# *Individual* **INSTRUMENTAL** LESSON PROGRAMME

Taking your child's musical talents to the next level  
with our individual instrumental lessons, led by highly  
accomplished Visiting Music Teachers

---

We are immensely proud of the strength and breadth of our Visiting Music Teacher programme. Over the years, we have built a team of some of the most accomplished musicians in Bangkok, who come to our campus each week to share their expertise and passion with our students.

The quality of teaching is at the heart of what we do, because we know that nurturing young musical talent requires not only dedication and encouragement, but also the very best guidance. Through this programme, every student has the opportunity to learn from exceptional role models, helping them grow in skill, confidence and their love for music.
