AUSTRALIAN CONSOLIDATION EXPERTS

Established in 1998, Pacific Islands International is a trusted one-stop shop for the building and construction needs of the Pacific Islands.

With 25 years experience, Pacific Islands International (PII) proudly designates Australia as a primary consolidation hub. We specialise in delivering the best quality building materials sourced from Australia and neighbouring countries.

Our Comprehensive Services Include :

- Sourcing and Procurement
- Local Transportation
- Quality Control and Inspection
- Container Packing and Consolidation
- Shipment Direct to Your Nearest Port
- Industry Leading Customer Service

GYPROCK®

Everything else is just plasterboard

CSR Gyprock is Australia's leading manufacturer of gypsum based products such as plasterboard and cornice, as well as compounds, adhesives, specialty plasters and associated finishing materials and accessories.

Gyprock supplies a comprehensive range of high performance products and systems for many applications to meet fire, acoustic and thermal requirements across all segments of the construction industry.

PLASTERBOARD

Plasterboard is an internal wall and ceiling lining used in residential and commercial lightweight framed construction.

Residential Select Range

Products in the high quality Select range are recommended for use in the majority of non-specialist wall and ceiling applications.

Gyprock Plus 10mm

Wall and Ceiling Applications

2400 / 2700 / 3000mm x 1200mm

Gyprock Supaceil 10mm

Ceiling Applications

2400 / 2700 / 3000mm x 1200mm

Gyprock Flexible 6.5mm

Curved Wall and Ceiling Applications

3600mm x 1200mm

Gyprock Aquacheck 10mm / 13mm

Wet Area Wall and Ceiling Applications

2400 / 2700 / 3000mm x 1200mm

Gyprock Soundchek 10mm / 13mm

Acoustic Wall and Ceiling Applications

2400 / 2700 / 3000mm x 1200mm

Commercial Select Range

These Select Range plasterboards are designed to satisfy the majority of basic performance requirements in commercial projects.

Gyprock Standard 13mm

Commercial Wall and

Ceiling Applications

2400 / 2700 / 3000mm x 1200mm

Gyprock Fyrchek 13mm / 16mm

Commercial Fire Rated Wall and

Ceiling Applications

2400 / 2700 / 3000mm x 1200mm

Gyprock Aquacheck 10mm / 13mm

Commercial Wet Area Wall and

Ceiling Applications

2400 / 2700 / 3000mm x 1200mm

Gyprock Soundchek 10mm / 13mm

Commercial Wall and

Ceiling Applications

2400 / 2700 / 3000mm x 1200mm

Commercial Specialty Options

Gyprock manufactures a number of special purpose plasterboards for applications requiring specific properties not catered for by the Commercial Select Range.

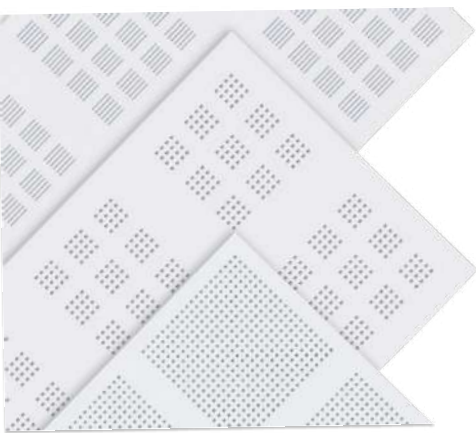

Gyprock EC08 Extreme 13mm

Multifunction Extreme Wall and Ceiling Applications
2400 / 2700 / 3000 / 3600mm x 1200mm

PERFORATED PLASTERBOARD

Acoustic performance with design freedom.

Gyprock Standard 6mm Round

Traditional pattern layout supplied without acoustic fleece backing – an economical aesthetic solution where moderate levels of acoustic attenuation is required.

Gyptone Perforated Range

Contemporary grid-style perforated patterns for exceptional acoustic performance. Flexible and standard board options with built-in Active Air technology.

Rigitone Perforated Range

Edge to edge pattern layouts for a monolithic, seamless design with Activ'Air technology and exceptional acoustic performance.

CORNICE

A comprehensive range to add a designer touch to any style of home.

Cove Range

An Australian classic due to its functional profile, Cove is available in 55mm, 75mm and 90mm sizes.

Cove Cornice

55 / 75 / 90mm x 3000 / 3600 / 4800mm

CEILING TILES

Plasterboard-based ceiling tiles used in suspended grid ceilings in commercial applications.

Freshtone Ceiling Tile	Economical	600 x 1200 x 10mm
Supatone Ceiling Tile	Premium	600 x 1200 x 10mm
Perforated Ceiling Tile		600 x 1200 x 13mm

COMPOUNDS AND ADHESIVES

Supporting the installation of Gyprock plasterboard and cornice. Gyprock offers a range of products for jointing systems to suit all applications.

Adhesives

Solutions for fixing plasterboard and cornice to timber, steel and masonry surfaces.

Acrylic Stud Adhesive

Adhering plasterboard and fibre cement wallboard to timber and steel frames.
900g Sausage / 1KG Bucket / 5kg Bucket

Cornice Cement 45 / 60 / 90

Fixing Gyprock cornice at wall and ceiling junctions where the substrate is plasterboard or fibre cement. It is also used for finishing cornice joints and mitres.
10kg / 20kg Bag

Tapes

Used to provide strength and rigidity in the first coat of a three coat plasterboard jointing process.

Paper Tape

The professional choice for creating strong joints in all system types, Works in fire rates applications and on walls and ceilings.
50mm x 75m / 150m

Easy Tape

Easy Tape is a self-adhesive, fibreglass mesh jointing tape designed for plasterboard repairs and minor wall jointing projects.
50mm x 20m / 90m

All - Purpose Compounds

The most versatile of our compounds, Gyprock all-purpose compounds can be used as all three coats in a jointing system.

Easy-Flow

A lightweight all-purpose jointing compound specially developed for mechanical application, with excellent tape adhesion, trowelling and feathering properties.
15kg Bucket

Base Coats

The first two coats of a three coat joining system, Gyprock base coats offer superior adhesion and are the foundation for a perfect finish.

Base Coat 20 / 45 / 60 / 90
Used to create superior quality joints in wall and ceiling applications.
10kg / 20kg Bag

Ultra Base MR 60
Superior lightweight, mould resistant formula, used for superior joints in wall and ceiling applications.
16kg Bag

Wet Area Base Coat
Pre-Mixed moisture resistant base compound for joints in plasterboard sheets in walls and ceiling applications.
15kg Bucket

Easy-Base
Pre-Mixed taping compound for use in walls and ceiling applications.
17kg Bucket

Topping Compounds

Gyprock topping compounds are developed to be easy to apply and sand to provide a smooth finish in a three coat jointing system.

Easy-Finish
A Semi-Lightweight topping compound with exceptional flow, developed to make finishing joints easy.
15kg Bucket

Ultra-Top
The ultimate topping compounds formulated for an ultra-smooth finish.
15kg Bucket

Joint Master
A heavyweight topping compound used as a top coat in a three coat jointing system.
20kg Bucket

Sealants

Sealants for caulking penetrations and joints for moisture, fire and acoustic performance.

CSR Fire Seal

An acoustic and fire rated sealant for residential and commercial construction.

600ml

Fire Mastic

A high performance acoustic and fire rated sealant for residential and commercial construction.

600ml

Wet Area Acrylic Sealant

Create a long lasting, functional seal.

Paintable, flexible and suitable for wet areas.

350ml

TOOLS AND ACCESSORIES

Designed to complement the installation of Gyprock plasterboard and compounds.

Bradford Insulation is Australia's leading supplier of insulation, acoustic control & energy saving products for homes & commercial buildings. Pacific Islands homes are often under insulated from their harsh climate. CSR Bradford has a range of solutions for your home's roofs, ceilings, walls and floors.

WALL INSULATION

Insulating your external walls can save up to 25% of heat transfer in and out of your home, providing a more comfortable & energy efficient environment.

Bradford Gold Wall Batts / Gold High Performance Batts

Bradford Gold wall insulation batts are specifically designed to deliver optimal performance in exterior cavity walls.

R2.0 1160 x 420 / 570mm x 75mm - High Performance
R2.0 1160 x 430 / 580mm x 90mm
R2.2 1160 x 430 / 580mm x 90mm
R2.5 1160 x 420 / 570mm x 90mm - High Performance

Bradford SoundScreen

SoundScreen can effectively reduce noise transfer by up to 75% to create a quiet and peaceful home.

R2.0 1160 x 430 / 580mm x 70mm
R2.5 1160 x 430 / 580mm x 88mm
R3.1 1160 x 430 / 580mm x 110mm

Bradford Acoustigard

Acoustigard is a glasswool fibre insulation specifically engineered to reduce sound transmission in commercial walls and ceilings.

11kg/m3 Density
R1.7 13.5m x 450 / 600mm x 75mm
R2.5 8.1m x 450 / 600mm x 110mm
14kg/m3 Density
R1.2 16.2m x 450 / 600mm x 50mm
R1.8 13.5m x 450 / 600mm x 75mm
R2.2 10.8m x 450 / 600mm x 90mm
R2.4 10.8m x 450 / 600mm x 100mm

Bradford Polyair Performa XHD

Bradford Polyair products reflect heat, keeping your house or shed cooler on the hottest days and warmer on the coldest nights.

4.OXHD 1350mm x 22.25m x 4mm

8.OXHD 1350mm x 22.25m x 8mm

CEILING INSULATION

Improving your ceiling insulation is easy to do and can significantly boost your home's energy efficiency and comfort.

Bradford Gold Ceiling Batts

Bradford Gold Hi-Performance insulation batts are specifically designed to deliver optimal performance in ceilings.

R2.5 1160 x 430 / 580mm x 140mm

R3.0 1160 x 430 / 580mm x 165mm

R3.5 1160 x 430 / 580mm x 185mm

ROOF INSULATION

CSR Bradford's innovative products for your home's roof. Enhance energy efficiency, improve noise control, and provide fire protection.

Glasswool Building Blanket

Bradford Building Blanket is a lightweight insulation product designed for general thermal insulation applications in buildings.

R1.3 1200mm x 15m x 60mm

R1.5 1200mm x 15m x 75mm

R2.0 1200mm x 15m x 90mm

R2.3 1200mm x 15m x 100mm

Bradford Anticon Roofing Blanket

Bradford Anticon is Building Blanket with a Sislation Face. The reflective foil reduces radiant heat and controls condensation, while the insulation blanket absorbs noise and reduces the transfer of heat.

Available in Light, Medium and Heavy Duty Foil

R1.3 1200mm x 15m x 60mm

R1.8 1200mm x 15m x 80mm

R2.3 1200mm x 10m x 100mm

R2.5 1200mm x 10m x 110mm

R3.0 1200mm x 10m x 130mm

ROOF SISALATION

Improve the performance of your roof.

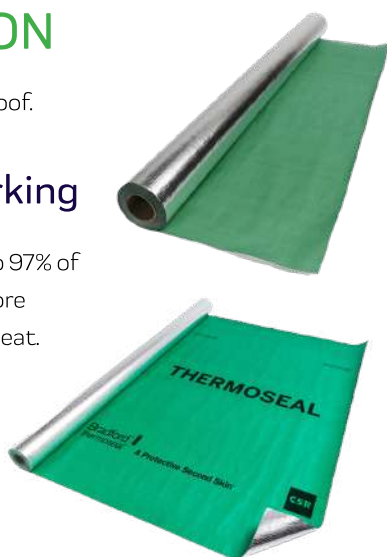

Thermoseal Roof Sarking

Bradford roof sarking reflects up to 97% of radiant heat keeping your home more comfortable during the blistering heat.

Light Duty 729 1350mm x 60m

Medium Duty 730 1350mm x 60m

Heavy Duty 750 1350 x 60m

WALL WRAPS

The installation of wall wrap can help reduce air-flow around insulation and through the building cavity, allowing the insulation to work more efficiently.

Thermoseal Wall Wrap

Bradford Thermoseal Wall Wrap is a tough medium duty weather barrier designed to enhance your home's thermal performance and weather resistance.

1350mm x 30 / 60m

TAPES

Bradford's range of tapes and accessories are designed to complement our Enviroseal and Thermoseal wall wraps and roof sarking products, ensuring excellent long term adhesion properties.

400F Premium Silver Plain Aluminium Foil Tape
24 / 48 / 72 / 96mm x 45m

493 Premium Silver Reinforced Aluminium Foil Tape
24 / 36 / 48 / 63 / 72 / 96mm x 50m

403F Industrial Grade Plain Aluminium Foil Tape
48 / 72 / 96mm x 45m

496 Premium Silver Reinforced Aluminium Foil Tape
48 / 72 / 96mm x 50m

HVAC INSULATION

Bradford offers a range of glasswool and rockwool products for the internal and external insulation of HVAC ducting.

Industrial Board and Blanket

Glasswool board and blanket products are available in a wide range of thicknesses, widths and lengths, and are either plain or with a choice of facings to meet specific project requirements.

Multitel 18kg/m³
Flexitel 24kg/m³
Supertel 32kg/m³

Thermatel 44kg/m³
Ultratel 48kg/m³
Quietel 130kg/m³

SAFETY MESH

Safety Mesh is a superior quality roof underlay support and fall safety mesh for use on a variety of commercial buildings.

1800mm x 50m
2400mm x 50m
1800mm x 50m - PVC Coated

VENTILATION

At Bradford Ventilation, we offer total system solutions for commercial, residential and industrial buildings that increase energy efficiency and comfort.

WindMaster Natural Roof Ventilator

WindMaster ventilator is designed to exhaust heat and moisture from the roof space of a home, without the use of electrical energy.

All Colorbond Colours and Mill Finish.

300mm

SupaVent Wind-Driven Roof Ventilation

Natural Roof Ventilator WindMaster ventilator is designed to exhaust heat and moisture from the roof space of a home, without the use of electrical energy.

All Colorbond Colours and Mill Finish.

300mm

TurboBeam - Wind Driven Roof Ventilation

A wind-driven roof ventilator with a clear acrylic head designed to exhaust heat and moisture, and provide natural light to the roof space and storage areas.

250mm

Hurricane Vertical Vane Natural Ventilation

Widely recognised as the most efficient industrial ventilator available in the world today.

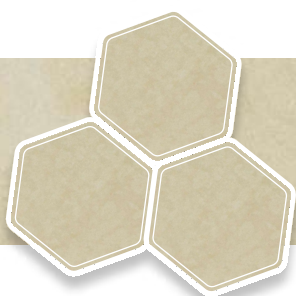

100 / 150 / 300 / 400 / 450 / 500 / 600 / 700 / 900mm

CEMINTEL®

We are the fibre cement and lightweight composite solution specialists. With design and innovation as our central drivers, Cemintel is focused on a fresh, intuitive approach to lightweight facades, building solutions and feature walls.

Cladding Sheet

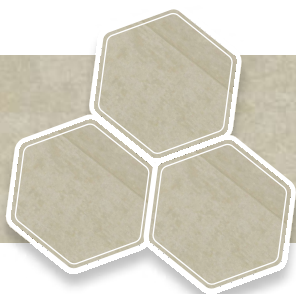

Cemintel Cladding provides a lightweight panel solution in a most simple and traditional form.

Square Edge
Additional sizes available upon request
2400 x 1200 x 4.5 / 6mm
2700 x 1200 x 4.5 / 6mm
3000 x 1200 x 4.5 / 6mm

Wallboard

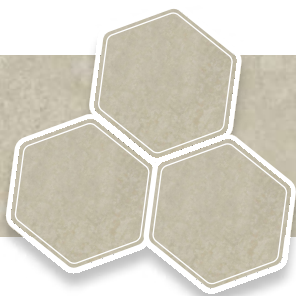

CeminSeal Wallboard Recessed Edge is a superior wet area internal lining and tile substrate product designed and tested for compliance and peace of mind.

Square / Recessed
Edge Additional sizes available upon request
2400 x 1200 x 6 / 9 / 12mm
2700 x 1200 x 6 / 9 / 12mm
3000 x 1200 x 6 / 9 / 12mm

Compressed Sheet

The strongest of them all, Cemintel Compressed Sheet is tried and tested for long term strength.

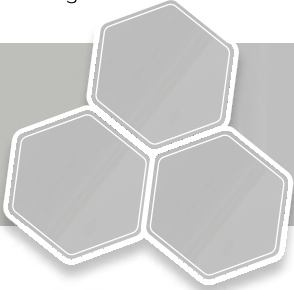

Square Edge
2400 x 1200 x 6 / 12 / 15 / 18 / 24mm
2700 x 1200 x 6 / 12 / 15 / 18 mm
3000 x 1200 x 6 / 12 / 15 / 18 mm

Commercial Express Panel

The strongest of them all, Cemintel Compressed Sheet is tried and tested for long term strength.

Square Edge
1800mm x 1200mm / 9mm
2400mm x 1200mm / 9mm
2700mm x 1200mm / 9mm
3000mm x 1200mm / 9mm

Barestone

Cemintel Barestone panels are prefinished, square edged cladding that provide a natural raw concrete finish. Barestone is manufactured right here in Australia in 9mm dense panels with superior resistance, strength and durability for residential and commercial applications.

Square Edge
2400mm x 1200 / 9mm
2700mm x 1200 / 9mm
3000mm x 1200 / 9mm

Street Style

The Street Style collection brings together new and classic fibre cement cladding and weatherboard products to create the next generation of distinctly modern homes.

Xtreme Flex

A high performance, universal sealant and adhesive.
290ml

Xtreme Clearfix

A high performance, flexible sealant and high strength adhesive in one for interior use.
290ml

Xtreme High Tack

A high performance professional adhesive.
290ml

Expanda Foam

Multi-purpose polyurethane foam filler
500 / 750ml

GENERAL ADHESIVES AND SEALANTS

No screws needed
The product makes the use of screws redundant.

Good compatibility
The product has a good compatibility to various building materials.

Construction
The product can be used in general construction.

Suitable for metal
The product is suitable for bonding metal elements.

Powerful adhesion
The product is very strong and has powerful adhesion properties.

Gap filling properties
The product is suitable for filling of gaps and cracks.

FIRE RATED SEALANTS

Smart Fire Protection.

Fireban Acrylic

Fire rated acrylic based sealant
300 / 600ml

Fireban One

A fire rated intumescent, low modulus, one component, Class A polyurethane sealant.
600ml

Fireban Expanda Foam

Fire-resisting self-expanding polyurethane foam
750ml

FLOORING

A comprehensive suite of hard flooring adhesives.

UL Primer

A high performance one component primer for use on porous substrates
5L

Multiprime

General-purpose primer designed for use on porous surfaces
5 / 20L

Ultraset HP

High performing flooring adhesive

RONDO®

Rondo Australia is recognised as a specialist for manufacturing & producing high quality commercial & residential building products & supplies.

CEILINGS

Rondo ceiling systems are highly innovative and of superior quality, with both concealed grid or exposed grid options, we have a solution available to meet acoustic, fire-rated, wind loading and seismic design requirements.

Rondo Duo

Exposed Grid Ceiling System

The Rondo DUO Exposed Ceiling Grid System is a practical, convenient ceiling system. It has a complete range of main sections and complementary parts so that you can adapt the modules to suit your design needs.

Components

Main Tee 24mm x 3600mm
Cross Tee 24mm x 600 / 1200mm
Wall Trims 19mm x 3600mm
Suspension Hangers / Clips / Brackets

Rondo Key-Lock

Suspended and Concealed Ceiling System

Our KEY-LOCK Concealed Suspended Ceiling System is designed to produce a high-quality structure for a flush or featured finish to your plasterboard ceiling.

Components

Top Cross Rails 3600 / 4800mm
Furring Channels 2700 / 3000 / 3600 / 4800mm
Ceiling Batten 4800mm
Suspension Hangers / Clips / Brackets

ACCESS PANELS

We have Access Panels to suit every situation. Whether you need a standard Access Panel, or a specialised architectural panel, PANTHER Access Panels are the perfect choice.

Components

MFAP Metal Faced Access Panel
300 x 300mm / 450 x 450mm / 530 x 530mm
SRAP Sound Rated MDF Access Panel
300 x 300mm / 450 x 450mm / 530 x 530mm
FRAP Fire Rated Access Panel (1hr / 2hr)
300 x 300mm / 450 x 450mm / 530 x 530mm / 600 x 600mm

WALLS

Rondo steel wall framing systems provide a durable, practical and lightweight structure for internal plasterboard walls to create attractive spaces within buildings, or external wall systems to provide direct support of the exterior cladding and interior linings.

Steel Stud & Track

Wall Framing System The Rondo Steel Stud Drywall Framing System provides a durable, practical and lightweight structure for internal plasterboard walls and for specific external walls.

Components

Wall Studs

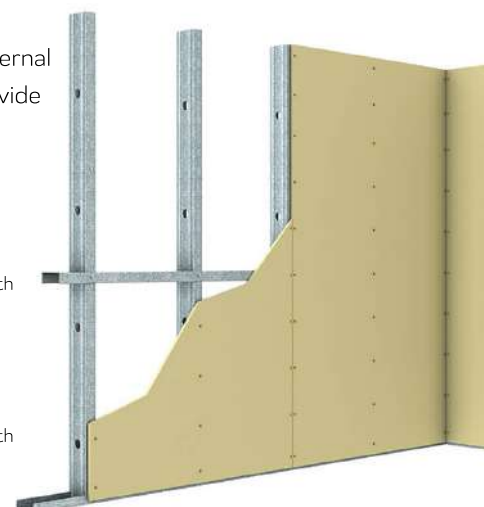

0.50 / 0.55 / 0.75 / 1.15mm BMT

Easycraft provides decorative wall and ceiling linings for any space.

STYLISH SOLUTIONS FOR WALLS & CEILINGS

DECORATIVE WALLS AND CEILINGS

Australian Made MR MDF

- Primed and ready to paint
- 2400 / 2700 x 1200mm x 9mm

Custom sizes available on request

EasyVJ

Our most popular wall and ceiling feature panel, EasyVJ makes a great impression in both traditional and contemporary homes.

- EasyVJ profile with 60mm, 100mm & 150mm spacings

EasyGROOVE

Innovative and individual: this modern, open profile design offers wonderful flexibility, with various optional centre width spacings

- EasyGROOVE profile with 150, 300mm & random spacing options

EasyLINE

The subtle easylines design evokes the timeless characteristics of shiplap timber cladding, while also adding texture and visual interest.

- EasyLINE profile with 150mm groove spacings

EasyREGENCY

The bold vertical lines of easyregency look equally at home in a traditional residence or as an eye-catching feature in a modern one.

- EasyREGENCY profile with 150mm groove spacings

EasyBEADED

The easybeaded decorative wall panelling system delivers a softer aesthetic and a narrow profile for a range of interior wall & ceiling linings.

- EasyBEADED profile with 150mm groove spacings

EasyPANEL

Streamlined easypanel combines sleek good looks with tough, impact-resistant qualities.

- Smooth face with micro arrised edge

EasyASCOT

This statement panelling gives authentic distinction to any room: especially formal dining rooms, master suites, hallways or entry foyers.

- Easyascot profile with 4 length variants

EasyVENEER

This statement panelling gives authentic distinction to any room: especially formal dining rooms, master suites, hallways or entry foyers.

- 5 distinct veneer finishes to choose from

EXPRESSION series

Go for style and impact: this range makes a confident contemporary statement and offers a large range of material options.

- 5 unique groove designs to choose from

Australian PANELS

Australia's leading manufacturer of panel products for all joinery, wall and flooring applications

FLOORING

STRUCTAflor H2 H2 Treated Structural Flooring

STRUCTAflor H2 is termite protected structural grade particleboard sheet flooring, providing cost-effective long-term defence against termite damage.

Features

- 25 year Guarantee against termite attack
- Complete termite solution when used in conjunction with other termite barriers
- H2 level treatment suitable for use throughout Australia
- Fixing pattern for quick and easy installation
- Light blue edge wax for easy identification
- Available in 19mm, 22mm and 25mm
- Available in YELLOWtongue, REDtongue, BLUEtongue.

	Thickness	Length	Width	Coverage per sheet	Weight per sheet	Domestic flooring maximum joist spacing
	mm	mm	mm	m ²	kg	mm
 YELLOWtongue	Residential application					
	19mm	3600	800	2.88	45	450
 REDtongue	Residential & light industrial applications where more load carrying capacity is required					
	22mm	3600	800	2.88	50	600
 BLUEtongue	Heavy/commercial applications where significant load carrying capacity is required					
	22mm	3600	800	2.88	50	600

BOARD

Our CUSTOMwood (MDF) and CUSTOMpine (Particleboard) ranges both have Raw and Laminated options that make a versatile product to use in interior fitout solutions.

MDF

CUSTOMwood
Raw MDF & LDF

CUSTOMwood is one of the most versatile & easy to use Medium Density Fibreboards available in Australia today. CUSTOMwood sheets are ideal for a number of interior applications in the cabinet making, shop fitting, furniture & building industries.

Standard and MR MDF

2400 / 3600mm x 1200 / 1800mm

3 / 4 / 4.75 / 6 / 9 / 12 / 16 / 18 / 25 / 32mm

Particleboard

CUSTOMpine
Raw Particleboard

Particle board, also known as chipboard or low-density fiberboard, is an engineered wood product manufactured from wood chips and a synthetic resin

Standard and Particleboard

2400 / 3600mm x 1200 / 1800mm

12 / 16 / 18 / 25 / 33mm

PANNELLING

easycraft

Australian Panels decorative wall and ceiling brand Easycraft offers profiles from the classic VJ panel through to the designer Silhouette range.

Streamlined easypanel combines sleek good looks with tough, impact-resistant qualities.

- Smooth face with micro arrised edge

MOULDINGS

ULTRAprime
MDF Mouldings

Manufactured in a wide range of design styles, our mouldings and architraves are produced from premium grade MR CUSTOMwood MDF.

A wide range of design styles can be accommodated with over 35 profiles in over 100 sizes.

Standard thicknesses are 12mm, 15mm, 18mm.

polytec

Polytec is an Australian owned supplier of cabinet doors, panels, benchtops and laminates.

Carcass Board

Polytec Carcass Whiteboard is a high quality particleboard / MDF with a white melamine surface bonded to both sides. The melamine surface is non-porous and hardwearing making it ideal for internal cabinetry.

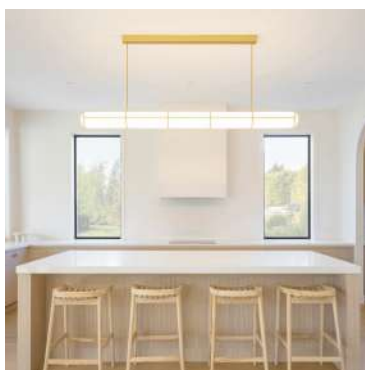

MDF / ParticleBoard
2400 / 3600mm x 1200 / 1800mm
9 / 12 / 16 / 18 / 25 / 33mm
Matt / Satin / Texture

Melamine Doors & Panels

Kitchen cupboard doors and panels often cover the largest surface in your kitchen. To give your kitchen distinctive character, our Melamine range offers an extensive variety of colour and decorative finish options, including Texture, Matt, Ashgrain, Finegrain, Sheen, Woodmatt and the new Smooth range.

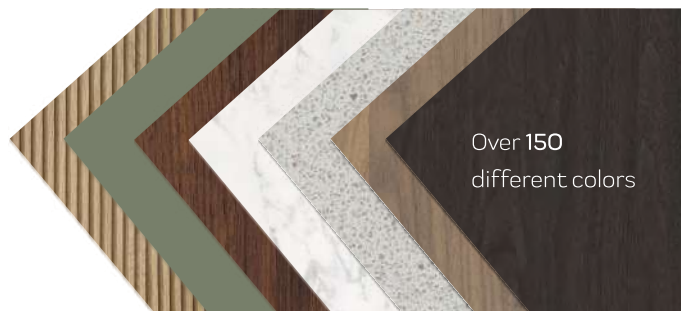

MDF / ParticleBoard
2400 / 3600mm x 1200 / 1800mm
9 / 12 / 16 / 18 / 25 / 33mm

Benchtops & Laminate

Polytec's innovative Benchtops range contains over 150 realistic stone structures, woodgrains and neutral solid colours and remains unrivalled in the decorative surfaces industry.

3650mm x 1220 / 1360mm x 0.7mm

Compact Laminate

As the consummate, long-lasting, low-maintenance, decorative panel, polytec's Compact laminate is a go-to product for the most demanding professional interior and external joinery environments.

3660mm x 1830mm x 5/13mm

Edgetape

We have a wide and diverse range of melamine and plastic edges which are always the right fit for your material and your design.

Commodity and Decorative options available

1 / 2mm x 22 / 29 / 38mm x 20 / 50 / 100m

Wall Angle 36 x 19 x 3600mm

MetalWorks Baffles

MetalWorks Ceiling Baffles provide a multitude of linear, open plenum design options – limited only by imagination.

Flexible design options using standard or custom Baffle profiles, finishes, modules and configurations – for the open plenum ceiling.

Benefits

- A multitude of design options using standard or custom profiles, lengths, finishes, modules and configurations, limited only by imagination
- Attractive linear ceiling system that screens the open plenum
- Fast and easy installation
- Durable extruded aluminium Baffle profiles
- Heavy duty U-Profile Suspension Channel
- Extensive range of colour options, including Wood Effects
- Simple “end to end” Baffle connection or terminate with standard End Cap

Typical Applications

- Open plan spaces
- Foyers / lobbies
- Reception areas
- Waiting areas
- Airports / Transport terminals
- Meeting rooms
- Restaurants

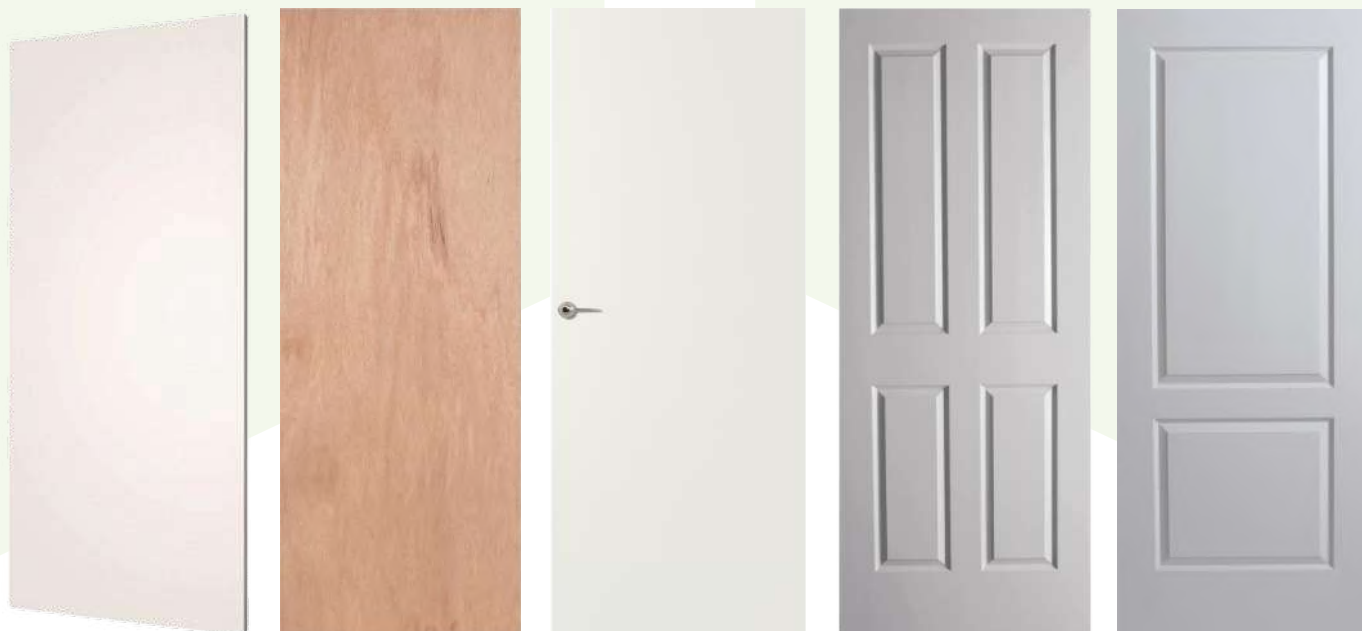

Pacific Doors manufacture a large variety of fire doors, non rated doors and metal clad doors. Utilising our manufacturing facility we can design and produce to suit your specific needs including special door veneers and finishes.

PACIFIC DOORS

These superior doors come with a unique construction that will add that touch of class to your home. Available raw or primed, ready to paint to suit your taste, there are bi-fold and multifold options available as well as made to order options in a vast range of sizes. These doors are suited to both contemporary and traditional style homes.

- Hollow Core
- Solid Core
- Moulded Panel
- Timber
- Commercial
- Fire Doors
- MDF
- Plywood
- High density honeycomb core
- Solid Construction
- Primed ready to paint
- Flush finish
- Modern Design
- Available in all sizes

FIRE RATED DOORS

Fire rated doors are of special construction and need to be fitted with fire tested components including closers, latching hardware, and fire-rated glass view windows. These doors protect the opening created in the "fire wall" which separates areas within the building to slow down the spread of smoke and flame between these areas such as a fire escape.

METAL DOOR FRAMES

We can produce a large variety of quality metal door frames, both fire rated and non-fire rated. Our frames are made using a variety of quality materials e.g., Zinc anneal, Galva bond or Stainless Steel being a cost effective alternative to other materials or products.

DOOR HARDWARE

- Locksets
- Closers
- Door Stops
- Seals
- Kick Plates
- Signage

Britex is Australia's premier manufacturer and supplier of stainless steel products for commercial building projects.

Education

Child Care / Primary / Secondary / Tertiary

Education products are designed according to the specification guidelines set out by state education departments. Where a state's Department of Education specification document outlines a unique design that differs from other states, this has been noted. Education products are generally vandal resistant, functional, hard wearing, easy to maintain and incorporate numerous unique safety features.

Security

Police Stations / Detention Centers / Jails

These products have been selected as the fixtures most suitable for security projects in that they are highly resistant to deliberate acts of force, tamper resistant and are, in many cases, free of ligature points. Common features of these designs include fully enclosed plumbing connections, entirely welded constructions and low profile or timed flow tapware options.

Health Science

Hospitals / Laboratories / Aged Care / Medical Centres

Britex has developed this product range over many years spent in close consultation with Australia's premier Health / Science design Architects. Included in this range are specially designed benches, troughs, basins, flushing sinks and waste disposal fixtures. They are designed to meet the strict documented guidelines set out by Health Professionals for their unique intended use. For this reason, Britex products are consistently selected by designers for inclusion in Australia's finest hospitals, research institutes and medical facilities.

Public Amenities

Stadiums / Public Toilets / Pavilions / Night Clubs

Britex understands the importance of incorporating vandal resistant, low-maintenance, water efficient products into public amenity designs without compromising on aesthetics. These products are all robust, hard wearing, easy to maintain and can be found all over Australia in sports stadiums, entertainment venues, pubs, clubs, train stations and public toilet blocks.

Orange Pumps strives to build reliable, efficient, high performing and cost competitive water pump products. Our electric motors have been designed to operate through a wide voltage range, at full load and high ambient temperature. The heavy duty motors have a low temperature rise which preserves bearings, capacitors and motor windings.

KEMBLA COPPER TUBE

Kembla seamless copper tube manufactured to Australian Standard AS1432 is suitable for use in pressure and non-pressure plumbing, gas fitting and drainage applications and is available in sizes from 6.35mm up to 254mm.

PUMPS

Orange Pumps strives to build reliable, efficient, high performing and cost competitive water pump products. Our electric motors have been designed to operate through a wide voltage range, at full load and high ambient temperature. The heavy duty motors have a low temperature rise which preserves bearings, capacitors and motor windings.

PUMPS AND PRESSURE SYSTEMS

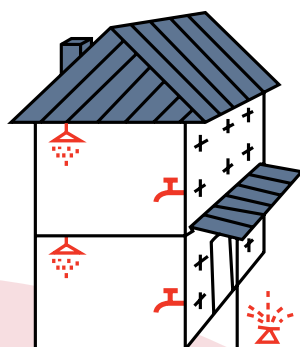

SJ100-PM 

Suitable for garden use or single storey house supplying up to 3 outlets.
Complete with an automatic switch or pressure tank of your choice

Features

- Easy to install swivel connector
- Stainless Steel shaft & casing
- High quality Nylon internals
- High quality capacitor & bearings
- Heavy duty TEFC motor
- Loss of prime
- Constant pressure
- Plug & Play electrical leads
- Jet pump performance

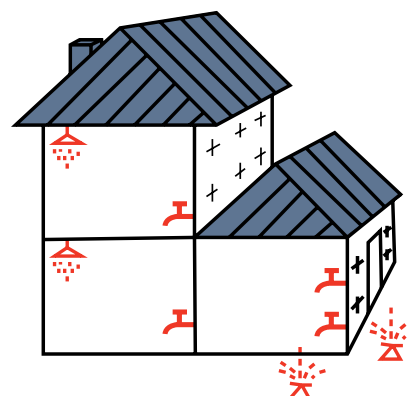

SJ200-PM 

Suitable for garden use or single storey house supplying up to 5 outlets.
Complete with an automatic switch or pressure tank of your choice

Features

- Easy to install swivel connector
- Stainless Steel shaft & casing
- High quality Nylon internals
- High quality capacitor & bearings
- Heavy duty TEFC motor
- Loss of prime
- Constant pressure
- Plug & Play electrical leads
- Jet pump performance
- AS/NZS 4020 Compliant

SJ400-PM 

Suitable for garden use or single storey house supplying up to 8 outlets.
Complete with an automatic switch or pressure tank of your choice

Features

- Easy to install swivel connector
- Stainless Steel shaft & casing
- High quality Nylon internals
- High quality capacitor & bearings
- Heavy duty TEFC motor
- Loss of prime
- Constant pressure
- Plug & Play electrical leads
- Jet pump performance
- AS/NZS 4020 Compliant

Tarkett offers an extensive range of commercial flooring products including vinyl, linoleum, carpet, wood, laminate, rubber, turf and tracks. We are committed to creating high performing solutions, combining quality and the latest designs with a strong focus on sustainability and wellbeing.

VINYL SHEET

Ruby 70

A cost-effective compact heterogeneous vinyl floor with premium qualities developed for all heavy traffic commercial areas such as hospitals and schools.

Roll 2m x 23m x 2mm

Standard Plus

A soft, classic pattern, the Standard Plus vinyl floor is designed for heavy traffic use. Standard Plus rolls are treated with a PUR surface for enhanced protection and easier maintenance.

Roll 2m x 23m x 2mm

Primo Premium

Designed for heavy traffic commercial and industrial applications such as education and healthcare facilities, Primo Premium is a homogeneous vinyl flooring solution for areas where hygiene and resistance are key. Our PUR Reinforced surface treatment guarantees enhanced protection and easier maintenance.

Roll 2m x 23m x 2mm

IQ Granit

Designed for education and healthcare facilities, IQ Granit offers outstanding performance with the best life cycle costs on the market.

Roll 2m x 25m x 2mm

Safetred Universal

Safetred Universal is our classic heterogeneous vinyl safety floor solution for any area that presents a risk of slips or falls. An anti-slip grip provides a high level of protection guaranteed for the life of the product, while its reinforced surface protects against stains and eases maintenance.

Roll 2m x 23m x 2mm

Wallguard

Wallguard wallcovering is the perfect solution for areas that need special wall protection, such as wetrooms, clean rooms and heavy industrial environments. A PU-shield treatment provides high resistance against stains and chemicals and the smooth impervious surface delivers optimal hygiene and watertightness. Roll 2m x 25m x 2mm

Welding Rod

When installing vinyl floorings in dry or wet areas, rod welding can be necessary to ensure a watertight installation or simply an optimal installation of the floor on large surfaces in Commercial applications. Roll 50m

VINYL PLANK AND TILES

Floor is the new playground with luxury vinyl tiles. Produced in both tile and plank format across a range of patterns, colours and styles, they offer endless layout possibilities thanks to their modular format. Luxury vinyl tiles come in several installation options: glue-down for heavy traffic, loose-lay for quick renovation and click system for floating installation.

Urban Naturals

Tarkett's range of Urban Naturals luxury vinyl tiles recreate the natural beauty of timber and concrete. Urban Naturals comes with a 0.5mm wear layer making it suitable for both residential and commercial applications.

Tile 460x460mm x 2.5mm

Plank 190 x 1220mm x 2.5mm

iD Naturals 70

Has the most subtle details of wood and stone to make each plank or tile unique in grain, texture and colour. iD Naturals 70 has been designed for the most intense traffic areas.

Tile 500 x 500mm / 500 x 1000mm / 330 x 660mm / 660 x 660mm x 2.5mm

Plank 200 x 1200mm / 285 x 1200mm / 250 x 1500mm x 2.5mm

iD Inspiration Ultimate

iD Inspiration Ultimate, an innovative class of hard surface flooring that combines the strength and feel of wood and stone with Tru-Grain Technology. This rigid composite vinyl tile offers an all-in-one solution adapted to any environment.

Tile 300 x 600mm x 6.5mm

Plank 176 x 1213mm x 6.5mm

A Tarkett Company

THE ULTIMATE
FLOORING EXPERIENCE

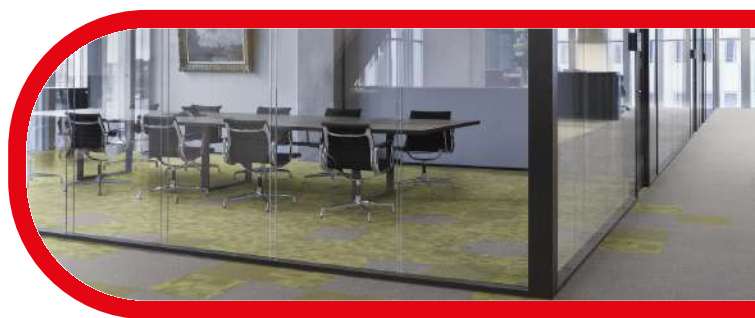

DESSO Carpet tile and roll solutions: Innovation, functionality and sustainability. Design Carpets inspired by the latest trends

CARPET TILES

Essence

A professional, smart looking tile, Essence Plain is designed to seamlessly combine with the rest of the Essence Collection – Stripe, Structure or Maze, providing unprecedented creative design opportunities.

Tile 500 x 500mm x 5.5mm

Sense

Sense is a stylish, patterned loop modular carpet tile making it ideal for new builds, rebuilds or renovations. With Sense, you can provide a contemporary, neutral flooring design that will complement any décor or layout that future occupants might require.

Tile 500 x 500mm x 6.5mm

Fuse and Fields

Fields is a textured carpet tile that gives the distinct impression of a hand-woven textile. Its enlarged and irregular loops help create highly tactile flooring that will render any space warm and welcoming.

Fuse is a striking transition carpet tile that adds movement to the floor by effortlessly flowing between two contrasting yet complementary colour schemes to help zone and divide a space.

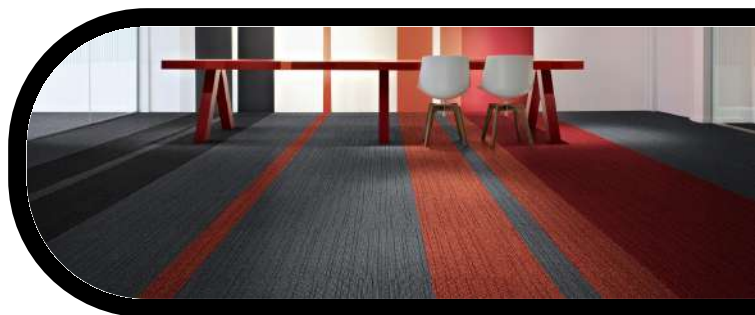

Tile 500 x 500mm x 6.5mm

Airmaster

AirMaster marries great innovation and performance with strong design to boost health and wellbeing in offices, schools, healthcare environments and other public buildings. Its patented technology has been proven to reduce the concentration of fine dust in the air four times more effectively than regular carpets and eight times more effectively than smooth floors.

Tile 500 x 500mm x 6mm

DTA is engaged in the manufacture, importation and distribution of quality tools, profiles and machinery for the wall and floor market. In operation for more than 45 years DTA has been the market leader and trusted name in the tiling industry nationwide.

WD-40 MULTI-USE SPRAY

THE PRODUCT WITH 2000+ USES

- Use to loosen rusty nuts and screws, clean garden tools
- Cleans piano keys
- Keeps wicker chairs from squeaking
- Lubricates small rolling toys
- Keeps garden tools rust-free
- Cleans patio door glide strip
- Removes crayon from clothes dryer (make sure to unplug dryer first)
- Removes scuff marks from ceramic tile floor
- Keeps metal wind chimes rust-free
- Removes crayon from walls
- Helps join plastic shelving to make disassembly easier
- Removes water spots from mirrors
- Lubricates hinge on pruning shears
- Lubricates screws on lawn furniture
- Lubricates hydraulic rams on slideout of 5th wheel
- Cleans fiberglass bathtubs
- Cleans and prevents rust on oil tank exterior
- Cleans and protects bed of wheelbarrows
- Prevents rust on swamp cooler nuts
- Removes tea stains from countertops
- Removes crayon from wallpaper
- Lubricates gate locks

- Spray on rototiller blades to prevent rust during off-season
- Cleans melted vacuum belt from carpeting

WD-40 Specialist

WD-40 Specialist range is your ideal companion, especially when it comes to those industry-specific jobs. We've refined our Multi-Use Product to bring you a professional-grade range of lubricants, greases and cleaners.

Anti-Fling Chain Lube

Penetrates all parts of the chain and leaves a complete coating, providing a long-lasting lubrication and protection for your chain from wear and moisture.

Anti-Slip Belt Dressing

Delivers better grip and traction for all types of old and used belts, including ribbed belts, V-belts and cogged belts.

Fast Acting Throttle Body, Carb & Choke Cleaner

Specially formulated for the rapid and safe removal of dirt, lead and carbon deposits around the throttle body, carb and choke.

Brake & Parts Cleaner

This formula is a fast-drying, super powerful spray that's designed to dissolve grease, oil and dust from brakes and parts.

High Performance White Lithium Grease

A water and heat resistant lubricant spray that can be used outdoors regardless of weather and temperature.

Fast Acting Citrus Degreaser

A water-based spray degreaser that quickly removes stubborn soiling such as oil, grease, dirt and grime without leaving any residue.

Fast Drying Contact Cleaner

A non-conductive spray that is suitable for use on all sensitive electrical components. It provides excellent cleaning with minimal fuss, and removes dirt, dust, condensation and flux residue with ease.

Anti-Friction Dry PTFE

A great lubricating spray for a number of scenarios and environments. Its anti-friction formula makes it perfect for high use or repetitive mechanisms that require protection from daily wear and tear.

High Performance Silicone

A great for displacing moisture and providing excellent lubrication, protects and extends the life of your tools and equipment.

Rust Prevention Lanolin

A highly effective formulation for long term corrosion protection on metal surfaces under extreme climatic and high humidity conditions.

No Drip Formula Spray & Stay

A no-mess lubrication, perfect for vertical surfaces. It resists water, displaces moisture, and has no-fling for moving parts.

Fast Release Penetrant

Loosen screws, loosen rusted bolts, or other corroded or rusted components and mechanisms.

FlameStop

FlameStop Australia, a proudly Australian owned business, is the largest independent fire equipment manufacturer and wholesaler in Australia. With over 25 years experience in the fire industry, our experience and commitment to quality and customer satisfaction means that you can trust us to deliver fire safety products to suit your business requirements.

PORTABLE FIRE EQUIPMENT

Fire Extinguishers

FlameStop proudly stocks a wide range of high quality extinguishers in varying sizes from 1kg up to 9kg cylinders

- ABE Extinguishers
- BE Extinguishers
- CO2 Extinguishers
- Air/Water & Foam Extinguishers
- Wet Chemical Extinguishers
- Specialised Portable Fire Extinguishers
- Stainless Steel Heavy Duty Extinguishers
- Heavy Duty High Performance Extinguishers

Fire Blankets

FlameStop's range of quality fire blankets are durable, easy to use and are certified to Australian Standards AS/NZS 3504.

Fire Hose Reels

FlameStop offers a wide range of Fire Hose Reels, with lengths of 36m or 50m available. All options are easy to operate and maintain and meet or exceed requirements of Australian Standard AS1221.

Fire Extinguisher Cabinets & Covers

FlameStop's quality fire extinguisher cabinets are designed to protect your fire extinguishers from the environment and reduce the opportunity for intentional misuse.

Hoses, Nozzles & Adapters

- Lay Flat Hoses
- Hose Reel Tails
- Hose Nozzles
- Branch Pipes
- Adaptors
- Couplings
- Washers

FIX-A-TAP[®]

AUSTRALIA PTY LTD

FIX-A-TAP Australia is a leading supplier of quality maintenance plumbing products offering customers the Ultimate Plumbing Solution.

Tap Valves

Need to fix a leaking or dripping tap? We have a variety of tap valves available to suit every household situation. All of our jumper valves are watermarked and made to Australian standards.

Tap Washers

Our tap replacement washers include Duro, our trade quality washer; and Dexine our tap washer for general use.

Mixer Tap Cartridge

Dripping mixer taps can be easily fixed by replacing the leaking mixer cartridge.

Tools

We have a comprehensive range of plumbing tools to help fix your bathroom, kitchen and laundry plumbing issues.

Shower Kits

Looking to upgrade your shower to a more modern look?

Tap Valve Repair Kits

Our tap repair kits provide you with all of the parts you need to repair your leaky tap including tap valves, body washers, o-rings, lubricant and threadseal tape.

Aerators

We have a variety of aerators and spout adaptors designed to reduce water flow from your bathroom, kitchen and laundry taps.

Pan Screws

These cistern pan screws are suitable for fastening toilet pans to floors.

Water Connectors

Our water connectors are Watermarked to Australian standards suiting cisterns, bidets, vanities, basins and sinks.

Plugs

We have a comprehensive range of plumbing tools to help fix your bathroom, kitchen and laundry plumbing issues.

Proud Australian manufacturers and suppliers of quality painting products since 1985. C&A Brushware stocks a full range of painting accessories including paint scrapers, paint mixers, poles, snap blade knives, painter's pads and trays.

PPG is a global manufacturer of paints, coatings, and speciality materials and a Fortune 200 company with headquarters in Pittsburgh and operations in nearly 70 countries around the world.

Automotive

As one of the world's leading producers of advanced automotive paint systems, PPG provides customers with a wide range of product options featuring specific properties to suit virtually any application.

Industrial Coatings

PPG continuously develops innovative products which enhance customers' revenue streams through new aesthetics, enhanced performance properties and increased application efficiency. PPG has an integrated global team of professional colour stylists, chemists and technical application experts to help manufacturers to turn new coatings technologies into viable products which will integrate seamlessly into global supply chains.

Protective and Marine Coatings

PPG is widely recognised as a world leader in protective and marine coatings, developing innovative, cutting edge products and services that are designed to deliver value for money and protect customers' assets.

AMERLOCK 400 Epoxy Coating

Amerlock is the high-solids (85%), high-build epoxy protective coating that has revolutionised maintenance painting in tough industrial, marine and offshore environments around the world. Amerlock coatings are especially formulated to solve complex corrosion problems with minimal preparation. For durable, dependable protection from chemicals and corrosion in a variety of industrial and Infrastructure applications, there is an Amerlock coating for every maintenance job – even yours.

Sigmaprime

Universal primer – increased environmental compliance. The SIGMAPRIME range offers excellent water and corrosion resistance when applied to steel and non-ferrous metals, exhibiting excellent adhesion, flow and wetting properties, as well as outstanding crack resistance and edge retention. It provides exceptional anti corrosive protection due to its excellent adhesive qualities on shop primer, steel (blasted or mechanically pre-treated), aluminum, stainless steel, galvanized steel and hydro-jetted surfaces. The SIGMAPRIME universal primer can also be overcoated with virtually all other coating types, such as epoxy, polyurethane, acrylic, alkyd, chlorinated rubber, vinyl and fire retardant.

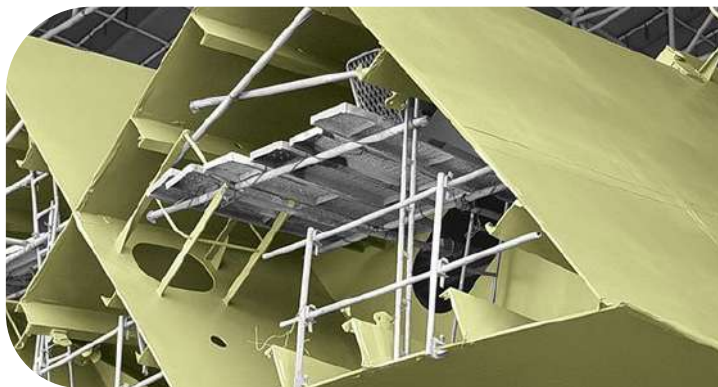

Sigmarine 48

General purpose gloss finish, cost effective above-water protection. SIGMARINE 48 is an economical finish coat that fits this scenario perfectly and helps to present a good corporate image whilst protecting the asset. This coating provides value for money, asset protection, and a professional appearance combined with minimal application cost and reduced application effort.

Sigmadur 550

Hard working coatings with a long lasting finish PPG SIGMADUR 550 is an aliphatic acrylic polyurethane gloss finish coat designed to protect the most visible surfaces where lasting, high-quality appearance is every bit as important as protection. Packed with a number of high-performing characteristics, it is the perfect choice for a variety of situations, including those in the toughest environments, such as offshore platforms, the exterior of oil and gas storage tanks, bridges, stadia, amusement parks, wind and transmission towers.

Sigmashield 880

Multipurpose surface tolerant epoxy for protecting assets in extreme industrial and marine environments. As a fast drying, single coat system, PPG SIGMASHIELD 880 speeds up the coating process and minimizes downtime. Application is simplified further by the coating's high surface tolerance (suitable for damp or wet-blast clean substrates), extended recoat window and high film thickness that is achieved in just one coat.

DECORATIVE PRODUCTS

Speedprep Sealer Primer Undercoat

Speedprep Sealer Primer Undercoat is a premium quality water based sealer, primer and undercoat designed for interior and exterior use. Speedprep Sealer Primer Undercoat can be recoated with either Luxury Paints water or oil based topcoats.

Multi Purpose Undercoat

Multi Purpose Undercoat is a premium quality oil based interior/exterior primer and undercoat with excellent filling and sanding properties. It provides superior gloss retention for further topcoats. Can be recoated with either Luxury Paints water or oil based topcoats.

Non Drip Ceiling White

Non Drip Ceiling White is a premium quality, interior flat ceiling paint designed with outstanding hiding power. The special 'non drip' formulation enables ease of application with minimal amount of splatter.

Sunshield Low Sheen

Sunshield Low Sheen is a premium quality, high opacity low sheen paint finish designed for interior/exterior areas such as pergolas, outdoor furniture, fences etc.

Easiclean Silk Low Sheen

Easiclean Silk Low Sheen is a premium quality, washable silk finish designed for interior walls and ceilings. It is also suitable for use in wet areas.

Gloss Enamel

Gloss Enamel is a premium quality interior/exterior enamel that has superior durability, gloss and colour retention. It provides a durable, high gloss finish on doors, trims etc wherever a hard wearing and washable finish is required. It is ideal for use in high traffic areas and wet areas.

INDUSTRIAL PRODUCTS

Easi Spray Metal Primer

Easi Spray Metal Primer is based on tough alkyd resin and zinc phosphate that impart good anti corrosive properties on steel. Suitable for agricultural parts, earthmoving equipment, structural steel, switchboards and production line painting. Normally over-coated with conventional air drying spraying enamels such as Superlux Industrial QDR range.

Xtreme Enamel

Xtreme Enamel is a high gloss and quick drying enamel having very good flexibility, water and petrol resistance. Suitable for use on agricultural implements, general machinery and earthmoving equipment.

SPECIALTY PRODUCTS

Coolit Ceram All Metal Primer

Coolit Ceram All Metal Primer is designed to be top-coated with the Coolit Ceram Colour coatings for heat minimisation mainly on metal roofs and metal wall cladding; but can be used where-ever ambient heat build-up minimisation on external metal surfaces is required.

Coolit Ceram Colours

The cutting-edge technology used in the Coolit Ceram colours permits significantly lower heat ingress to penetrate the under-roof space which then radiates through into the living/working spaces of homes and buildings while maintaining maximum durability and service life of the roof coating and the actual roofing material.

Graffiti Buster 200

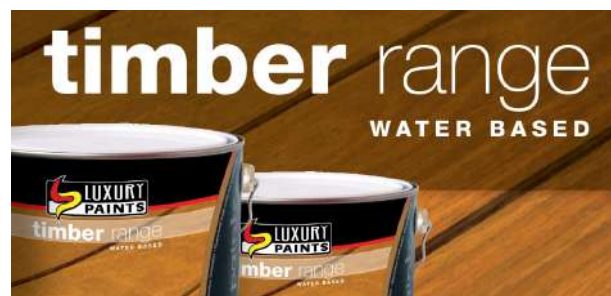

Graffiti Buster 200 is a two pack water based clear anti graffiti coating designed for the protection of stone, brick, concrete and previously painted timber and metal substrates. Graffiti Buster 200 is classified within the "permanent type" of anti graffiti coatings as it withstands repeated graffiti cleaning cycles before re-application is required.

TIMBER PRODUCTS

Acrylic Timberclear Tuff

Acrylic Timberclear Tuff is a penetrating, clear, water borne exterior finish for timber decks, doors, windows and garden furniture that have been primed with Timberprime Clear. Acrylic Timberclear Tuff is formulated to retain the natural appearance by highlighting the timber grain whilst giving maximum protection against ultraviolet degradation and fungal.

Notes

Lined writing area for notes.
