

*Goodbye To
a Friend*

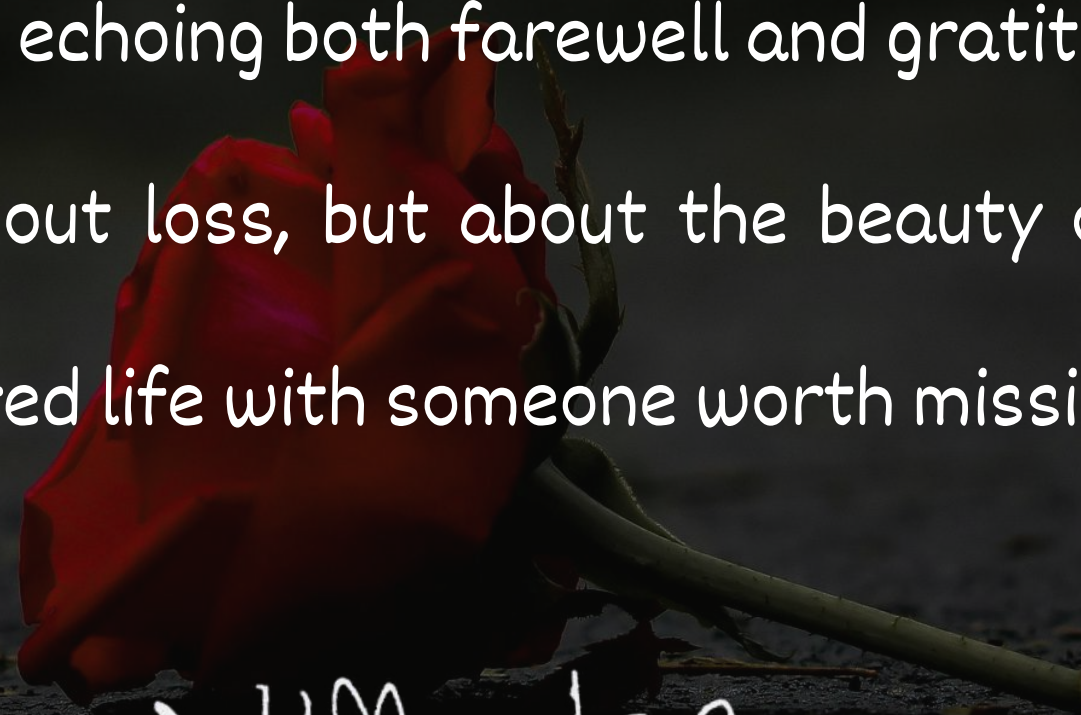

Villy Keppe

Preface

Goodbye to a Friend - It's a tribute to memory, friendship and the way music can hold our stories in its strings.

Stripped back to guitar, the song finds its most vulnerable form. Each note echoing both farewell and gratitude.

It's not just about loss, but about the beauty of having known and shared life with someone worth missing.

7. Rainbow

I can see you in the sky
I can feel you everytime
When I close my eyes

You are gone you are dead
Can't get you out of my head
Will we meet again

Chorus

I wonder why I see no rainbow
Close my eyes so I can feel it

I don't know what I shall do
I will only be with you
Wonder where you are

Chorus

I'm so sad today
Tears won't stop
I don't like my life anymore

8. Sadness

So much sadness
So much pain
I don't like this world anymore

Chorus

There so many places I hate
Many people I don't like
Will I always be like this
Must I be in the dark

I will take a walk
In the rain
I don't wanna talk
Got nothing to say

Chorus

Thank You

To each of you who listens, shares and supports.

Thank you.

Independent music doesn't survive on numbers, it survives on people.

Your presence makes every chord matter and every song worth singing.

This is for you, and because of you.
