projects to 5-star standards without compromising the design vision or budget.

The collection features a sophisticated variety of three marble and four brassware finishes to choose from. Included in the collection is the new Soft Bronze finish, which adds a touch of understated luxury. The new addition of the concealed stop valve and 2-way diverter with marble effect insert handles adds more flexibility to the range and allows shower and mixer brassware to match for a seamless look.

Clean lines and simple shapes pair beautifully with the Sestriere collection for a refined design aesthetic.

BRISTOL

Drawing inspiration from the mid 20th Century to bring classical elegance to the modern bathroom, Bristol bridges the old and the new, combining a soft, industrial style with bold statement pieces.

Featuring a distinctive vogue look, Bristol emulates the rejuvenating ambience of an urban spa in the comfort of the home bathroom environment. With smooth edges and refined finishes, the design resonates with those looking to create the endlessly popular 'less is more' feel.

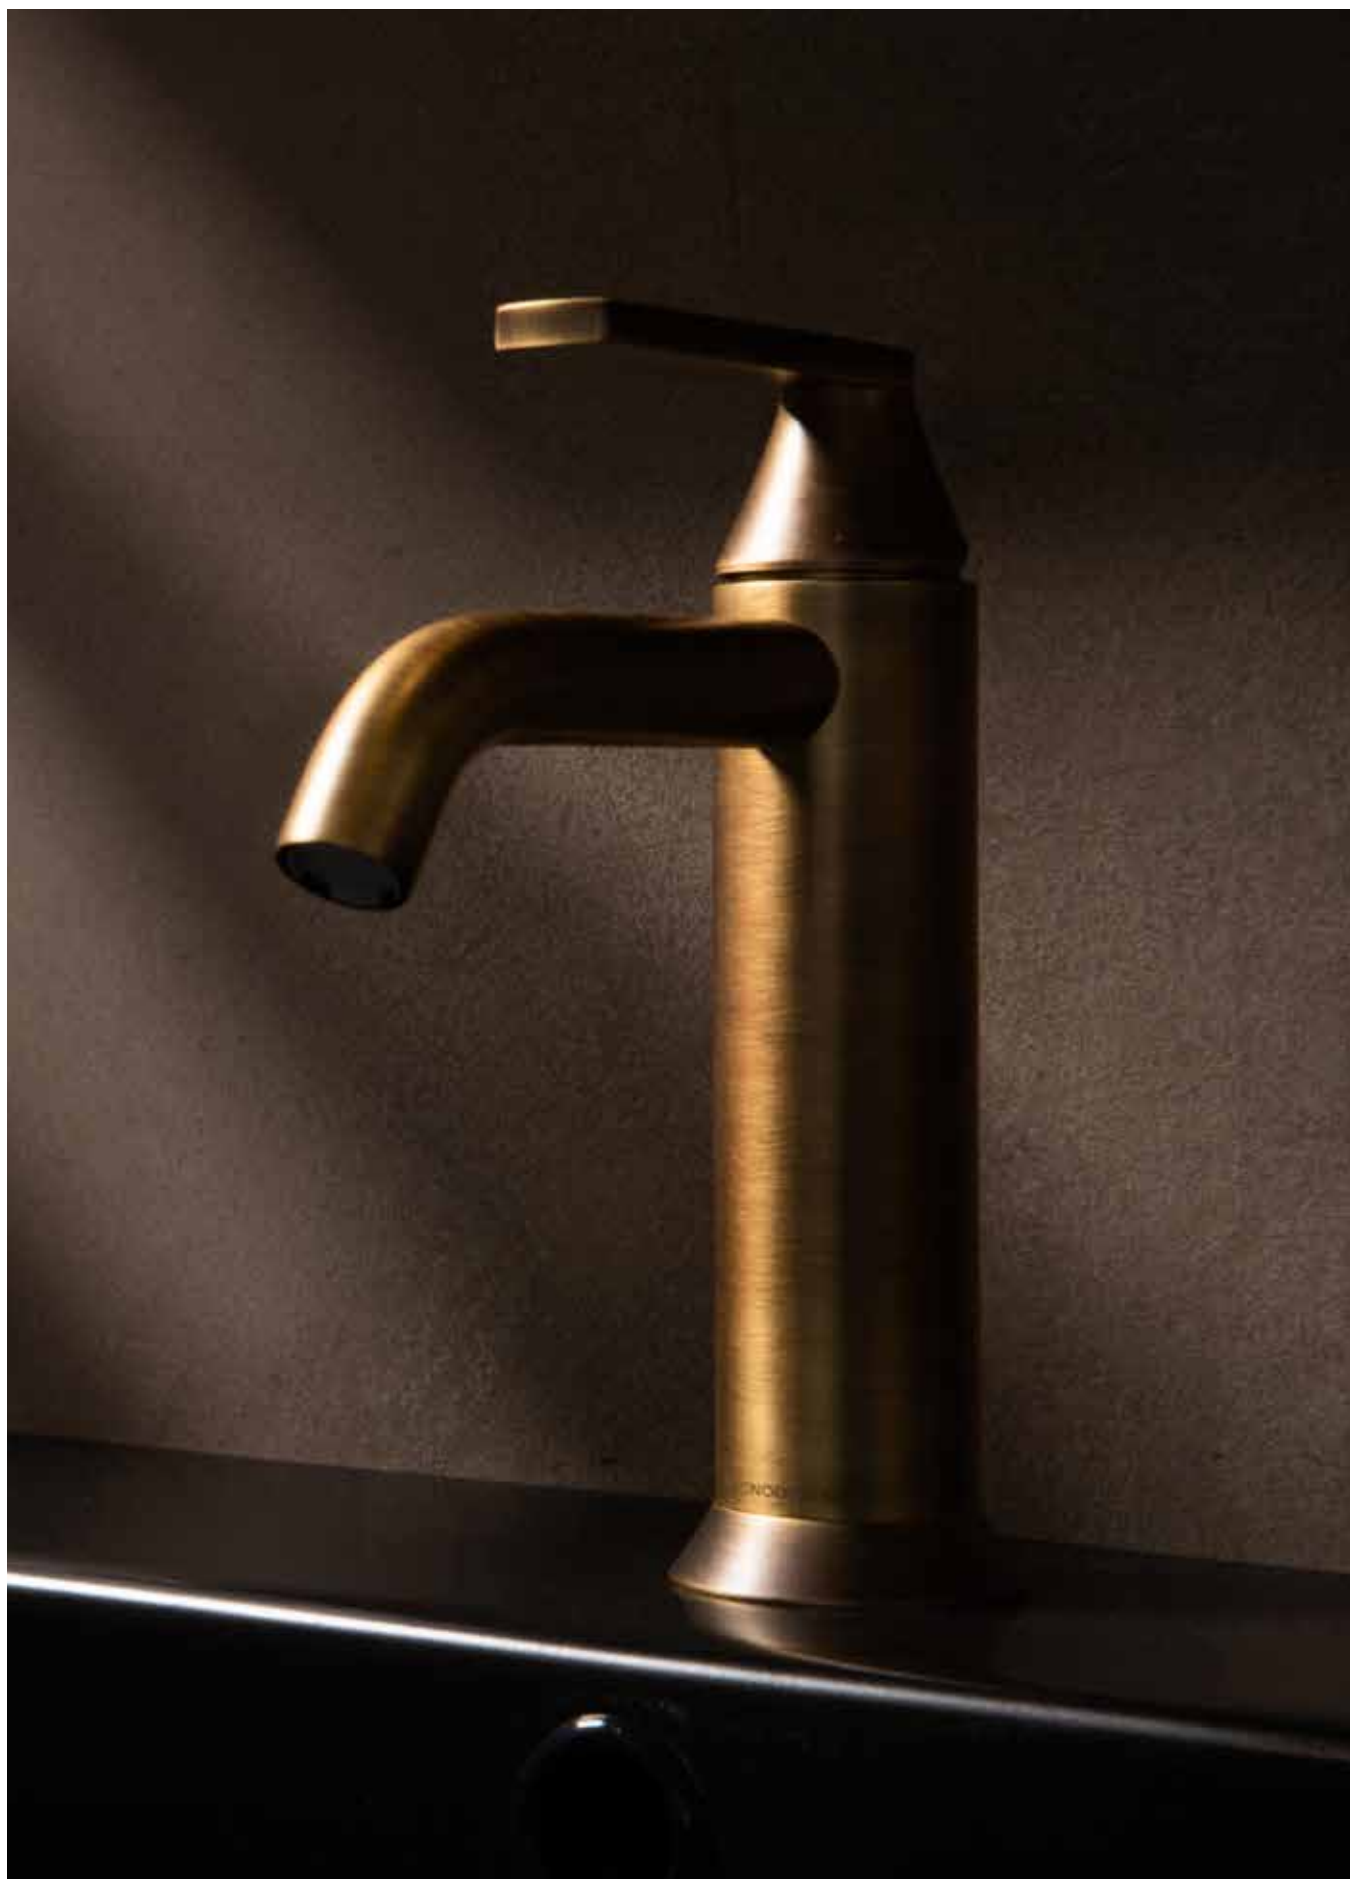

The brassware range gives a choice of two handle options – linear and cross – and seven on-trend luxe finishes. Available in Soft Bronze, PVD Santiago, Chrome, Brushed Nickel, Matt Black, PVD Oyster and the new Armour Cocoa. Combine these with concrete or trendy terrazzo basins to bring a textural aesthetic appeal.

Freestanding resin basins (see page 198) and bathtubs (see page 154) really amp up the wow factor in a choice of two rich hues: Galaxy Black dazzles paired with PVD Santiago while new Bottle Green can be styled with Matt Black or Brushed Nickel for an ultra-contemporary design, or Soft Bronze for a luxurious style.

Complete the scheme with a striking selection of new Bristol accessories (see page 226) and make your daily rituals, effortless.

REVOLUTION

Taking inspiration from the utilitarian lines, shapes, and textures of 19th Century machinery during the Industrial Revolution, as well as its interaction with raw materials and open spaces, the Revolution collection transforms these elements into fixtures and furniture for the modern-day bathroom.

Authentic in its pursuit, the Revolution collection combines a unique design ethos for an on-trend feel. Echoing a narrative of transformation and craftsmanship in every detail, the range encompasses brassware, and accessories to create a full solution in an Industrial-luxe style.

Brassware and chunky handles feature intricate yet subtle knurling which pay homage to the ergonomic details found in machinery from the era.

Push the boundaries of bathroom design with Revolution.

M-LINE

Streamlined styling merges with pared-down practicality to make the M-Line collection stand out from the crowd.

An icon of its own in the BAGNODESIGN portfolio and one of our most comprehensive ranges, M-line offers an extensive suite of bathroom products.

For a touch of the deluxe, consider M-Line heated towel rails, which warm towels and bathrobes after bathing or swimming, while also gently drying delicate clothing like swimwear to meet a range of needs.

Our latest basin collection expands the range to cater to the latest trends, including countertop models with tap ledge options and left/right hand wastes. Additionally, it features single valve three-hole concealed basin mixers, which can be positioned asymmetrically and in parallel with on-trend side waste basin options.

STEREO FM

Inspired by the unforgettable smoky sounds of the Jazz era, Stereo FM brings a contemporary twist to retro styling for a truly unique bathroom scheme. This collection loosely channels the principles of mid-century modern design, allowing for open spaces and nature-inspired surfaces to emerge.

The novel design of the tap and mixer takes after the handle of stereo, adding an unexpected layer to a classic design while remaining ergonomic in form. Contemporary Chrome, classic Brushed Nickel and dramatic, industrial Anthracite brassware finishes capture the essence of the era.

The innovative range offers a complete versatile solution for bathrooms and washrooms of all shapes and sizes.

STUDIO 316

Blending Nordic minimalism with exceptional craftsmanship, Studio 316 exceeds the needs of modern living, giving the interior trends for colour and texture a fresh, elegant twist.

At the centre of this exclusive collection are the **Grade 316 stainless steel** mixers. The highly durable stainless-steel material enables designs suitable for both indoor and outdoor spaces. The mixers feature a distinctive curved form, highlighted by tactile fluted handles, and are available in eight accent colours in the exclusive Armour finish. The colour options include Turquoise, Caramel, Cocoa, Truffle, Lip Gloss, Mandarin, Midnight, and Raspberry, offering a chic palette to personalise any bathroom or kitchen.

The simplicity of the design language is evident throughout the collection, which includes vanity units with elegant, slimline basins that integrate seamlessly with the furniture, as well as freestanding and countertop washbasins, a freestanding bathtub, inspirational indoor and outdoor shower columns and complementary 316 Stainless Steel accessories and plumbing.

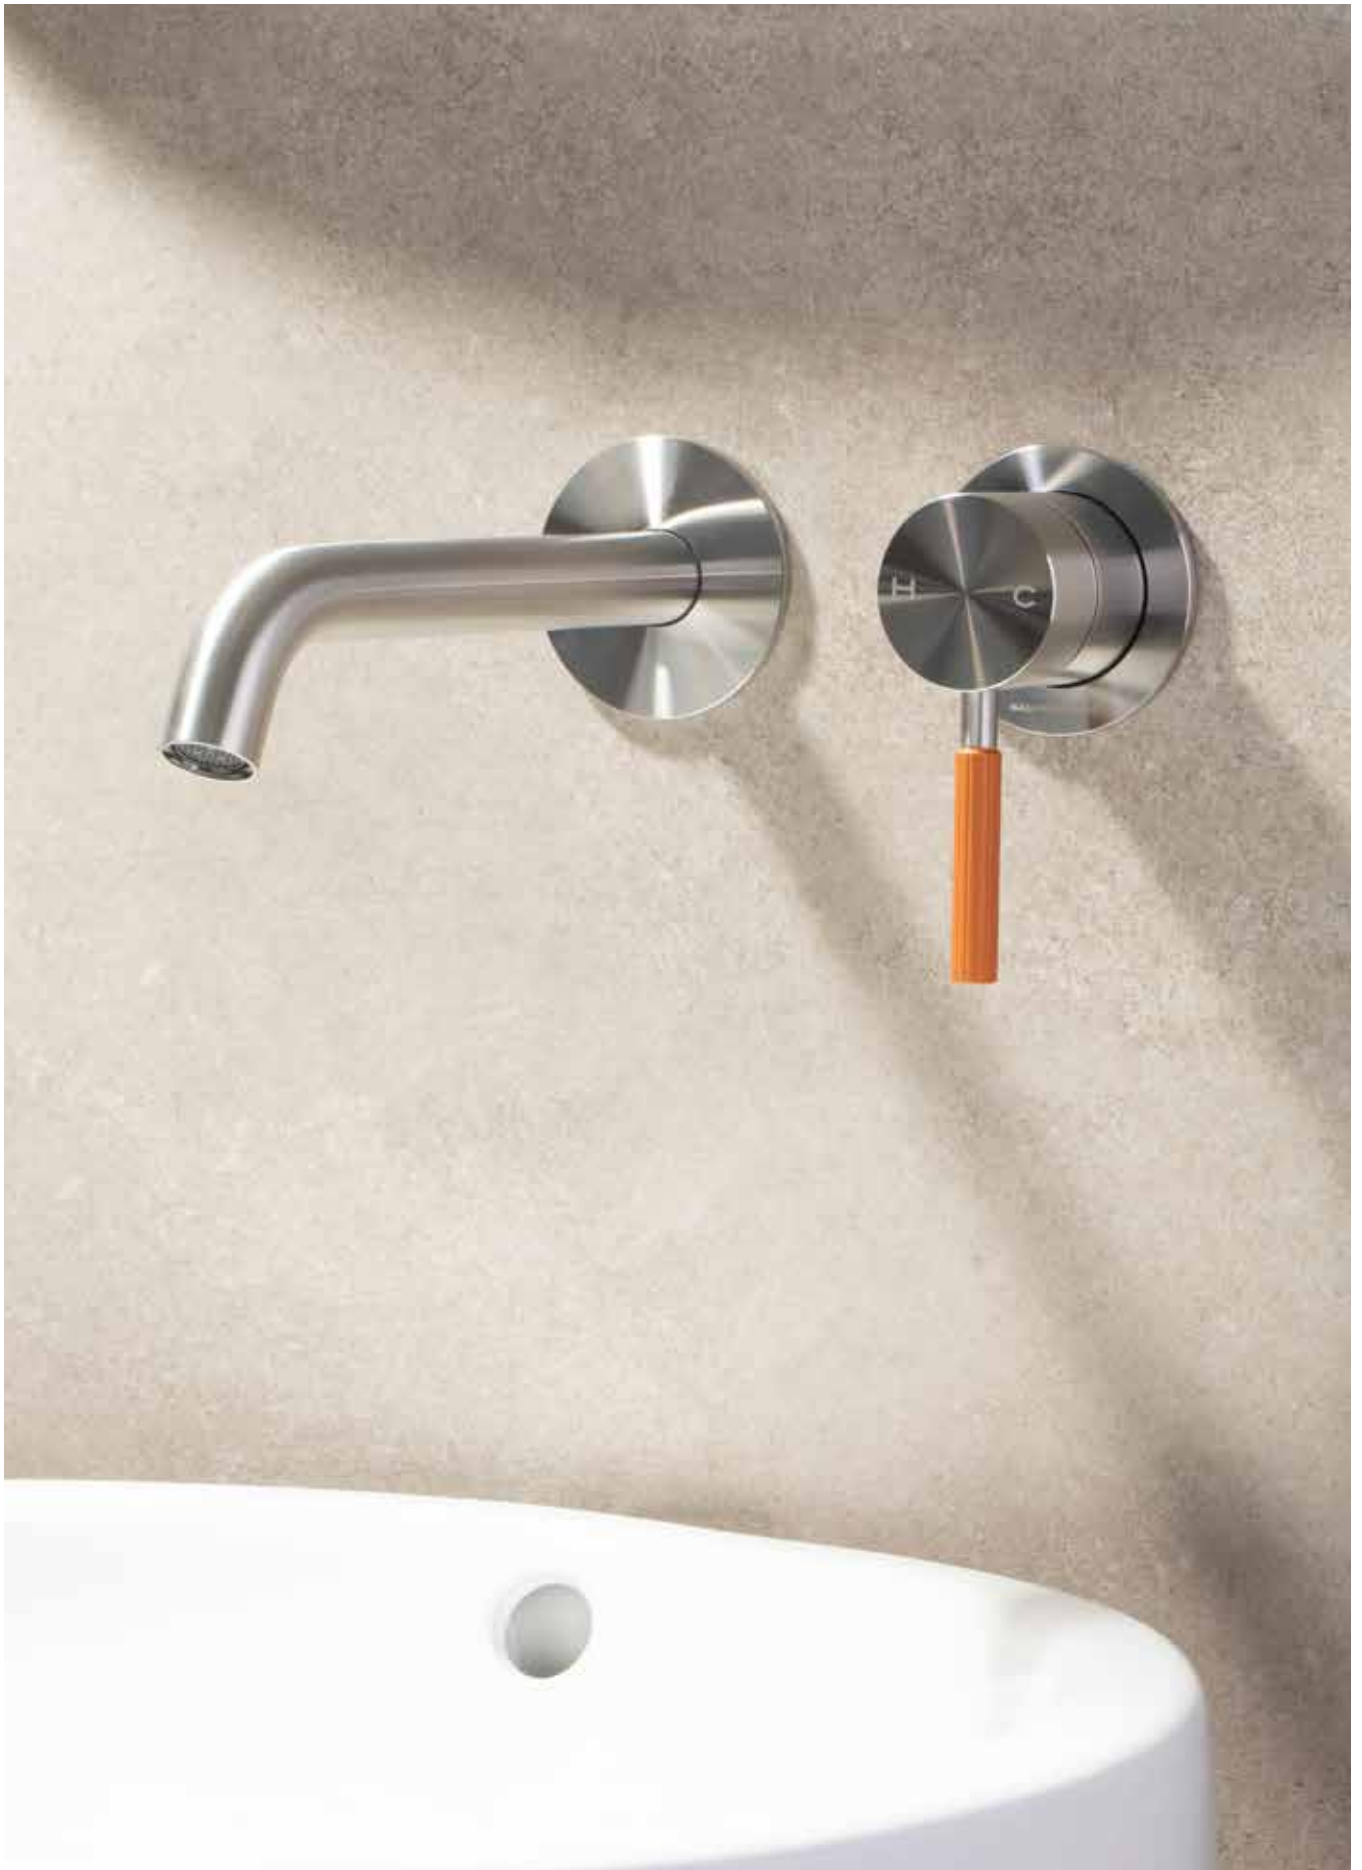

The vanity units feature the same fluted finish as the mixers, ensuring a cohesive bathroom design. They are available in four versatile sizes and in colours such as Matt Navy, Matt White, Oak Wood, and Soft Grey.

This collection is robust and eclectic for public spaces while being refined enough for home environments. It is designed for residential, hospitality, commercial projects, and beyond. With all mixers, accessories, plumbing and showering made from highly durable and recyclable 316 Stainless Steel, and backed by a 10-year guarantee, Studio 316 is a sustainable choice that provides long-term value.

NARA

East meets West with the versatile Nara collection. Drawing inspiration from Japandi interior design, Nara embodies a tranquil and functional aesthetic for bathroom spaces.

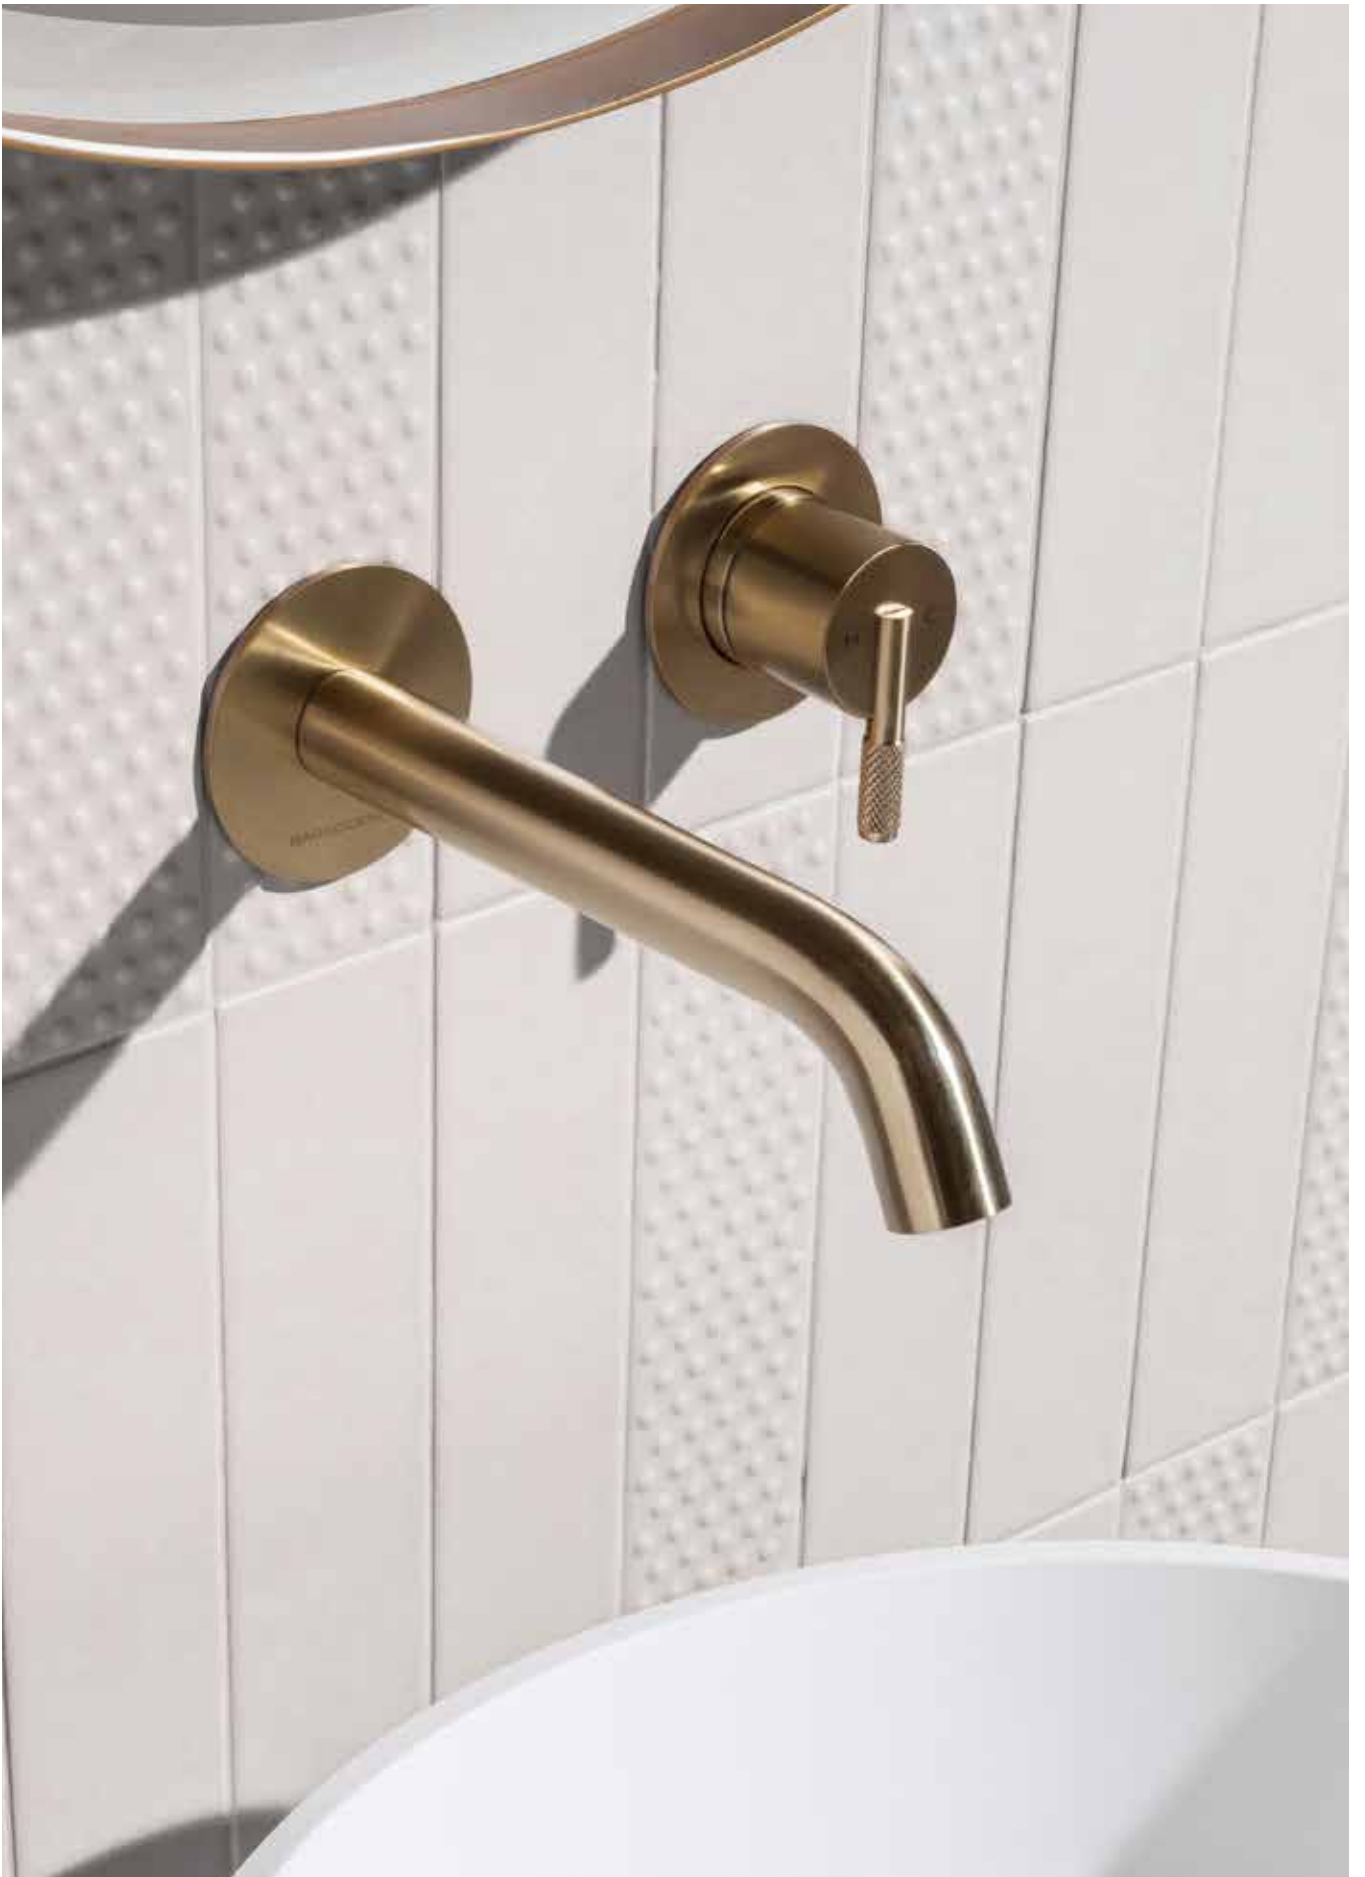

Influenced by the ancient city of Nara, Japan – where Edo architecture, enchanting temples and immaculate gardens merge tradition, nature and spirituality – the range epitomises bathroom design at its most elegant and serene. Japanese simplicity and appreciation for nature pairs with Scandinavian practicality, beauty and comfort for a relaxing and beautiful scheme.

Integrated with clever storage space, Nara offers a complete solution; from brassware and accessories to basins, BAGNOQUARTZ bathtubs, furniture, mirrors, tiles, and lighting.

Clean lines provide the balance for a practical interior, while earthy tones and natural textures such as wood, bamboo, and stone infuse a richness that could be extracted from nature itself, fulfilling the desire for organic elements to channel a spa-like setting. Iconic Japanese wood slat detailing appears on freestanding basins and furniture, and ultra-modern wall and pendant lights make a Scandi-style statement.

Achieve a bright and light Scandinavian aesthetic with opulent PVD Oyster, chic Chrome or muted Brushed Nickel brassware to complement white sanitaryware and oak wood furniture. Or opt for Matt Black accents and walnut wood for a sultry, Japanese-inspired vibe.

For Furniture & Basins see page 176.

TEATRO

Exceptional versatility and elegant lines and curves merge to offer a highly practical and aesthetically pleasing solution with the comprehensive Teatro collection.

Teatro encompasses a full range of products: brassware, showering, sanitaryware and elegant mirrors. Softly curved edges are the prominent design feature that makes Teatro the contemporary alternative to a classic style.

Select from a range of modern finishes such as warm Soft Bronze for a touch of luxury, Chrome for a minimalist look, subdued Brushed Nickel for timeless appeal, or bold Matt Black for a statement-making impact.

Teatro is the go-to collection for versatility and simplicity.

MEZZANINE

Experience the ultimate in modern and stylish bathroom design with the Mezzanine collection. Boasting an ultra-contemporary design style that puts emphasis on deliberately crisp, clean lines.

New vanity units feature a unique fluted surface that adds an Art Deco-inspired touch of glamour to the bathroom. Warm brassware finishes like Soft Bronze, PVD Soft Burgundy and PVD Oyster add a touch of sophistication while Chrome, Brushed Nickel, and Matt Black add a cool and contemporary vibe. With the added opportunity to choose sanitaryware in Matt Black, Matt White and White, you can personalise the bathroom to suit your style.

For a luxurious pampered feeling, consider adding a statement heated towel rail to warm towels and bathrobes after a bath, shower or pool swim.

Mezzanine offers a complete solution including taps, showering, accessories, furniture, sanitaryware, illuminated mirrors, a heated towel rail, and beautiful bathtub options. Elegant, utilitarian features give the collection the perfect balance of form and function to create a bathroom that is both beautiful and practical.

VITESSE

Soft, clean lines pull the full collection together for a balanced look in any bathroom.

Vitesse is elegant in form and optimal in function. Distinctive brassware design is evident in the elegantly elongated trapezium shapes of the handles and spouts while modern finishes like Chrome, Brushed Nickel, and striking Matt Black accentuate the simplicity of these features. The latest addition to the brassware collection is the new Soft Bronze and PVD Soft Burgundy finishes, unlocking the ability to bring in warm tones to expand the choice of tile options.

With White, Matt White and Matt Black sanitaryware and bathtub options, Vitesse plays perfectly to the ongoing monochrome trend when mixed and matched with the brassware.

The collection offers a range of crafted bathroom fixtures, including wall-mounted and back-to-wall WC and bidet sets featuring a whisper-quiet flush feature. This innovation is ingeniously designed to guide water along a flawlessly optimised spiral path for efficient, noise-free flushing.

A wide selection of bathtub options in various sizes complement the range, including the new Matt Black inset bathtub, along with chic freestanding models, catering to a range of layouts and designed to enhance every aspect of the bathroom.

For Sanitaryware see page 186.

THERMOSTATIC SHOWER MIXERS

An enjoyable, reliable and safe showering experience

BAGNODESIGN's thermostatic mixer valves regulate water temperatures to provide you and your family a safe and enjoyable showering experience. With predetermined settings, these mixers combine hot and cold water to maintain a consistent temperature and avoid scalding.

TYPES OF THERMOSTATIC SHOWER VALVE

Concealed valve

For a more sleek and discreet style, you can choose a concealed shower valve. All the workings sit behind a plate that is fitted flush to the wall, leaving just the control mechanisms exposed.

Bar valve

For use with a single outlet, the valve sits external to the wall. It is easy to fit and manufactured in ABS plastic and brass for durability. You can choose your own exposed column to go with it.

Exposed valve

If you're looking for something a little more stylised, the exposed thermostatic shower valve is great for single outlet showers. This is known as an exposed shower valve, as the workings sit external to the wall.

KEY FUNCTIONS OF THERMOSTATIC SHOWER MIXER

Default Flow Rate

Thermostatic shower systems allow you to adjust the flow rate to your liking. The flow rate is set by default and therefore eliminates the need to make any additional adjustments. This flexibility ensures a customized and enjoyable shower experience for every member of your household.

Temperature Control

The most prominent feature of a thermostatic shower system is its ability to maintain a constant water temperature. The thermostat regulates the temperature, ensuring it remains at the level you desire throughout your shower, regardless of external factors.

Anti-Scalding Protection

Safety is a primary concern in the bathroom, and thermostatic shower systems prioritize it. If for any reason your cold-water supply stops, the thermostatic mixer automatically shuts down, thus ensuring a reliable, convenient, and safe showering experience.

KEY FEATURES THAT MAKE THERMOSTATIC SHOWER MIXERS STAND OUT

1. Built-in Diverter

Many thermostatic shower systems come with a built-in diverter that allows you to switch between different shower functions, such as a handheld shower, rain shower, or body jets. This feature adds versatility and convenience to your shower experience.

2. Push-Button Activated

Operating our thermostatic mixers is simple and intuitive - On and Off! With a push of a button or twist of a knob, you can instantly adjust your water temperature to suit your comfort.

3. Luxury Finishes

These shower systems come in various finishes and designs, ranging from sleek and modern to classic and elegant. You can choose the finish that complements your bathroom's aesthetic and enhances its overall look.

4. Durability

Thermostatic shower systems are built to last. They are made with high-quality materials that resist corrosion and wear, ensuring they maintain their functionality and appearance over time.

5. Eco-Friendly

Many thermostatic shower systems are designed with water-saving features, like low-flow showerheads and the ability to set water temperature limits. This not only reduces water wastage but also helps save on your energy bills.

6. Easy Installation and Maintenance

Our thermostatic mixers are all supplied with the new 'Easy Install' installation box which offers:

- Solid wall or dry wall installations.
- Sealed installation box.
- Easy cleaning and maintenance without having to remove valve, which is pre-installed into box.
- Colour coded water entry points.
- Min-Max installation depth markings.

FURNITURE & SANITARYWARE

Stylish furniture and sanitaryware combines traditional craftsmanship and directional design with the latest in technological innovation to create a coordinating solution.

Designed in line with the latest global trends, our collections are created to complement a wide range of aesthetics, from the understated sleek Japandi styles as seen in the new Nara collection to Maldivian-inspired organic-luxe like the new Beach House range.

To suit any scheme from the master bathroom to the powder room, basins come in custom-made stone-effect styles to decorative, metallic and ceramic choices; WCs and bidets are available in traditional to wall mounted; and a stunning range of design-led furniture options in multiple sizes, finishes and materials. Furniture textures like richly-veined marble, terrazzo and natural wood feature to give a visual interest beyond function.

BASINS

Installed in many of the world's most prestigious hotels, restaurants, bars and residential developments, BAGNODESIGN basins are specified for their aesthetic, distinctive and highly durable qualities.

Feature washbasins are crafted from unique materials such as BAGNOQUARTZ, Murano glass, resin, solid marble and stainless steel. In addition, stylish ceramic basins, which range from countertop vessels to semi-recessed, wall-mounted undercounter versions in a choice of shapes and sizes.

A custom, one-of-a-kind addition is the modular Alpine basin and countertop collection, crafted on-site in our Slab Fabrication facility from a choice of 20 porcelain slab tiles and industrial-grade Wedi board, ensuring a durable design for even high-traffic washrooms.

Balance the look with countertops destined to host a double basin, as a shelving option, or as a stunning dressing room table.

THE POWER BEHIND THE WALL

BAGNODESIGN provides supportive plumbing and sanitaryware solutions to enhance our expertly crafted bathroom collection.

FLUSHING SOLUTIONS

Our portfolio of WC flushing solutions is built to the highest quality standards and offers unbeatable functionality. Concealed flushing cisterns create seamless, contemporary, easy-to-clean designs that reduce noise and water consumption with a built-in dual flush mechanism. Presenting an unmatched variety of designs, shapes and finishes to integrate into any bathroom scheme, our flush plates meet the highest aesthetic and functional expectations.

For close-coupled WCs, the flush mechanism is either included or required depending on the model. Simply add a bottom inlet, side inlet and conversion kit. Our flush valves are a hygienic solution thanks to a built-in touchless sensor. Sleek finishes blend with tiles and sanitaryware, while stainless steel is ideal for high-traffic environments.

We offer up to 10 years warranty on our flushing solutions.

FLUSHING SOLUTIONS

- **More Space:** Since concealed cisterns are built into the wall, they free up a considerable amount of bathroom space that would otherwise have been taken up by the cistern.
- **State-of-the-art technology and durability:** The range of concealed cisterns boasts high-tech working parts to ensure trouble-free operation.
- **Design freedom:** Homeowners and designers can pair their choice of actuator or flush plate and wall-hung or floor-standing toilet pan to perfectly complement their bathroom's particular style and design.
- **Easy to clean and hygienic:** Concealed cisterns and wall-hung WC pans provide the ideal easy-to-clean and optimum hygiene solution – no obstacles to clean around or cisterns to clean under.
- **Good for the environment:** All cisterns contain a dual-flush mechanism, helping to reduce running costs by saving water – using as little as two litres of water for a half flush.
- **Noise reduction:** Since the cistern is built into the wall, any noise created by the process of flushing is significantly reduced, making this an ideal solution for en-suite bathrooms. This is also a key in any hospitality requirement.
- **Strength:** All cistern frames are designed and built to support up to 400 kg in weight.
- **Warranty:** All cisterns come with an impressive 10 year warranty.

SPACE SAVER BOTTLE TRAP WITH FILTER

The new space-saving bottle trap enables easy installation in tight spaces, especially where the furniture base is near the siphon. Its front-facing siphon cup, removable via two side clips, allows quick inspection and thorough cleaning. Direct access to the wall drainpipe also simplifies maintenance.

The siphon's body is equipped with two practical closing clips, allowing an intuitive and quick inspection, accessible to any user.

The main feature of this item consists in the possibility of extracting the siphon cup from the frontal side by simply opening the 2 clips.
