HELP US WITH FAMILY FEEDBACK

It's an important time of year to pause and reflect on our HRC experience thus far. This is OUR shared community so we ask for 100% participation from current families to better plan the upcoming school year to meet OUR shared needs. What has went well at the Westview campus? What would you like to see improved for better learning and connections? Are you planning to returning to the HRC in the fall? If so, what courses or services would your family be most interested in? Please provide any/all specific praises, concerns, or suggestions. We are asking EVERY HRC family to complete [this brief survey](#) by March 1.

Thank you for your valued input & ongoing support!
