THE SPA COLLECTION

WWW.HANGINGGARDENSOFBALI.COM

OVERVIEW

Suspended above the sacred Ayung River and embraced by the emerald folds of the jungle, The Spa Collection at Hanging Gardens of Bali is a sanctuary shaped by water, stone, and the quiet rhythm of nature.

Here, wellness unfolds slowly — accompanied by drifting mist, distant waterfalls, and the timeless atmosphere that has long defined Bali's most iconic jungle retreat.

THE SPA VILLAS

Bathed in natural light and framed by panoramic jungle views, each spa villa is designed as a private haven of stillness.

Twin treatment beds, rain showers, open-air baths, and generous daybeds for traditional foot rituals create an experience that feels deeply intimate while remaining fully connected to the surrounding landscape. Beyond the picture windows, the jungle lives and breathes — birds moving through the canopy, the river flowing endlessly below.

THE RITUAL

Every spa journey begins with a traditional Balinese welcome ritual designed to quiet the senses and prepare the body for deep relaxation.

Guests are welcomed with chilled rosella tea, cooling peppermint and eucalyptus towels, and a mineral-rich foot cleansing ritual infused with sea salt and fresh lime. Each experience concludes with a warming ginger herbal infusion, leaving behind a lingering sense of calm and renewal.

BOTANICAL HEALING

Drawing inspiration from Bali's ancient healing traditions, treatments incorporate indigenous botanical ingredients sourced from our estate and surrounding countryside. Avocado nourishes and softens the skin with restorative natural oils. Ginger awakens circulation and restores balance to the body, while antioxidant-rich cocoa revitalises and gently renews.

BESPOKE EXPERIENCES

Whether enjoyed individually or as a couple, each treatment is designed to unfold in an atmosphere of complete serenity. Experiences may be enjoyed within our private spa villas or beside the seclusion of your own villa bale. Selected treatments can also be arranged, subject to availability, on the riverside deck above the Ayung River or in a private setting overlooking the resort's iconic infinity pool.

Guided by skilled Balinese therapists, The Spa Collection draws upon Bali's enduring wellness traditions, with every experience thoughtfully adapted to the needs of the individual guest.
