What is PACE?

PACE Offers an Alternative to Nursing Home Care so Frail Seniors Can Age in Place in Their Homes and Communities

Program of All-Inclusive Care for the Elderly (PACE) is a comprehensive, whole-person health care program for frail seniors living with chronic health conditions and other complex needs.

PACE provides high-quality, value-based care to now over **80,000 of our nation's seniors in more than 30 states and the District of Columbia.**

Who Does PACE Serve?

- 55+ and Deemed Nursing Home Eligible by the State
- Can Live Safely in Community with PACE Support
- Lives in PACE Service Area
- 90% Are Dual Eligible for Medicare and Medicaid

PACE Participants Need a High Level of Care

Nearly 60% of PACE participants require assistance with three or more activities of daily living (ADL):

- Bathing
- Dressing
- Walking
- Taking medications
- Transportation
- Shopping
- Cooking

Average PACE participant has multiple, chronic conditions:

- High blood pressure or high cholesterol
- Chronic kidney disease
- Heart disease
- Arthritis
- Depression/anxiety
- Diabetes
- Dementia

PACE is Person-Centered, All-Inclusive Care

As both **insurers** and **providers**, **PACE organizations are able to seamlessly plan and manage all aspects of care for seniors – medical, social and supportive services.** Customized care plans are developed based on the senior's individual needs and are implemented by an interdisciplinary team of clinical and health care professionals.

WelbeHealth's PACE Center

One Location Meeting Multiple Health and Social Needs

Care Center

- Socializing with peers
- Music, art and activities
- Meals

Personal Care

- Salon services (hair, nail, and other personal care)

Gym

- Physical & occupational therapy

Health Clinic

- Primary and specialty medical care
- Dental, vision, hearing
- Prescription and OTC medication covered
- Counseling/mental health services

Participants are provided transportation to visit a PACE Center 2-3 days per week. Other care is supplemented with home health or via Telehealth.

Why PACE?

PACE Programs Have Positive Health Outcomes

Less than 1
emergency room visit
per member per year.

60%
lower preventable
hospitalization rate
than dual-eligible seniors
not enrolled in PACE.¹

80%
of seniors no longer
depressed after enrolling
in PACE.

PACE Keeps Participants Healthier, Saving Taxpayers Money

PACE programs on average **cost 12 percent less** than the cost of caring for a comparable population through other Medicaid services.

PACE Participants and Their Caregivers Report High Levels of Satisfaction

- Participants rated their satisfaction with PACE as **4.1 out of 5**.
- More than **96 percent** of family members are satisfied with PACE, and **97.5 percent** of family caregivers would recommend PACE.
- PACE reduces family caregiver burden.

Nationally, the Need for PACE Programs is Expected to Grow

- The number of older Americans (age 65 and over) will continue to grow to **77 million** by 2034.
- By 2029, **20 percent** of middle-income adults will have high health care and functional needs, while **60 percent** will experience mobility limitations.
- PACE is well suited to meet these needs through high quality long-term home and community-based care.

ABOUT WELBEHEALTH
