From the CEO's Desk

At MBK Marine Industries, we take pride in our premium positioning and clear regional vision, which have been pivotal in our relentless pursuit of excellence. We have established a reputation as a benchmark for quality, excellence, and product reliability, even among the most discerning and demanding clients. Our success is a testament to the ambition, talent, and dedication of our team, as well as the invaluable support of our partners. Thanks to their contributions, we are able to take a long-term view when it comes to investing our capital and planning for the future.

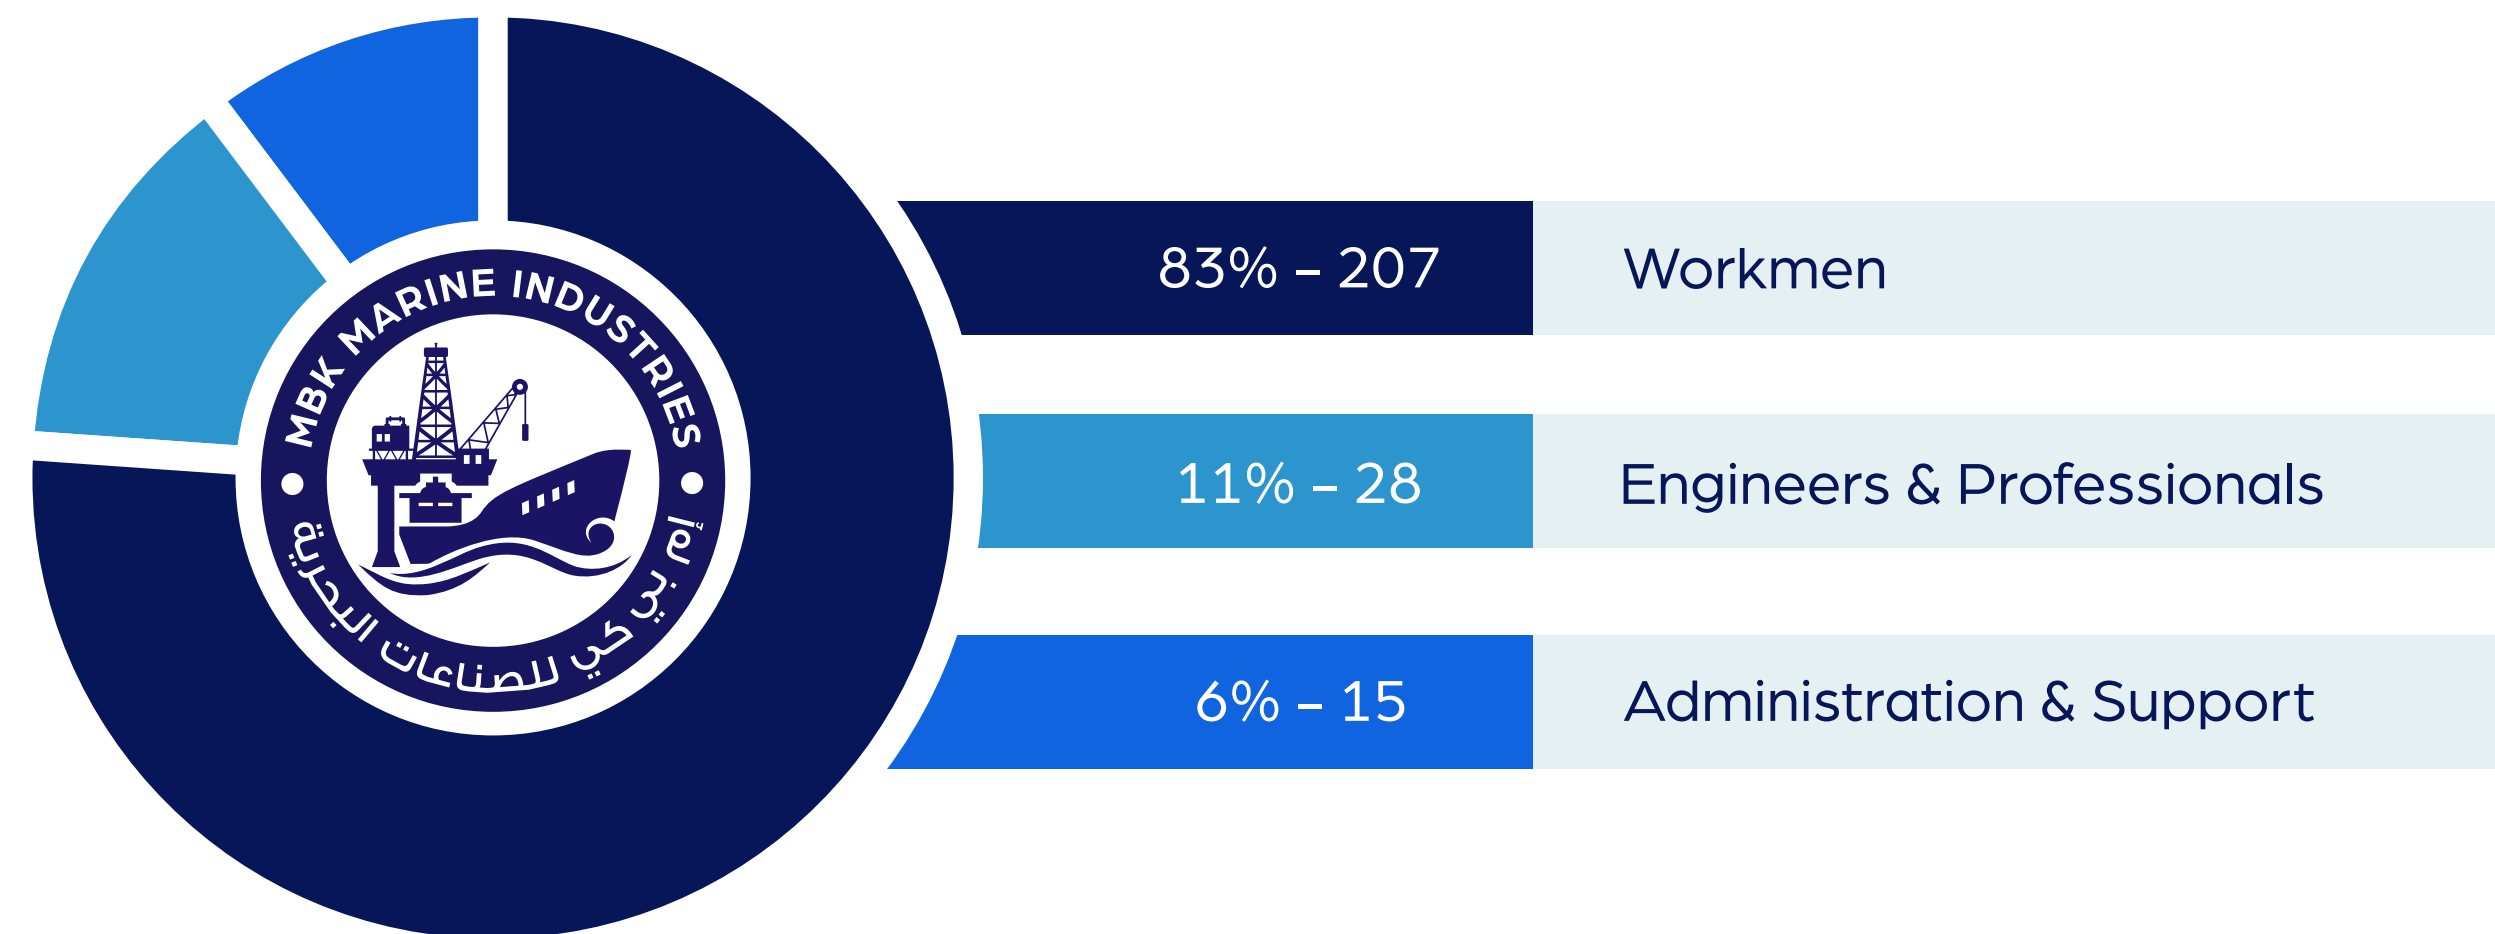

Development of MBK Marine

MBK Marine Industries L.L.C was established in 2019 in Abu Dhabi by H.H. Sheikh Mohammed Bin Khalifa Bin Zayed Al Nahyan with a vision to become a leading provider of one-stop-shop solutions in the Marine, Oil & Gas, and Industrial Construction sectors in the GCC region. The company operates a Shipyard that offers a wide range of services, including Shipbuilding, Repairs & Modifications, Steel Fabrication, Rig Repairs and Modifications, etc. with a focus on maintaining the highest levels of quality and safety. Equipped with cutting-edge facilities and led by a team of highly skilled professionals, MBKMI is dedicated to providing exceptional service to clients. Through the commitment to excellence and client satisfaction, MBKMI is positioned for continued growth and is set to make a significant impact in the industries it serves.

30+ Years of Experience

MBK Marine Industries recognizes the immense value of the Middle Eastern market in the maritime industry. With more than 30 years of experience, our team has successfully completed a wide range of projects, from shipbuilding and repairs to steel fabrication and rig modifications. Our expertise and commitment to excellence make us the go-to provider of comprehensive solutions in the GCC region.

Brand Statement

MBK Marine Industries is dedicated to setting the standard for high-quality shipbuilding, repair, and conversion services for vessels serving UAE ports. Through our constant pursuit of excellence and innovation, we strive to exceed expectations and deliver exceptional results to our clients. With a commitment to maintaining our position as a leading provider of marine services in the UAE, we aim to continually improve and refine our processes to ensure the best possible outcomes for our clients.

Vision

To be a top provider of one-stop-shop solutions in marine, oil & gas, and industrial construction sectors. With cutting-edge facilities and a dedicated team, we maintain the highest quality and safety standards while exceeding client expectations.

Mission

To provide our clients consistent and specialized marine services and solutions accentuating safety, health, quality and environmental viability.

Shipyard Facilities

Located at the prestigious ICAD II (Industrial City Abu Dhabi), MBK Marine Industries shipyard spans an impressive 87,000 sqm of facilities equipped to handle a wide range of marine services.

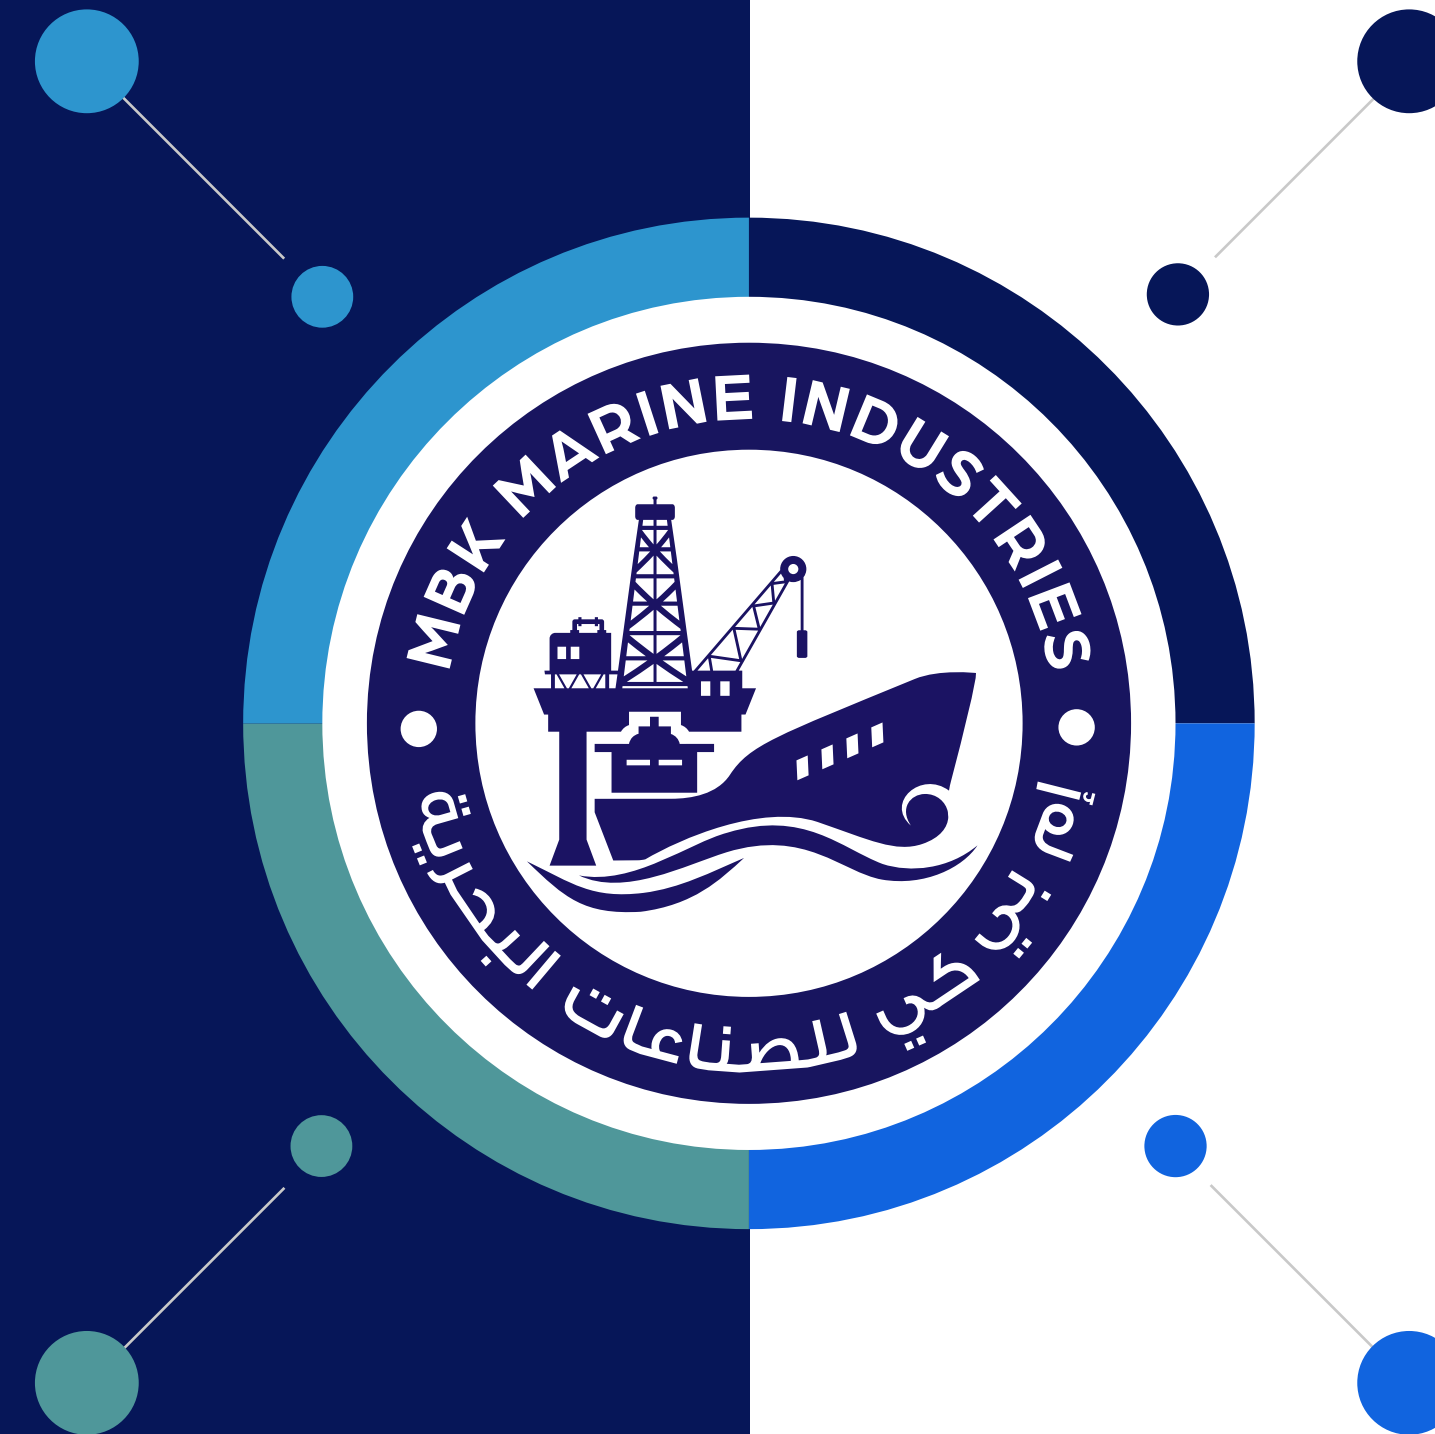

- Shipbuilding, Repairs & Modifications Facilities
- Enclosed Workshops
- Open Sheds with Overhead Cranes
- Showrooms & Shops

Shipbuilding, Repairs & Modifications Facilities

- 2000 Ton Capacity Floating Dock
- 200 Ton Capacity Bay & Travel Lift
 - 6000 Ton Slipway
- 100 Ton Pulling Capacity Bollard
 - 150 m Jetty with 7 m Draft
- Ramp for Loading & Unloading

Enclosed Workshops

Our shipyard features four units, each with 992 sqm of work space. These units are equipped to handle mechanical and electrical works, as well as a machine shop, carpentry, and joinery. Together, these units provide a total of 3968 sqm.

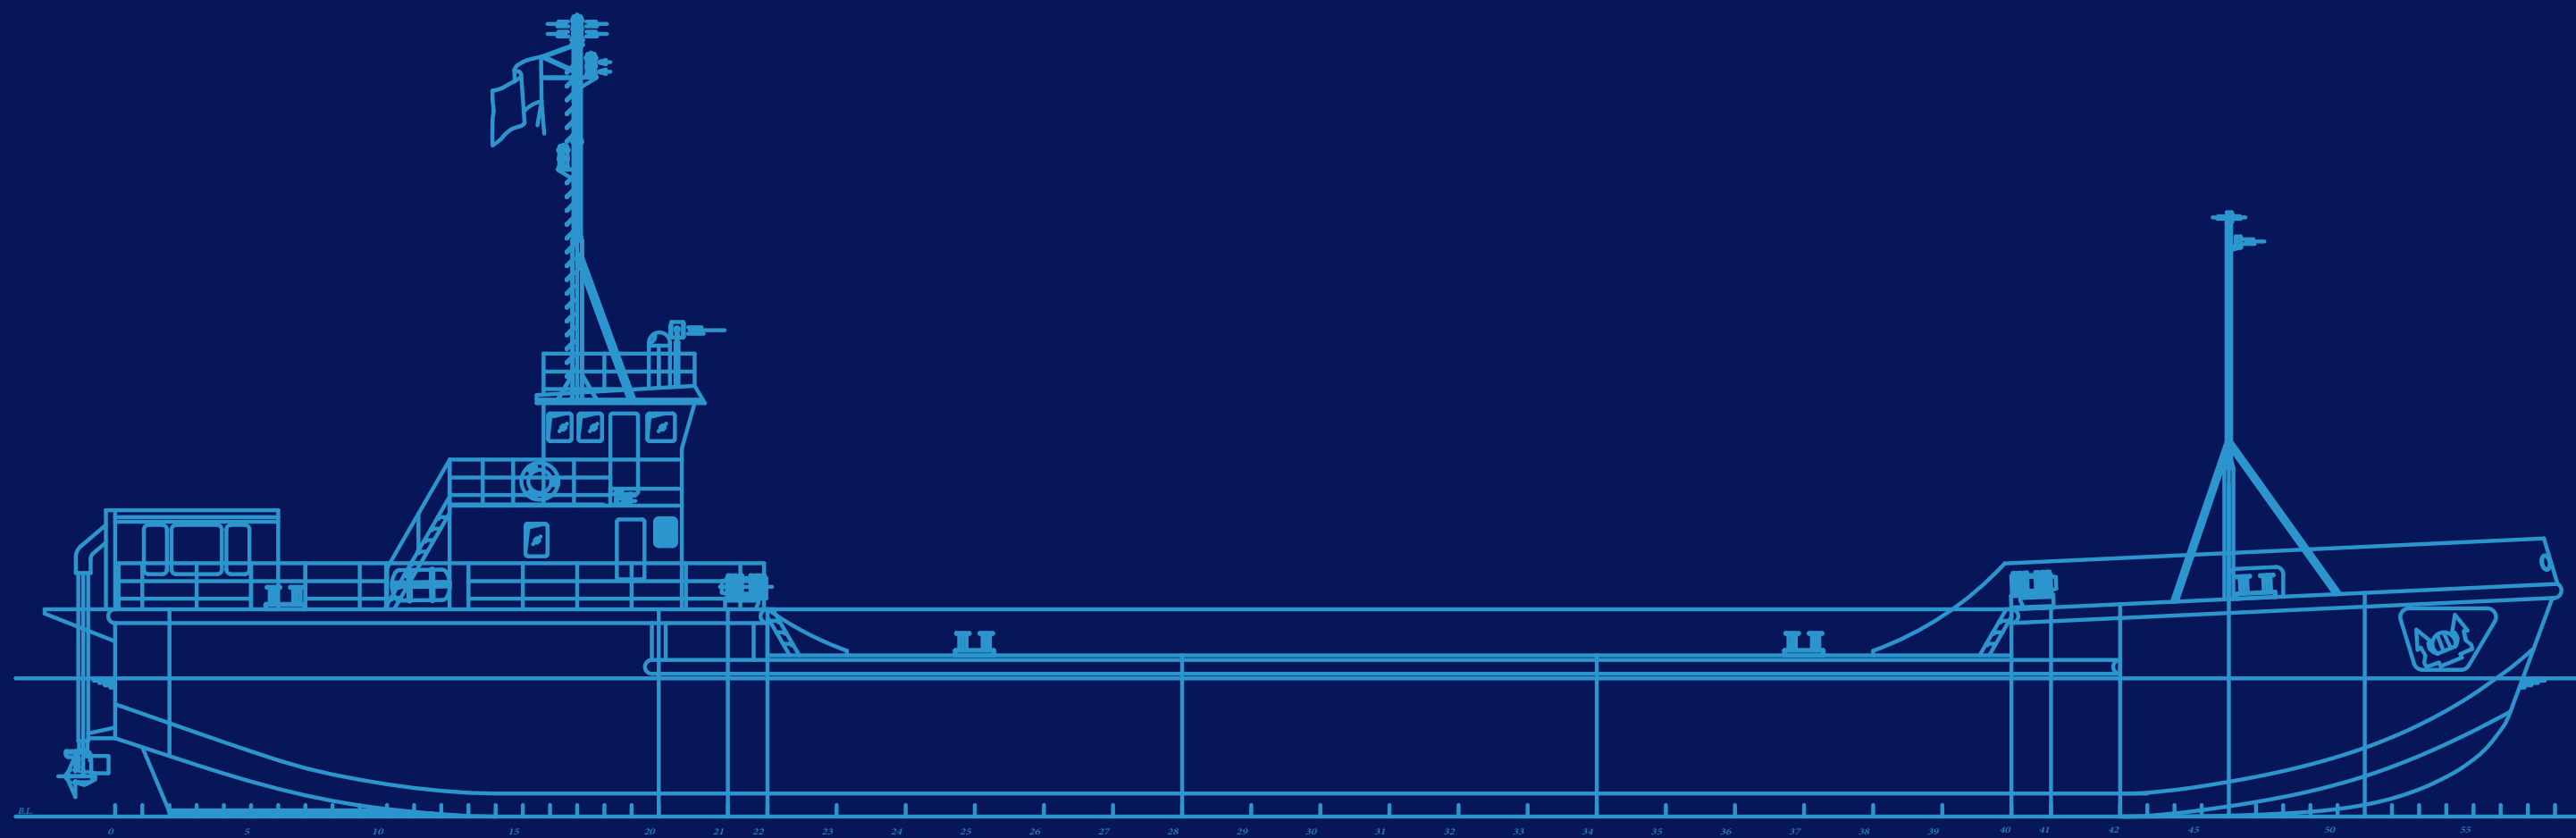

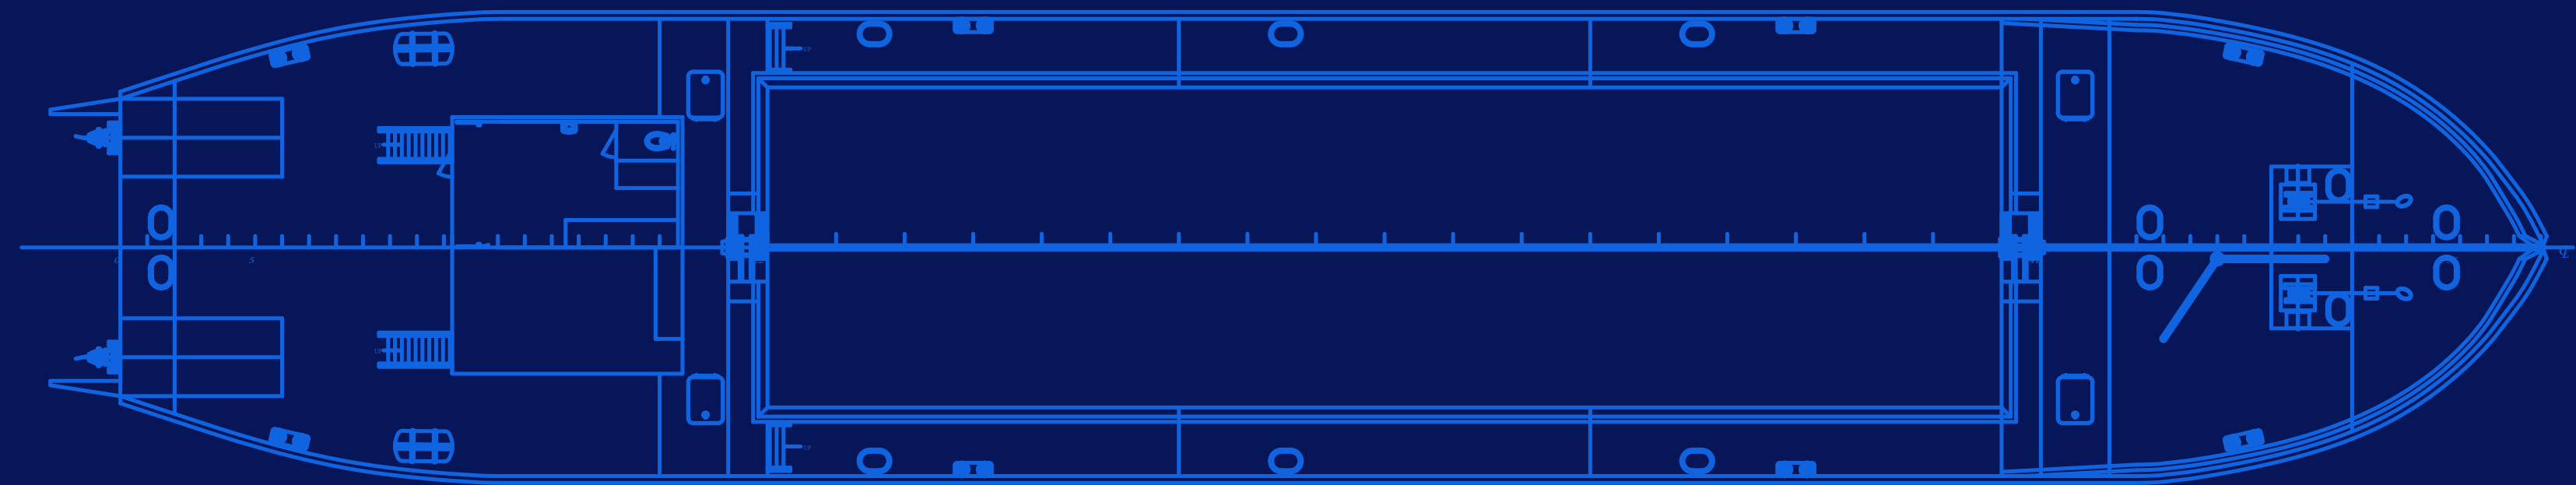

Open Sheds with Overhead Cranes

The shipyard features five open sheds, each equipped with overhead cranes and covering a total of 1600 sqm of space dedicated for pre-fabrication, assembly, and building of new ships and vessels. The facilities include:

- 3x12 m Bed Size CNC Plasma Cutting Machine
- 2,6 & 14 m Capacity Lathe Machines
- 10 Ton Capacity Overhead Crane

Showrooms & Shop Facilities

The shipyard is home to two showroom and shop facilities, each covering 998 sqm of space. These facilities are dedicated to the display of boats and yachts, as well as a marine parts and supplies showroom.

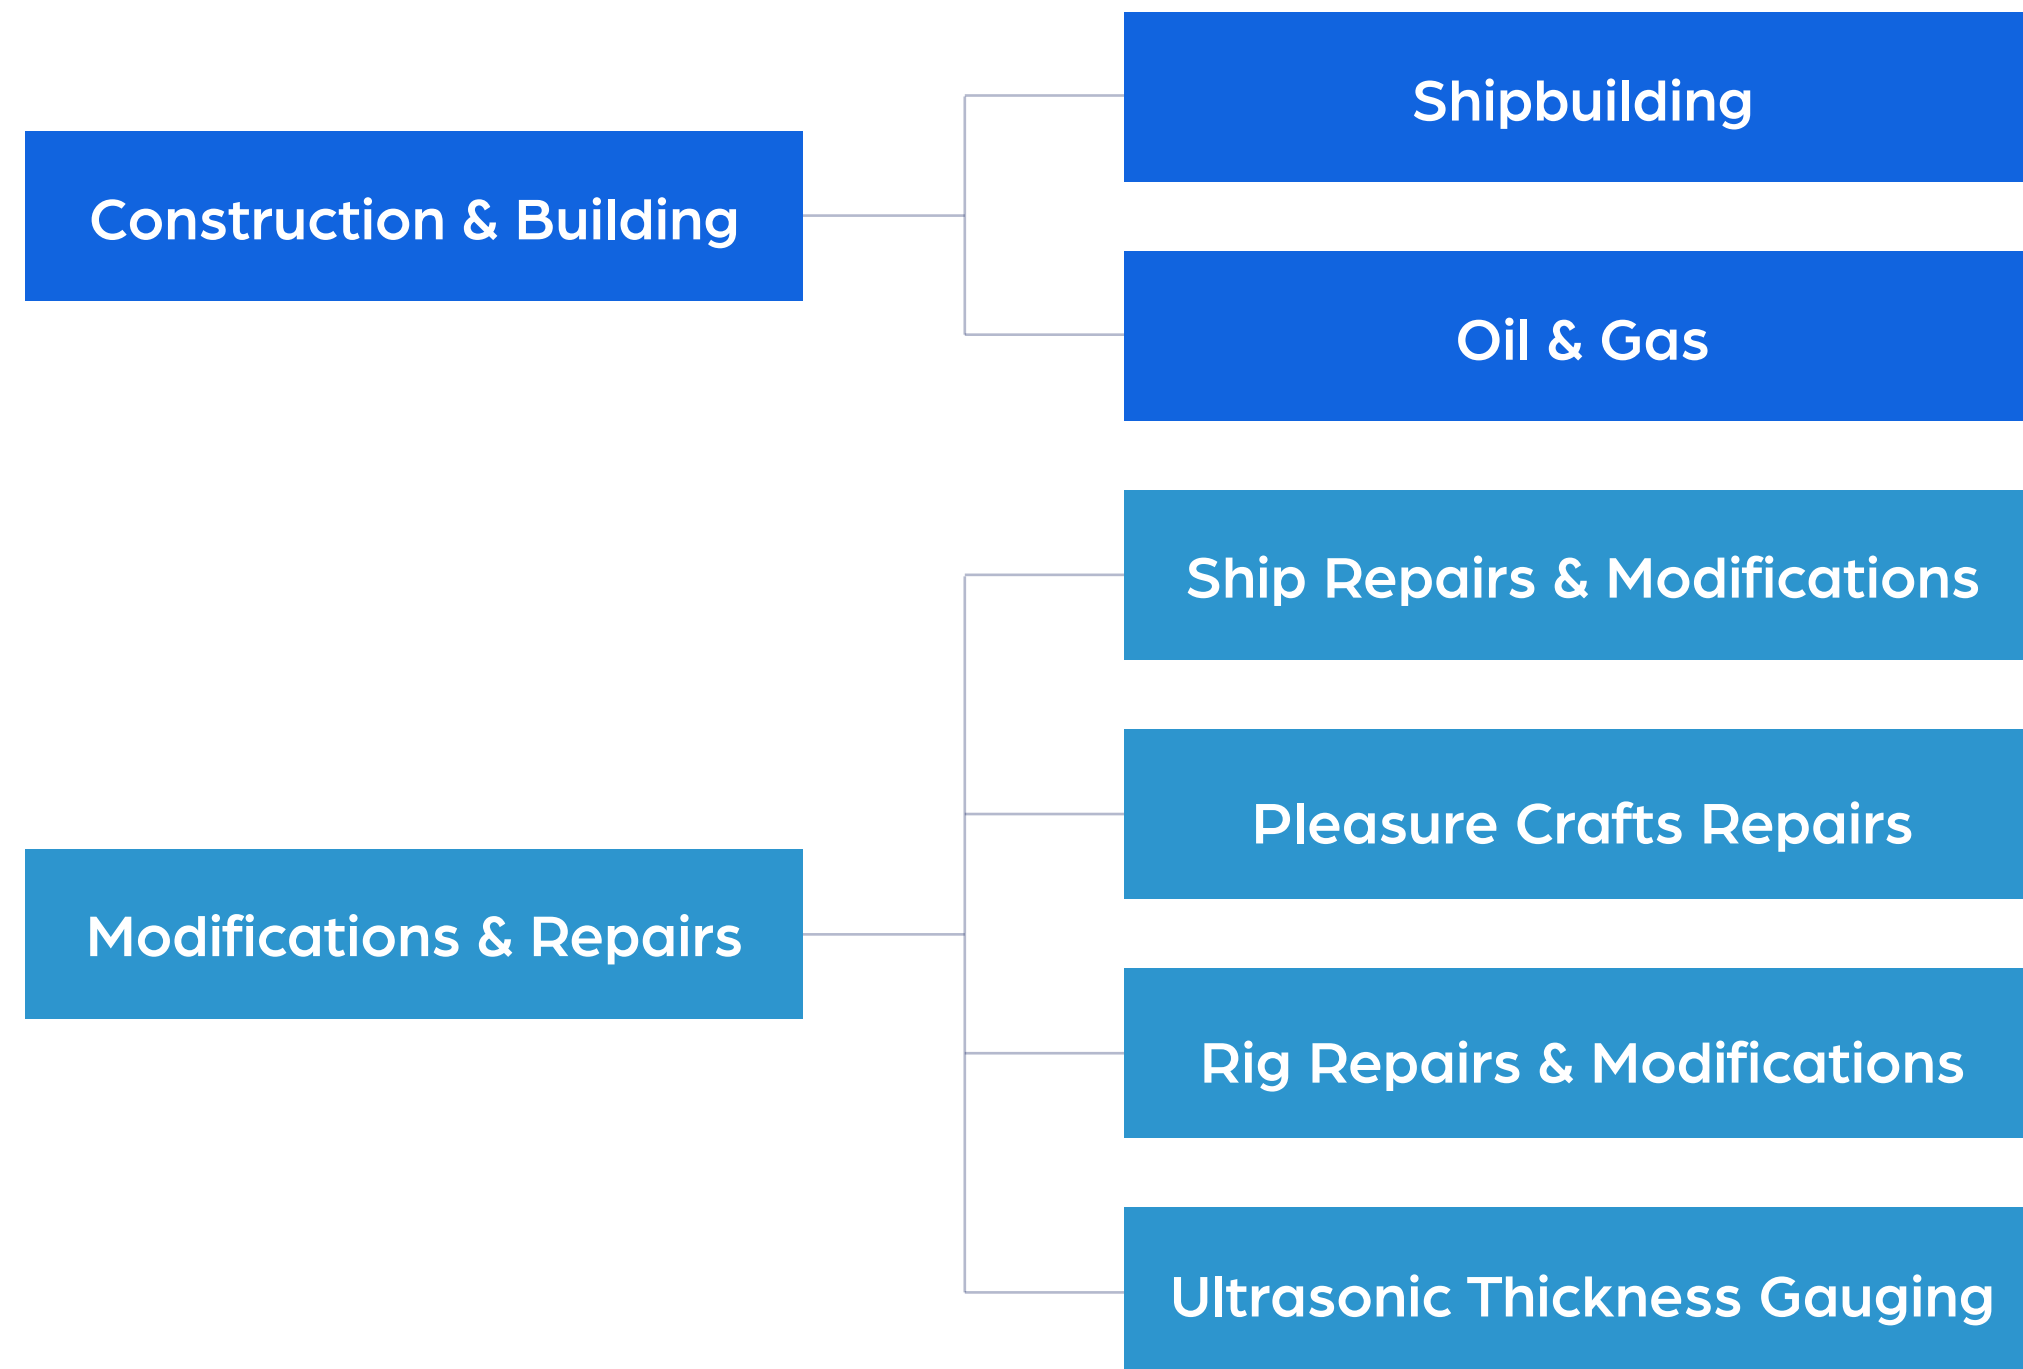

We can't direct the wind, but we can adjust the sail

Services

At MBK Marine Industries, we provide comprehensive solutions to meet all of our clients' needs. Our services include shipbuilding, ship repair and conversions, rig repairs and modifications, private yacht maintenance, ultrasonic thickness gauging, and oil and gas offshore and onshore fabrication and services.

MBK Marine Industries Primary Services

//Services

Construction and Building

Shipbuilding & Conversions

We specialize in various disciplines of shipbuilding, including naval architecture, marine engineering, and project engineering and management. Our expertise extends to both new build and conversion projects for a wide range of vessel types, including barges and other marine vessels. Our team's technical competence and attention to detail allow us to deliver high-quality workmanship and outstanding service.

Capabilities

- Work Boats
- Pleasure Yachts
- Dredgers
- Ferries
- Flat Top Barges
- Supply Vessels

Oil & Gas

We offer a comprehensive range of Oil & Gas fabrication services. Our process emphasizes quality, safety, and sustainability, utilizing innovative practices and technology to ensure efficiency and reduce environmental impact. We also offer radiographic testing bunker facilities to ensure the highest standard of products. Our commitment to excellence in fabrication ensures long-lasting project completion.

Capabilities

- Fabrication of Platforms & Steel Structures
- Fabrication of Pressure Piping
- Radiographic Testing Bunker Facilities
- Fabrication of Jacket & Pipelines
- Fabrication of Cable Laying Structures
- E-Houses

//Services

Modifications and Repairs

Rig Repairs & Modifications

With a team of experienced professionals and advanced technology, we provide a range of rig repair and maintenance services, including structural repairs, equipment upgrades, and refurbishments. Our process prioritizes quality, utilizing innovative practices to ensure the long-term durability and reliability of the rig. Our commitment to excellence ensures that every rig meets the highest standards of quality, providing a valuable asset for years to come.

Capabilities

- Leg & Spud Can Repair
- Cantilever
- High/Low Pressure Piping Fabrication
- Hull & Superstructure Treatment
- Helideck Fabrication
- Ultrasonic Thickness Gauging

Ship Repair & Modifications

Our ship repair and modification services are designed to meet the unique needs of each vessel, ensuring that they operate at peak efficiency.

Capabilities

- Docking & Undocking (Floating Dock, Marine Travel Lift & Slipway)
- Steel & Aluminum Fabrication (Hulls & Superstructures)
- Hull Treatments (Hydro-Blasting, Grift-Blasting, Painting & Coating)
- Hydraulic Works
- Mechanical Works (Tail Shaft, Propulsion Systems, Propeller Repair)
- Carpentry & Joinery
- Overhauling of Pumps, Motors, Valves, Cranes etc.
- Shaft & Propeller (FPP & CPP) Repair & Balancing
- Laser Alignment
- Scaffolding
- Ultrasonic Thickness Gauging

**CERTIFICATE OF
 Recognized Service Supplier**

This is to certify that
**MBK MARINE INDUSTRIES – SOLE PROPRIETORSHIP
 L.L.C**
 located at
 153R19, ICAD II, MUSAFFAH, ABU DHABI, UAE

having been audited by ABS and is issued a one-year provisional approval pending a satisfactory practical demonstration and reporting of the service listed below.
Hull Gauging Firm

Attached Certificate Appendix provides specific scope of approval, authorized personnel, manufacturer authorizations and subcontractors.

It is the responsibility of the Service Supplier to employ, train and qualify persons in the service provided. If the service requires approval from manufacturers, the Service Supplier is responsible to maintain contact with the manufacturer and maintain any service manuals up to date. Where required by the category of service, the Service Supplier shall provide valid evidence that it is authorized or licensed by the equipment manufacturer to service the particular makes and models of equipment for which approval is sought. If approval from the manufacturer is not attained, a surveyor must be present at time of survey to continue work. Alternatively, current written instructions from the flag state are to be obtained to continue work without the surveyor present. Service technicians must present photo identification, evidence of authorizations from manufacturers, as applicable, at the time of service.

The ABS office issuing this certificate is to be kept updated with changes to the management of the company, its employees, equipment and models on the authorization list and any changes made.
