YOU HEARD IT HERE FIRST!

I'm not sure where to begin how to explain my life over the past year. I learned that amusement and chaos often go hand-in-hand. But, I also learned how to advocate for myself, fight for a dream and live on a prayer. Sometimes, when you fall apart, life falls into place. As cliché as it sounds, our days are truly about just living and learning- and sometimes all you can do is just keep it together.
