Vandal-proof furniture

GID is a leader in vandal-resistant furniture, providing solutions of maximum resistance and security. With a national and international presence, we guarantee quality, durability and customization in each project, adapting to the needs of our clients.

Anti-vandal furniture

Who is GID?

GID began activities in 1994 as a manufacturer of furniture for prisons, hospitals, laboratories, industrial kitchens, offices and special designs.

In 1996 he obtained recognition in the VI Latin American Applied Design Contest, for the manufacture of the “Combo” (integrated toilet and sink), designed in stainless steel.

Since 2005 **GID** has been ISO 9001 certified.
