After having dinner and playing with toys, it was time for bed, but Khadija – as usual – didn't want to go to bed, so she started to make excuses and delay bedtime in every way possible. At that moment, her father had a brilliant idea: why not play a role-reversing game? They agreed to try this entertaining game. Will Khadija succeed in putting her father to sleep tonight? You won't know the answer until you read the story! This book aims to help children overcome their fears and resistance to the topic of sleep.
