AFFIRMATIONS FOR GENOCIDAL TIMES

CLICK [HERE](#) OR THE IMAGE TO VIEW THE SLIDE

The graphic features a black background with the title "Affirmations Amidst Genocidal Times" in white, bold, sans-serif font. On the left is the flag of Palestine and on the right is the flag of Lebanon. Below the title are nine rounded rectangular boxes arranged in a 3x3 grid. The first column of boxes is light green, the second is white, and the third is light pink. Each box contains a line of affirmations in a smaller, italicized font.

Affirmations Amidst Genocidal Times

My constant sadness is completely warranted – I've been watching kids get shredded on my screen for one year straight.

I deserve not to be gaslit by politicians, media and cheap intellectuals who are acting like nothing is happening.

I am not crazy, this is all the fault of the genocidal maniacs in power and those who enable them.

I'd rather feel sorrow and pain than be a racist, genocidal supremacist.

I'm not sure I'll live to see a free Palestine, but that should not stop me from working towards this goal.

I lean into my faith in Divine retribution and the eternal promise of justice to keep my sanity in check.

I rise above this pervasive moral rot and rampant evil to the best I can by protecting my heart from giving in to despair.

Feeling constant burning rage and fury is the only healthy, normal human response to have in this time of senseless mass murder.

Like Prophets and freedom fighters before me, I choose the side of justice and truth knowing it is less trodden path.

Date: Tue, 3 Sep 2024 at 20:48
Subject: Important Message from GoFundMe - Response Required [Ticket #14465921]
To: [REDACTED]

Hello [REDACTED]

Thank you for your patience and cooperation during our team's review process.

Given the complexity and ever-evolving nature of this situation, we must be certain that we are acting in compliance with all applicable laws and regulations. **After further review, we will be removing your fundraiser.**

Our Terms of Service, along with strictly enforced policies from the payments industry, **prohibit GoFundMe from allowing your fundraiser to continue raising money on our platform for its purpose.**

GoFundMe is shutting down mutual aid fundraisers for Gaza for allegedly violating their Terms of Service, whilst allowing campaigns for the IOF to continue using their platform.

Providing aid to those in need continues to be our top priority. We will be redirecting donations made to your fundraiser that have not already been processed. We will contact you within 37 business days once we have completed our review.

This is a very difficult and complicated situation, and we wish you all the best.

WHAT DOES THE ICJ RULING MEAN?

CLICK [HERE](#) OR THE IMAGE TO VIEW THE SLIDES

ICJ Ruling Summary

The ICJ has ruled that Israel's continued presence in the occupied Palestinian territory is illegal and that it must be ended "as rapidly as possible".

This advisory opinion has no binding force but carries significant legal and moral authority, and will **increase pressure on Israel, further isolate it politically, and strengthen calls for sanctions.**

The ICJ confirmed that Israel's occupation **will never give it the right of sovereignty over the West Bank (including East Jerusalem) and Gaza.**

It has confirmed that the military occupation of the West Bank and Gaza **should no longer be treated as a "temporary occupation" but as an illegal, permanent, discriminatory annexation.**

This was a crucial finding, as until today, the inherent legality of Israel's military occupation **had never been ruled on** by a major world court. The ICJ has finally settled this and determined that Israel's occupation is illegal and must immediately end.

The court considered Israel's policies regarding settlements, annexation, discriminatory legislation, and self-determination.

THE AL-MAWASI MASSACRE

Al-Mawasi Massacre

Israel massacred 90+ Palestinians & injured 300 in an attack on densely populated "safe zone" al-Mawasi. This is part of a pattern of Israel directing Palestinians they forcibly displaced into a 'safe area' then bombing it.

Israel used 5 bombs and 5 missiles to bomb the area crowded with 80,000 displaced Palestinians forced to live in makeshift tents. The impact obliterated the tents. Survivor testifies: *"all the tents were knocked down, body parts, bodies everywhere, elderly women thrown on the floor, young children in pieces"*. Half of the victims were women and children.

Israel targeted rescue workers arriving on the scene, causing casualties. Influx of injured overwhelming Nasser Hospital that lacks capacity due to lacking fuel and medical supplies from Israel's aid blockade.

Since invading Rafah, Israel designated al-Mawasi a "safe zone" yet constantly bombards it. Israel claims it targeted Hamas leader Mohammad al-Deif but now unsure of his fate. Hamas denies al-Deif was there, insists **only civilians were killed**.

many people have told me they struggle with the decision of where to donate their money at this time.

there are so many Palestinian families fighting to remain alive at this moment, and it feels wrong to scroll through pages and pages of GoFundMe accounts and choose who gets to survive.

but this is entirely the wrong way to think about it. it's a highly individualistic, capitalist perspective that positions you as the agent of change, when really mutual aid must be a collective effort

Rafah Massacre

A couple of hours ago, the Israeli military massacred at least 35 Palestinians, mostly women and children, injuring dozens more causing amputations and severe bur amputations and severe burns. Death toll likely to rise.

Israel targeted tents housing displaced people in a designated safe area of northwest Rafah, dropping seven 2,000-pound bombs that engulfed the area in flames, burning people alive. These are Palestinians already displaced, under siege, and deprived of water, food, medicine and electricity.

Horrifying footage and images have emerged of beheaded children and charred bodies burned beyond recognition. One survivor testified that “the tents are melting and the people’s bodies are also melting”.

Gaza’s health systems are on the verge of collapse with limited medical supplies and fuel due to Israel’s aid blockade. Rafah’s only operating hospital, Kuwaiti Hospital, has no ICU unit & faces fuel shortage + no fuel for ambulances to transfer the injured to field hospitals.

Israel bombed Rafah 60+ times in the last 48 hours since the ICJ ordered Israel to halt its invasion of Rafah. With no bounds to its impunity, Israel has made it clear there’s no ‘red line’ on what horrors it will inflict on Palestinians. Our ruling class has deemed the massacre of Palestinians acceptable.

Israel is burning Palestinians alive.

Israel is using WhatsApp to target Palestinians in Gaza & successfully locating & killing them at an unprecedented rate.

WhatsApp, a falsely proclaimed “private messaging” platform, is the most widely used messaging app by Palestinians. It uses AI technology through a system Meta created called “Lavender” to determine their location based on deliberate capabilities for a certain goal - a high casualty count.

Israel relies on “Lavender” as a decision making system for who to target. It can generate data for up to 37,000 Palestinians at a time. Rather than acting as a simple targeting mechanism, the system has a deliberate high civilian casualty rate. With Israeli military & intelligence sources admitting that they strike targets, even when they are knowingly in their homes with their entire families.

What do the Pins of Solidarity, represent?

These protest pins are my craft-based resistance to make it easier to spark conversations about Palestine.

These pins help recognize others who empathize with Palestinian pain & suffering under the Israeli occupation & also gives you a subtle but cute way to represent your solidarity. For e.g. At Work.

What are the QR Codes on the back of the pins?

Wearing a pin is great, but what is solidarity without real ACTION? The QR Codes encourage:

1. E-Sim donations to #KeepGazaConnected
2. United Nations Relief & Works Agency for Palestine Refugees in the Near East (UNRWA) donations
3. Palestine Children's Relief Fund (PCRF) donations

I also **highly encourage** donating to families directly via gofundme and often share links in my Donations highlight. Palestinian suffering is continuous. Direct funding helps them survive & potentially evacuate! Do not take direct funding for granted!

IKEA Israel is owned by Matthew Bronfman, one of the largest American Jewish investors in the Israeli economy. IKEA delivers its products to illegal Israeli colonies, located in the occupied West Bank, while **refusing to deliver to any Palestinian cities in the occupied territories**. The company's delivery map indicates that delivery is available both within Israel & to several Israeli colonies, such as Nokdim, Beit El, & Kokhav Ya"akov. IKEA solely delivers to Israeli colonies using **Israeli-only roads**. The map itself ignores Israel's legally recognized international boundaries (pre-June 1967) and instead portrays the entire West Bank & Gaza Strip as part of Israel.

Hellmann's is a brand of mayonnaise that is part of the parent company Unilever. Unilever, has come under scrutiny due to its connection with Ben & Jerry's and its actions concerning sales in Israel. The former chief executive of Unilever said the global consumer goods giant remains "fully committed" to doing business in Israel, when distancing himself from the announcement from Ben & Jerry's ice cream to stop serving Israeli settlements in the occupied West Bank and east Jerusalem. Hellman's is not officially listed on the BDS boycott list, but it is included on a website like Thewitness.news that lists companies that are connected to the Israeli occupation.

EDUCATION FOR AMERICANS CALLING OUR ELECTED OFFICIALS

Does outreach to elected officials work? Yes! It is especially effective during elections - primary elections are March 5, 2024.

- Every constituent has two Senators and 1 House Representative
- Get smart on your elected official - know what issues they care about and connect your messages to those. If someone is on the ballot in March 2024, it is appropriate to indicate your vote for them in March depends on how they vote on the resolution (if this is true for you). See ballotpedia.org for more info.
- Stay professional, productive, focused & courteous; do not make any inflammatory comments about the other side
- An office must receive at least 11 calls before the topic is raised to the elected official
- Senators have a DC office & local offices. You can call all offices in the same day. If you receive a full voicemail, call another number

THE IMPORTANCE OF UNRWA

AND WHY FUNDING MUST BE RESUMED NOW.

UNRWA provides temporary shelters, medical aid, food, and water to displaced Palestinians. Prior to the latest escalations, they operated schools that have since been converted to overcrowded shelters.

90% of Gaza's population is displaced, with pharmacies and hospitals shutting down without any medical supplies. UN officials say there is a severe risk of widespread famine within weeks, unless sufficient aid and funding is restored. **152 UNRWA colleagues have been killed by Israel.**

DOES SHARING ONLINE HELP?

(CLICK [HERE](#) TO VIEW THE ORIGINAL IMAGE)

Does sharing to my story actually help, even if I don't get a lot of views?

YES.

It's not about you getting story views. The primary benefit of sharing Palestine content is **increasing its ranking**.

Ranking is how the algorithm determines the number of people a piece of content is shown to. This is influenced by the amount of engagement it gets when it's first posted.

The higher the ranking, the more people it's shown to. Sharing to your story **increases ranking**.

Story views is the **secondary benefit**. If your followers see it, great! If not, you did your part by boosting its ranking. So keep sharing!

The background of the entire image is a close-up, high-angle shot of several slices of watermelon. The slices are cut into various shapes, some showing the bright red, juicy flesh and others showing the dark green, striped rind. The watermelon seeds are visible in some of the slices. The overall color palette is dominated by the vibrant red of the watermelon and the green of its rind.

Tonight We Die as a Family

At the hospital the nurse is startled
a surprise visitor: her husband's corpse
on a stretcher

he arrived in the backseat of a taxi –
a makeshift hearse.

There are not enough ambulances in Gaza
and more than enough death.

She is livid. *Men never listen*

I told you wait till after my shift

I need to tend to the wounded first

I told you tonight we die as a family

we were supposed to die

as a family

Juneteenth Celebrates
Revolutionary Love

Juneteenth is a day that marks the end of slavery in the United States. It is a day of celebration and reflection. The holiday is celebrated in many ways, including parades, picnics, and family gatherings. It is a day to honor the resilience and strength of the African American community.
