# Roots of Tomorrow

*"Where dreams begin to grow"*

*Every school year begins with a seed —  
a small spark of curiosity, a quiet hope,  
a dream waiting to take root.  
These moments—simple, tender, and true—  
gather like growing roots beneath the soil,  
connecting us in ways we often do not see,  
strengthening who we are and who we're becoming.*

*As we look back on this year,  
may we remember how each lesson, each laugh,  
each shared moment helped us grow  
toward the light of tomorrow.*

This is where our story begins.***

# MESSAGE FROM THE SCHOOL PRINCIPAL

REV. LEONIDES T. SON, PH.D.

## **Congratulations LHCS Batch 2022!**

As the pandemic ends, we start a new beginning especially for our graduates today. The pandemic has taught man many lessons since the entire world encountered many first times in our daily routine like needing to purchase meat and veggies online, working from home, witnessing massive deaths all over the world, vegetable gardening in condo units and many others. True enough, there are still many things in this world that we do not know, and many things that can catch us off guard.

As we rise above the pandemic crisis, we also see that in every crisis, comes opportunity. There are many opportunities that brought forth this pandemic - the market boom of online selling, the family bonding moments, the opportunity to fix and improve homes, studying online courses and many others.

The world is evolving and yet one thing remains the same—the timeless truth that I always share to the graduates and hope these become life principles that will guide their future as they did with me.

- *“When wealth is lost, nothing is lost; when health is lost, something is lost; but when character is lost, every thing is lost!” - Billy Graham*
- *“Trust in the Lord with all your heart, and do not lean on your own understanding. In all your ways acknowledge Him, and He will make straight your paths.” - Proverbs 3: 5-6*

Everything in this world will change, but the truth from the Word of God will never change.

Graduates, cling on to the Word of God always and forever for it will bring you great success in all things you do.

**Congratulations!**

# MESSAGE FROM THE ENGLISH ACADEMIC HEAD

MRS. EDEN ROSE V. BELARDO

**Dear Completers and Graduates,**

I am thrilled to extend my heartfelt congratulations to the exceptional Class of 2022! You, completers and graduates, have shown extraordinary dedication, resilience, and a profound thirst for knowledge. Hence, I celebrate you, your achievements and this wonderful milestone.

You have navigated through a challenging and transformative educational journey, showing strong determination in the face of adversity. And such journey has also forged lasting friendships, nurtured critical thinking, and instilled in you a lifelong love of learning. As you stand at the threshold of a new chapter, I want you to take a quick pause and reflect on the remarkable potential that each of you possesses. Be courageous, and embrace your next steps forward with steadfast grit and enthusiasm.

You are the architects of your own futures, and your unique talents and passion will undoubtedly leave an ineffaceable mark in the world. The challenges you have faced and overcome during your time at LHCS have prepared you for the opportunities that lie ahead. Just do remember, your accomplishment is paralleled with an obligation to give back to the greater good, and more importantly, to glorify the name of Jesus Christ.

I encourage you to approach this new phase with confidence, eagerness, and commitment to excellence. Embrace diversity, foster inclusivity, and always seek to listen from the experiences and perspectives of those around you. The world awaits your creativity, your leadership, and your impactful contribution.

Never forget the support of your families, friends, teachers, and mentors who have stood by you throughout this journey. They have been instrumental in your success, and they will continue to be your pillars of strength. Nevertheless, allow God to occupy the first place in your hearts, for He has the grandest of plans awaiting to be fulfilled in your lives.

As you step into the next adventure, know that you carry with you the hopes and dreams of those who believe in you. Make no room for mediocrity. Leave behind procrastination, doubts, fears, and other people's invalidation. Because we, your school administrators, firmly believe that you are destined for greatness, and will certainly rise above every trial. Further, we have every confidence that you will make a positive influence in and out of our community. You are now part of the alumni as well as a larger network who is ready to mentor, guide, and collaborate with you. Make your mark! And make it last.

**Congratulations once again, Class of 2022. I am immensely proud of you!**

# MESSAGE FROM THE ADVISER

MRS. CATHLEEN ANNE LABAO

**To my Dear Kinder Class,**

It has been an honor to be your adviser this school year. This pandemic has brought us a new school set up, but you have all shown your talents and abilities and I have been very proud of everything that you have achieved. You are all special in my heart. Each of you may have special needs and it was a challenge for me meeting them, but I am very lucky to witness your growth from the start of our online class up to the time that you were proudly receiving your diplomas and certificates.

I can't believe the time's gone so quickly. Time flies when we are having fun, and I will always cherish the happy memories we shared in our online class. My only prayer is that you continue to chase your dreams and always include God in every decision that you make. Never forget to pray and have the faith in your hearts because these are your weapons to win the battles of life. We may have our separate ways in the coming years, but rest assured that you will all be in my heart forever. As you continue through life, never forget to keep learning, to keep having fun, and to have a humble and thoughtful heart always. May this verse be your constant reminder: *Ephesians 4:2-3 "Be patient. Be gentle. Be humble. Be loving"*.

**Congratulations to all of you. God bless you all!**

# VALEDICTORY ADDRESS

## RAINE SAMMUELLE V. BELARDO

To the Board of Trustees here with us today, our handsome and very competent principal, Rev. Dr. Leonides Son, our equally able and remarkable guest speaker, Mrs. Hyacinth O. Li, English and Chinese academic heads, Mrs. Eden Rose Belardo and Siansi Rosemarie Cua, ever hardworking faculty and staff, parents, guests, fellow pupils, ladies and gentlemen, good afternoon!

It's too cliché to say that we learned from school our ABC's and 1, 2, 3. But today I'd like to stick up in 3, and deliver my speech in front of thee. Are you ready?

**THREE** – Three years old I was when I first stepped-in to Legazpi Hope Christian School. I was a Nursery pupil then – no friends, no playmates and no idea of what school would be. Today, here I am, three years after, embracing by far the biggest achievement of my young, carefree life!

All of us gained friends, grew in knowledge, and widened our horizon. We were like tiny buds planted by the school, and here we are blossoming a little bit bigger with robust and deep-seated foundation.

We owe it to the school for this has become our second home, a training ground, and a skill development center. It is through this school that knowledge deposits were instilled, Christian values were upheld and holistic growth is formed. Thank you Legazpi Hope Christian School, thank you to our BOTs, principal and administrators.

**THREE** – Three English teachers and one in Chinese. No better way to describe them but the most patient, most loving and kindest teachers I've known in the whole world. Teacher Cath, Teacher Grace, Teacher Magie and Lin Lao Shi, a huge thank you for imparting to us not just lessons in school, but also the values in life that can be brought forth as we grow up. Thank you for your wisdom and guidance in nurturing us, pruning us, and ushering us to be the best every single day. May you continue to influence many more kids like us in the future.

**THREE** – Three inspirations I hold closest to my heart—my Mama, Dada and Nono. They are my family –my joy and inner strength, my solid support and encouragement. I thank God for them. And equally, I thank them for their unfailing love and care for me.

To every Mama and Papa, achi and ahia, sioti and siobe, lolo and lola, we thank you for you are our family. We thank you for being proud of us in our achievements, and for cheering us up in our defeat. We thank you for your tireless works and sacrifices. Thank you, that regardless of our actions, your love and support is unchanging, and we need not earn them. We may be young and still naïve, but your presence, time, and assurance are enough for us to know that such is the love of a family. And we are more than grateful!

**THREE** – Three affirmations I'll leave my classmates. "*Congratulations!*", "*You're amazing!*", and "*Keep on!*" I wish to congratulate each of us for arriving at this point and for never giving up. We were survivors of a global pandemic and we rose above it with flying colors. You were all amazing too! The sudden shift of our school set up didn't hinder us from learning. And we finished a 2-year straight of online classes physically apart but emotionally intact. Thank you for the happy memories, laughter shared and the funny jokes we say over Zoom meetings during recess. Lastly I'd like us to keep on. They say it is still a long way to go, so let's journey together as one class until we reach new altitude and milestone.

**THREE** – Three persons in One God. The One who made us, crafted us in our mother's womb, and breathed us life. He is our God and Living Savior. To Him we offer our thanks and praise for all these. To Him all honor and glory belong. Thank You, Jesus, and be glorified in me, among my classmates and fellow graduates, the school and our community!

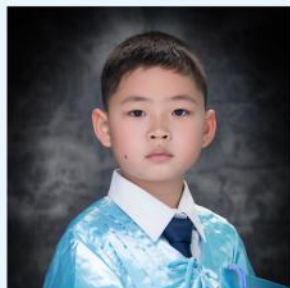

**Shalom and God bless us!**

# MESSAGE FROM THE ADVISER

MS. IVY D. LEOSALA

**Hello to our amazing Class of 2022.**

It's totally jaw dropping to look back seven years ago, I was once your First Grade Adviser who wholeheartedly welcomed you to Elementary years. Years after that, here I am again as your Sixth Grade Homeroom Teacher who's delighted in sending you off to your next chapter of learning journey - called High School. For me, it's incredibly cool! I feel like a real parent who is elated that his/her child is now a graduate.

I feel so privileged to be one of your Homeroom and Subject Teachers over the years of exploring, learning, and growing.

Everyone is aware that each of you worked hard, studied, struggled, sacrificed, and dreamed to get here. And you made it! I am so glad and proud of you.

There are some life truths that I wish to share with you whilst you navigate life, love, friendship, and hope. I learned these from my mentors, colleagues and friends.

First, life is like a boomerang. If you're good, good things will always come back to you. So, think positively, speak positively and write positively. Be optimistic!

Love your lessons and take risks. Place yourself out of your comfort zone and discover the benefits it can bring. Be confident!

Lastly, carry this life verse with you, *"And whatever you do, whether in word or in deed, do it all in the name of the Lord Jesus, giving thanks to God the Father through him."* Colossians 3:17.

I pray for everyone's success with fond memories and breakthroughs in your life.

**Congratulations and dream big!**

# VALEDICTORY ADDRESS

## CHELSEA BELEN D. FRANCISCO

Good Morning everyone. Thank you for having me as your class valedictorian for Grade 6 level of Legazpi Hope Christian School. Parents, Friends, Teachers, our distinguished guest Mr. Elder Gideon G. Bendicion, Chairman of the Board of Trustees, Principal Rev. Leonides T. Son, welcome to our much awaited commencement exercise. Look to your left and look to your right and say Hi!!!

Today features another milestone in the lives of graduating pupils like us. It is a day to celebrate and it is a day to mourn. A celebration because after 6 long years of acquiring our basic education, we are now ready to move forward one step higher in the ladder of our quest to greater level of educational heights. Today is a mournful day because we are leaving/ the portals of our dear Alma Mater which cradled us when we were still little young boys and girls wanting to be involved in the daily school activities.

As I stand before you today, I am faced with the challenges of the fast changing time. Our theme, *'Gradweyt ng K to 12: Masigasig sa mga Pangarap at Matatag sa mga Pagsubok,'* reflects the spirit of this generation—driven by dreams and resilient in the face of challenges. Yes, it is true that the present generation will soon take the lead in shaping the future. We will soon be a part of a society where competition will be more rigid than now. There will be more struggles in the job opportunities, the acquisition of the basic necessities of life, and most of all, the response to the changing needs of the global market. Thanks to the government! Through the K to 12 curriculum, we will be kept abreast of the needed skills and knowledge to open wider opportunities for employment here and abroad. We will be prepared to combat the battles that may come our way. We will be transformed into more responsible, more competent, and more skilled individuals ready to conquer the world in its narrowest sense.

My fellow graduates, we cannot deny that not everyone of us will continue the course of our studies and earn a college degree. But we can still be leaders in our simplest ways. Applying the self-discipline and basic competencies offered by the K to 12 program will lead us to a brighter future and be a part of developing a society where everybody enjoys the gift of living.

But before we finally leave Legaspi Hope Christian School, we would like to thank the persons who have turned us to what we are now. I know I could not be this best if not because of my Dad and Mom who were always there to guide and support me. Daddy & Mommy, thank you for loving me unconditionally and giving me the life that every child would dream of. To our dear adviser, Teacher Ivy, for the insurmountable dedication and patience in teaching us. Teacher Ivy, I learned a lot of things from you which I will value as I continue getting through my dreams.

To our teachers, Ma'am and Sirs we are forever grateful for the sacrifices and selfless services you have given us. The knowledge and skills you have taught us will be our armor and shield in facing the world with heads up high. Thank you very much for the opportunities you have given us to develop our full potentials and abilities.

To our friends and schoolmates, we are about to part ways to find the right track that lies ahead. We will forever cherish the memories, both laughter and pain, we shared together. But I know deep within my heart that even when we may be miles away, we will always be there in one accord chasing the impossible dreams that are planned for us.

To our dear Legazpi Hope Christian School, thank you very much for caring for us all this years. Now that we are leaving you, we cannot help but to carry with us the victories we have with you. The Class of 2022 will leave you a legacy which will forever be etched in your history as an institution of basic education. To all of you who in one way or another helped us become what we are now, our heartfelt gratitude.

Above all, the Almighty Father for the gift of life, the wisdom and the expertise you have bestowed upon us. We pray earnestly that you continue to guide us as we follow the direction towards the attainment of our dreams.

To this end, I urged my fellow graduates to be one with me in giving back the honor and glory due to everyone who had molded us to what we have become. We can be leaders in our own little way. *Kaya ba natin ito?* (yes we can!) *Kayang-kaya basta sama-sama.* Along the way, we may meet a lot of trials, but our burning desire to reach our goals will keep us from straying or giving up. Along the way were many uncertainties, but certain beacons of light will show us the right path to take.

Let us thank God therefore for His unceasing grace and guidance; our teachers, for their immeasurable dedication; our parents for their unconditional support all throughout these years; and our friends who walked along with us, side by side. Because of them, we were able to reach this endeavor. Because of them, we can truly say, *"We made it!"*

**Congratulations fellow graduates.**

**Thank you and Mabuhay.**

*Reaching Higher*

The Grade 10 Completers

# MESSAGE FROM THE ADVISER

MR. RAYAHN M. BLAZO

Congratulations on reaching this incredible milestone! As your adviser, I have had the privilege of watching you grow—not just in knowledge, but in character, resilience, and faith. This chapter of your life may be closing, but a new one is just beginning, filled with opportunity and purpose.

As you step into the future, remember the words of Jeremiah 29:11 (NIV):

*“For I know the plans I have for you,” declares the Lord, “plans to prosper you and not to harm you, plans to give you hope and a future.”*

Let this promise remind you that no matter where life takes you, God is always ahead of you, preparing the way. Stay rooted in your values, walk humbly, work diligently, and keep your faith strong.

Your journey won't always be easy, but with God as your guide, you will never walk alone.

**God is Good All the Time!**

# VALEDICTORY ADDRESS

## BENEDICT NIÑO B. MAGLIPON

To our supportive principal, Reverend Doctor Leonides T. Son, BOT Chairman Elder Gideon G. Bendicion, dedicated teachers, staff, proud parents, fellow graduates, friends and guests. Ladies and gentlemen, a blessed morning to all of you.

Congratulations! We are finally graduating after four years, which felt like an eternity. All that hard work has finally paid off. We couldn't have done it without all the people who have been with us throughout. So, on behalf of the graduating class, I would like to extend our heartfelt appreciation to our principal and school administrators for running the school and providing us with the necessary tools. To our

advisor, Sir Rayahn Blazo, thank you for constantly guiding and supporting us. To our tireless teachers, Teacher Salve, Teacher Lea, Teacher Jinky, and all the members of the faculty, thank you for passionately sharing your time and knowledge with us. For all you know, you haven't just taught us the subject matter but also inspired us to be the person who we are now and who we strive to be. For that, we will always be grateful to you. To all our Chinese teachers for patiently teaching us, *Xiexie nínmen nàixīn dì jiàodào hé língdào wōmen*. To Kuya Many and Kuya Jojo, who from the start were always there to help us, thank you. To our guidance counselor, thank you for listening and trying to keep us on the right track. To our parents and family, thank you for always being there.

I know we can be stubborn and lazy most of the time, but you never gave up in helping us and teaching us to stand on our own feet. It must have been difficult for you to drag us out of bed every morning. From the bottom of our heart, we thank you and we love you. Finally, we would like to thank the Lord for all the graces He has showered us these past four years. May all praises and glory be in His name.

Let's go back and reflect on what has happened in the past four years. The first two years were exciting as we started our high school life. We were happy, busy with home works and extracurricular activities. During my freshman year, I went to China on summer to study Chinese. On my sophomore year, I joined the basketball varsity. Even though I wasn't good or highly-excelling in the sport, I still joined to experience it.

In our third year, an unprecedented thing happened, COVID. Everything that we know of from the past two years of our high school has gone disarray. A lot of things were spiraling so fast that I couldn't even comprehend what was going on that time. Everything seemed so uncertain except for one thing - that life must go on. Thanks to technology, we were able to continue our studies even without leaving our houses. Actually, it doesn't matter wherever you are. It was not easy at the start.

We just see our teachers and friends on that small monitor of our laptops. Our interactions with each other were limited and that personal connection that comes with face-to-face interaction was gone. We were so confined at home that sometimes we forgot the boundary between our home and school. There were so many distractions around that sometimes my teachers and classmates can hear my Sioti singing 'Baby Shark' in the background. Our physical activities were also limited, we can't play basketball as we used to. But also, it wasn't all bad after all. With online learning, it takes only about five minutes from getting up from bed to attending classes. We can also eat during classes while listening to our teacher. We became more proficient in using computers and technology. One valuable lesson this experience has taught us is that we need to be agile and resilient to changes. When bad things happen, we can't just stop and wait for it to pass by. We have to brace ourselves and move with it like a surfer riding through a wave. Be creative to learn new things and be brave to unlearn those which we are used to. The pandemic made us realize that life is ever changing. Everything or everyone that we know now may not be the same tomorrow. So, cherish and be grateful for today. Do what you can and something that makes you happy. Live a purpose driven life. If I may resound a passage that I found on the internet it says *"It is knowing that there's an end that makes everything so precious. It makes us realize what truly matters in life and that is to dream fearlessly, work passionately, live meaningfully and love selflessly."*

Today, we are embarking on yet another change. We are closing one chapter of our life, leaving it behind as cherished memories and opening up a new exciting chapter. This is our opportunity to keep learning every day. There would be a multitude of challenges, disappointments, and rejections ahead. But we must not be disheartened by these obstacles albeit we have to acknowledge, adapt, and strive as we have survived high school and COVID. We got this! As we journey on, let's not forget the values that LHCS has instilled in us, that is to acknowledge God's love, obey God's law, develop the self, and contribute to society. These are beautifully reflected in our core values—L for love, H for hope, C for commitment, and S for servant. I am hoping that in the future, our paths will cross again and we will hear good things from each other.

As for this morning, let's pause for a while and celebrate this amazing milestone. Afterall, we all deserve it. Again, to my fellow graduates, congratulations! Thank you.

**Birthday:** June 23, 2006

Serious, no-fun, shy and boring might be your first impression of **Stacey** but that's not who she really is if you really get to know her. Intelligent and funny is what she is. She was not always this way, she only started "expressing herself" at the beginning of the 6th grade (with great difficulty and a quick-draining social battery). She had a penchant for sarcasm and a taste for fascinating literature. She likes the thought of being around people but when put in such a situation she would rather go home.

# MESSAGE FROM THE ADVISER

MS. EDERLYN M. BELIR

## To my beloved students,

Thank you for letting me have a sneak peak of your personalities, be a part of your journey, and witness how God molded you to the person that you are now. I am so proud of you and of how much you have grown.

When I first set foot at Legazpi Hope Christian School, you knew me to be your Accounting Teacher and I have known you as those bubbly grade 10 students who would request early dismissals from me because of how hard it was for you to understand the accounting principles.

The following year, I remember how you would enthusiastically share your ideas and experiences during Personal Development discussions. That was the year that I appreciated you more because of your unique personalities. Your Senior year gave me the opportunity to get to know you best. You completed school in the midst of a global pandemic. No doubt your life was put on pause. No doubt there was added stress. No doubt there was uncertainty. Despite these challenges, you are now stronger. You are a stronger person finding the ingenuity and resolution you did not know you had. I know that you are ready for the challenges yet to come.

As a teacher, it is very rewarding to see you succeed in academics. Moreover, witness you succeed in your future endeavors. Your decision now is a huge step toward your future, and I can't wait to see what becomes of it. I hope you'll all come back and visit our school, and share your hard-won wisdom with the students yet to start here.

We, the school, certainly know you can do it and we will pray for all the best in your lives.

**Congratulations, our dear students! 'Til we meet again.**

## JOHN GABRIEL C. AZURAN

To our dear Board of Trustees, our School Director, our Principal, our English Academic Head, our Chinese Academic Head, Members of the Faculty, Parents, guests and my fellow graduates, good morning to you all.

We are now at the culminating activity for all our years of studies and hard work. It is just but fitting that we give back all the glory to God, the source of it all, and express our gratitude to everyone He has used as instruments to get us here today. This will be a day of gratitude, so allow me to thank them one by one.

First, we have much to be thankful for. Here at Legazpi Hope Christian School we have received a great education thanks to our fine administration and teachers. We are prepared to move on and to take on whatever challenges that may come next in our lives. Fellow graduates, I want you to know what a great gift it is to be as prepared as we are, because not all schools offer such an advantage. Here we have had a high degree of academic excellence and whether you intend to continue your education or not, you will benefit from what you learned here. We can also be thankful for our families. These past six years have presented us with a lot of ups and downs and it is good to know that we had our families in our corner, supporting us along the way. Thanks Mommy and Daddy. I would not be here today without you. Finally, we can be thankful for each other. The friendships that we have made here will last a lifetime. In the same way we have supported each other and helped each other succeed in these years at Legazpi hope, I hope we will continue to provide support and encouragement to each other in future endeavors.

Let us continue to run the race equipped with the Christian values we have learned from our beloved Alma Mater. Believe with all our hearts that we will succeed because we were taught in the best school and God's got our backs.

We have succeeded up to this stage. On to the next! God speed everyone. Again, thank you and congratulations to all of us.

今天我站在你们面前心里有挣扎。我为完成了高中的学业感到高兴，同时为我将要离开这所学校而感到悲伤。

时间过得真快，我在黎牙实备嘉南学校的10年学习即将结束。我已经意识到生活中没有什么永恒，你需要继续往前走到下一个阶段，许多事情你必须放手而离开。但我感谢上帝给我机会到嘉南学校来学习、在这里不仅学英文，也学了中文，并且学到了良好的价值观，这些知识我会永远铭记在心。

首先我要感谢爸爸、妈妈的疼爱、照顾和栽培。我所有的一切都是你们给予的，爸爸、妈妈，我爱你们！接下来要感谢老师们，感谢你们传授给我们的知识，也要感谢你们的爱与支持。感谢您为我们培养了坚实的基础，让我们能够站稳脚跟，勇敢地面对生活的挑战。最后也要感谢我的同学们，感谢你们一路走来的陪伴，感谢跟你们一起学习的快乐和幸福的时光。同学们，我确信我们前面的路一定是光明的，我们一定会胜利的。加油！我相信，在我们生命的尽头，我们可以回头为这所学校所灌输给我们的东西而感谢主。愿上帝保佑我们！
