Welcome to Academic Year 2026

Dear Parents,

As we step into the new year, our focus remains the same: building strong foundations, making steady progress, and ensuring learning is something students genuinely enjoy.

In 2026, we will refresh every lesson to reflect the latest exam trends and introduce more joyful, hands-on activities—complete with meaningful giveaways—to keep students energized and engaged.

We are also bringing our lessons beyond just the classroom, with monthly Summary Webinars you can tune in right from home.

EverLoop will become an even richer learning companion. Students will have access to supplementary worksheets and clear, step-by-step video explanations for every question — so they can learn anywhere, anytime. As they complete each pack, Bonus Bucks will reward consistency and help motivation snowball.

We'll also harness new platforms to widen access: TikTok Live sessions where we practise questions together in real time, and Chinese bedtime story podcasts that gently build language exposure in a calm daily rhythm.

Small, consistent effort compounds. With EverLoop and our new initiatives, it's easier—and more enjoyable—than ever for students to stay on track.

We're excited to share more about our plans for AY2026 and look forward to being a trusted partner in your child's learning this year.

Warmly,

The AGrader Team

A BIG Thank you to Our Students & Parents

I love how Everloop helps my kid to revisits the topics that he had learnt before previously. He gets to practice and have detailed explanations through the teaching videos for questions that he had done wrongly. This makes him understand the topic even more. Booking of Everloop lesson at the learning center can be done conveniently online. Recommended!

My girl attended the PS Science Bootcamp on June 23. She really enjoyed the 2 days' lessons. I can see her improvement in answering techniques after the lesson. And we also can always recap what had learned during the lessons as the lesson was recorded and provided for unlimited review.

Both my kids enrolled in AGrader since July last year. Have seen improvements in their results. My son tried the March online booster Math and Science programme. It helps to deepen his understanding and also to revise what he has learnt and how to apply the correct key points in Science. I hope he can achieve better grades in the coming PSLE!

My daughter joined science march booster program and although it quite compact and long straight hours of study but she still enjoys it. Interactive lesson with Kahoot quiz makes it fun for children. The material seems not an easy question which is good and to learn new topics.

Better Support, Smoother Learning with AGrader

In AY2026, **AGrader** is introducing new enhancements designed for families. Parents can look forward to **greater convenience, transparent fees, and complete peace of mind**, while every child enjoys make-up options, **uninterrupted learning support, and proven results**.

Make Up Lessons

Missed a class? No worries!

Parents can book a make-up within the **same week** at your child's **enrolled branch**.

Can't secure a slot? Fret not!

Your child will automatically receive access to **LessonTube** — our library of recorded lessons, so they can **catch up anytime, anywhere** without missing a beat.

Peace of Mind with Credit Notes

Worried about lesson fees if your child is absent?

You're covered!

Parents can **receive up to 2 Credit Notes per term** with supporting documents:

School letter | Medical certificate | Travel documents (*travel period must be at least 5 days*).

Public Holidays

No lessons or charges on public holidays.

Best of all: No new topics will be introduced, and students can still **access the full lesson via LessonTube** to stay on track.

Fee Structure You Can Trust

Lesson fees will be **calculated based on the actual number of academic weeks in each month**.

Months with **more weeks** → fees will be slightly higher

Months with **fewer weeks** → fees will be lower

With this straightforward and transparent approach, parents can enjoy **peace of mind and fairness**.

LessonTube Guarantee

Missed a class and the make-up timings don't fit your schedule?

If make-up slots don't work, **LessonTube** lets your child watch the full lesson — just like being in class!

All enrolled students enjoy **24/7 access to our high-quality recordings** for worry-free learning.

Pre-Primary
K1 - K2

Nurturing Early Success in Pre-Primary English & Math

In 2026, our Kindergarten Curriculum Team continues to bring learning to life, making every lesson both fun and purposeful.

From **weekly spelling flashcards** that strengthen literacy, to **educational gifts and manipulatives** that turn abstract ideas into hands-on exploration, our approach ensures children stay engaged, curious, and confident.

At AGrader, every activity is thoughtfully designed to nurture a **love for learning, strong foundational skills, and joyful classroom experiences.**

What's New in 2026

Interactive Phonics Reader

Each term, students will receive a **brand-new phonics reader**, paired with a **talking pen**. This innovative tool empowers children to read **independently at their own pace**, while built-in interactive activities reinforce phonics learning in a fun and meaningful way.

Spelling Videos

To complement weekly spelling practice, AGrader is rolling out **weekly spelling videos**. These allow children to **revisit spelling words anytime at home**, giving them the chance to practise independently, gain confidence, and strengthen literacy skills beyond the classroom.

Together, these new tools ensure that learning is not only engaging in class, but also **extended meaningfully into the home environment.**

Our K2 Chinese Program makes language learning engaging, meaningful, and confidence-building. Through lively activities and contextual teaching, students strengthen their listening, speaking, reading, and writing skills in a fun and relaxed environment.

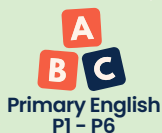

The program nurtures a genuine love for the Chinese language, empowering children to use it confidently at home, in school, and in daily life. Closely aligned with the MOE framework, it builds a strong foundation for a smooth transition into Primary One.

What's New in 2026

- ✓ **Thematic Teaching Animations**
Visually engaging animations bring each theme to life, making lessons more immersive, interactive, and memorable for young learners.
- ✓ **Structured Hanyu Pinyin Lessons**
Systematic, step-by-step teaching ensures children build a clear and confident understanding of Hanyu Pinyin, strengthening their reading foundation.
- ✓ **Smart Learning Word Cards**
All-in-one cards display characters, Pinyin, stroke order, word formation, and example sentences — an effective tool for both class learning and home practice.
- ✓ **Interactive Storybooks**
Digital storybooks aligned with lesson content expand vocabulary, improve comprehension, and develop a stronger sense of the Chinese language.
- ✓ **Handy Hanyu Pinyin Handbook**
A practical reference guide that makes practice and revision quick, efficient, and easy!

The AGrader Curriculum: *Structured for Success*

Our Primary English Success Formula

Our **Primary English** curriculum strengthens **core language skills** through clear modelling, cyclical practice and timely feedback so students build confidence in their foundation of the language.

What's New in 2026

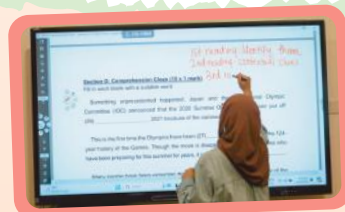

Kahoot!

Kahoot Quizzes For P1–P2:

Kahoot! quizzes are being added for our younger learners so they can join the fun while revising key concepts in a lively, **game-based** way.

Monthly Concept Checks (All Levels)

Once-a-month quizzes will help students review what they have learnt and track progress, with the added motivation of Bonus Bucks for effort and accuracy.

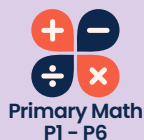

Applied Across Components (P5–P6):

Worksheets will now combine components that test the same underlying concepts, teaching students to transfer and apply skills across sections such as grammar, grammar cloze and synthesis and transformation. This trains students to apply themselves & ensures adaptability in exams.

The AGrader Curriculum: *Structured for Success*

Primary Math
P1 – P6

Mastering Concepts with Primary Math

Our Math curriculum is built on a step-by-step scaffolding approach ensuring every child learns progressively, with consistent practice, clear strategies, and regular checkpoints to strengthen understanding and build confidence.

What's New in 2026

Visual Aids

We've enhanced our **student-friendly cheat sheets**, making it easier for students to grasp and remember key formulas and concepts. Plus, **new learning videos** will be introduced for selected topics, making lessons more interactive and engaging.

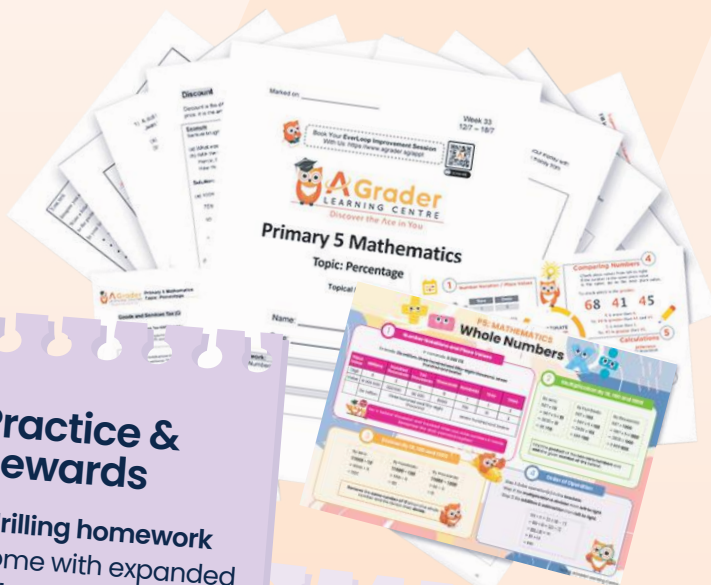

Practice & Rewards

Optional **drilling homework** will now come with expanded **Bonus Bucks rewards**, motivating students to practise more consistently and master concepts with confidence.

Challenge Opportunities

For students who are ready to stretch further, we've added more **weekly higher-order thinking questions**, designed to sharpen problem-solving skills and push learning beyond the basics.

The AGrader Curriculum: *Structured for Success*

Curiosity and Discovery in Primary Science

At AGrader, Science lessons from Primary 3 to 6 remain hands-on and engaging, with experiments and activities that bring concepts to life, spark curiosity, and strengthen critical thinking skills.

To deepen understanding, students are supported with concept maps, structured worksheets, and self-revision tools that help them connect ideas, organise knowledge, and retain what they've learnt.

This balance of practical exploration and structured learning support ensures every child builds lasting confidence and strong science foundations.

What's New in 2026

Gamified Revision with Blooket Quizzes

Selected worksheets now feature short, interactive quizzes that make revision fun, bite-sized, and easy to revisit at home.

Rewards for Independence

Students can now earn additional **Bonus Bucks** by completing **self-revision sections**, encouraging consistency, responsibility, and self-directed learning.

The AGrader Curriculum: *Structured for Success*

Creative Writing
P1 – P6

Building Strong Essay Skills through Creative Writing

Our **Creative Writing** curriculum builds confident young writers through clear modelling, guided practice to increase exposure and purposeful feedback so students develop strong habits of planning, applying the “show not tell” writing technique and revising with intent.

Power-Packed Word Banks

- ✓ Every new student will receive a **core word bank of high-impact phrases** (for emotions, settings, and more) to use meaningfully across their writing.
- ✓ **Weekly theme-based word banks** now include example sentences, helping students apply new phrases with ease even after lessons.
- ✓ **Revamped Primary 5 & 6 worksheets** introduce new segments such as topic essence and enhanced scaffolded writing tasks, making essay mastery more accessible and structured.

Extra Practice Options

- ✓ Additional optional sections at the back of worksheets allow students to **revisit skills independently**, reinforcing mastery at their own pace.

The AGrader Curriculum: *Structured for Success*

Our Proven Formula for Chinese Success

在我们中心，华文学习不再是枯燥的记忆，而是一段互动、有趣的学习旅程。课程结合国际认可的 5E 教学法（Engage 导入 → Explore 探究 → Explain 讲解 → Elaborate 拓展 → Evaluate 评估），并紧贴 MOE 考试大纲，通过听、说、读、写的全面训练，帮助孩子们自信地运用华文。

2026 教学亮点

- ✓ **字词教学 PPT 化**
图文并茂，让课堂更生动有趣。
- ✓ **《词语手册》**
系统整理与复习词语，高效巩固所学。
- ✓ **双面听写单**
正面为听写内容，反面附拼音，方便居家练习。
- ✓ **《口试手册》**
提供实用材料，全面提升口语表达能力。
- ✓ **全新《汉语拼音手册》**
学习与复习更方便，快速查找更高效。

At AGrader, learning Chinese is no longer about memorisation but an interactive and engaging journey. Lessons are built on the internationally recognised **5E teaching model** (Engage → Explore → Explain → Elaborate → Evaluate) and are closely aligned with the **MOE syllabus**. Students undergo comprehensive training in **listening, speaking, reading, and writing**, equipping them with fluency and the confidence to use Chinese meaningfully in school and beyond.

What's New in 2026

- ✓ **Interactive Vocabulary Lessons**
Lively, visual-based teaching makes new vocabulary easier to understand, remember, and apply in context.
- ✓ **Word Bank Handbook**
Systematically organises and reviews vocabulary to reinforce learning and provide quick reference for revision.
- ✓ **Enhanced Spelling Lists**

Boost Language Mastery With Secondary English

Our Secondary English curriculum builds confident, analytical writers and readers through clear modelling, purposeful practice and focused feedback.

What's New in 2026

Independent Practice (All Levels)

- ✓ Optional sections at the back of worksheets let students recap and practise key skills in their own time to strengthen mastery.

Deliberate Composition Review (All Levels)

- ✓ Dedicated time for composition review helps students refine drafts, act on feedback and reflect on how to improve their writing.

Stronger Scaffolding (Lower Secondary)

- ✓ Additional step-by-step support will ease students into newer components, guiding them from worked examples to guided practice, then to independent application.

Secondary Math
Sec 1 to O Levels

Ace Secondary Math with Ease

Our Secondary Math curriculum is structured to provide students with consistent practice and regular checkpoints for understanding.

Each topic builds from
Topical Notes & Exercises
(fundamentals & key concepts)

Checks for understanding:
Topical Quizzes at the end of each
topic & Revision for Weighted
Assessments to prepare for school
tests and build exam confidence.

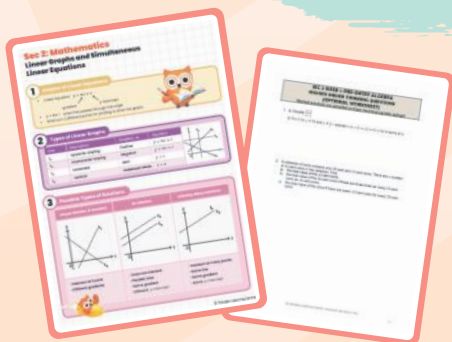

Topical Review Exercises to
consolidate understanding

**Memory aids: Colourful cheat
sheets** summarise key formulas
and concepts.

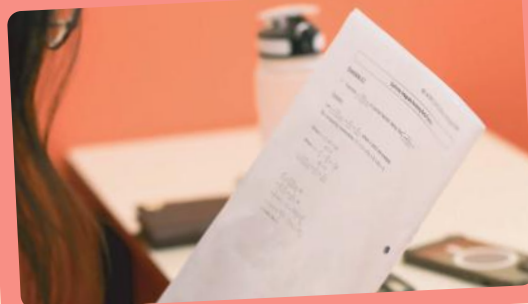

What's New in 2026

Cheatsheets will now be **termly** instead of topical, helping students consolidate learning and grasp key concepts quickly.

EverLoop, our after-class revision system, will feature more practice questions and solution videos to support self-paced, independent learning.

Weekly worksheets will **align with the latest O-Level trends** for better exam readiness, while fast finishers in lower secondary will receive extra challenging questions to extend their learning.
