GALAPAGOS COLLECTION

As lovers of nature and admirers of Ecuador's landscapes, the mother-daughter duo wanted to pay homage to one of the most unique places on the planet. They found inspiration in its vibrant colors, distinctive shapes, and rich textures, leading to the creation of what they've personally dubbed their most intimate collection.

Adriana and Andrea spent numerous days immersed in the observation of the organic shapes present in the flora and fauna of the Galapagos islands. Upon their return, they initiated the creative process: translating their ideas into sketches and refining those sketches into tangible prototypes, giving birth to the GALAPAGOS collection.

TEN COLLECTION

A reinvention of modern architecture in furniture design, inspired by the masterpieces of two creative geniuses: Oscar Niemeyer and Zaha Hadid. Niemeyer's designs, characterized by a propensity towards curves and inspired by the free-flowing and sensual movements found in ocean waves, served as a conceptual milestone for us. The collection features curved legs with delicate metal accessories, a medium wood finish, and fabrics in a neutral color palette, showcasing exquisite details.
