AMBIENTE FURNITURE S/C

The factory

The Ukrainian subsidiary of Actona Group was established in 2005 north west of the city L'viv. Ambiente Furniture has less than 60 km to the Polish EU border and less than 1,500 km to most capitals in Europe.

Employing more than 340 people the companys production capacity is more than 80 trucks per month.

The furniture is sold exclusively through Actona Group and can be shipped directly to you or your distribution network.

FSC™ CERTIFIED

We are very proud that Ambiente is fully FSC certified. That means that all wood used in our furniture is FSC certified wood – from the frame to the legs.

All the wood we use comes from FSC certified forests, where no more trees are harvested than the forest can reproduce – so there will be forests for generations to come. At the same time, all wildlife in the forest is protected and the foresters are trained and receive proper safety equipment and pay.

European standards

The products are all produced according to European standards and with a comprehensive system for training, education and quality assurance to ensure our high-quality standards.

Ambiente Furniture has its own product development, technology department, training and instructor setup for training new employees and easing implementation of new products in production.

We have in-house processes for frame building, foam cutting, cover cutting, sewing, assembly, process inspection and final QC.

Full control of the production process

1. Building frames
2. Foam cutting
3. Cover cutting
4. Sewing
5. Assembly
6. Process inspection
7. Final QC

Production

Since Ambiente Furniture has its own joinery there is full control over the whole process, which allows the development of unique products with a focus on artisanal traditions. The wooden frame included in the sofas is high quality and made from FSC-certified wood.

All the covers are sewn in-house by experienced sewing operators understanding the quality requirements. The upholstery primarily consists of different types of flexible foam and is produced in the EU. The result is the production of high-quality sofas.

Sofas

Baywater

- Channels bring a textual sense to the fabric
- Slim, round legs
- Danish design exclusively protected for Actona
- FSC™ certified

Ready to make a statement? Because those vertical channels are wow-worthy. They are not only a showstopper but also brings a textual sense to the fabric. With the clean lines, minimalistic silhouette and straight legs, the sofa is sophisticated but offers a trendy twist due to the channels.

2.5-Seater with chaise

Size W283 D163 H73 cm

Benalla

- Fabrics in modern colours
- Trendy square stitching
- Slim legs
- Loose back cushion
- Danish design exclusively protected for Actona
- FSC™ certified

Incorporating classic lines with a minimalistic form, this range is the perfect addition to any modern home. Fabrics in a selection of modern colours provide an elegant, yet stylish look to the sofa. Those slim legs are the perfect contrast to that soft seating. And what about those square stitching details – seriously stylish, seriously comfortable.

2.5-Seater with chaise

Size W286 D175 H85 cm

Emerson -A2

- Contemporary, timeless design
- Wide armrests and great back support
- Fully reversible back cushions
- Enhanced with metal legs for a lightweight design
- Danish design exclusively protected for Actona
- Available in different styles and colours
- FSC™ certified

A range consisting of contemporary yet timeless designs. They embody the perfect elements to keep your living area visually balanced, while the wide armrests and airy cushions were added to provide your body with the right support. The modern proportions encourage relaxation. The appearance is enhanced with metal legs giving the models a sheer lightweight design.

Norstrom

- A range with lounge feeling and casual attitude
- Soft-touch fabric with an exclusive look
- PU foam and fibre fillings for comfort
- Danish design exclusively protected for Actona
- FSC™ certified

This range encourages relaxation – so just take a deep breath and enjoy. With a very low seating height and low, straight backrest, the sofa has a serious lounge attitude. You can easily spend a whole Sunday on this sofa as it is upholstered with PU foam and fibre fillings for comfort. And the soft fabric with an exclusive look just brings the sofa and ottoman to the next level. You get high-level comfort and a casual, stylish attitude. How good is that?
