

RUGBY SCHOOL
THAILAND

SPORT SCHOLARSHIP

Information for Applicants

Sport is central to life at RST. Participation is encouraged and excellence is cultivated and celebrated. With world-class facilities and experienced, specialist coaches, pupils have the opportunity to develop in a range of sports, including football, swimming, basketball tennis, rugby and many more. Amongst their peers, Sports Scholars are leaders and they will gain skills in teamwork, communication and resilience. In addition to core sports development, students also receive guidance and training in nutrition, injury prevention, lifestyle management, performance planning and performance profile management.

We expect our scholars to:

- maintain a good minimum average diligence/effort grades in all subjects;
- receive consistently good attainment and diligence/effort grades in sports and PE;
- uphold the values of RST and be an excellent role model to other students in all aspects of school life, but particularly in their approach to commitment in sports and PE;
- involve themselves fully in the co-curricular provision for sports;
- in most cases, to study PE for IGCSE and A-Level.

The purpose of scholarship awards is to recognise outstanding ability. Scholarships may be awarded with or without fee remission attached. If the main reason to apply for a scholarship is to obtain a fee remission, please talk to the admissions department about the school's bursary scheme.

Scholarships are reviewed annually.

Scholars' Programme

All scholars follow a tailored programme and work closely with a specialist mentor.

Scholars will benefit from opportunities such as:

- taking part in the Scholars' Showcase;
- a termly event which brings together scholars from each area. These events may include a formal dinner, symposium or trip;
- collaborating with fellow scholars from their subject areas to create an assembly presentation once a year;
- the opportunity to undertake an independent research project and to disseminate their findings to other scholars in their subject area once a year.

Sport scholars will benefit from:

- representing the schools 1st teams for their age range;
- leading House Sports competitions (supporting the House Sixth);
- annual trip;
- time for students to take part in elite coaching outside of School.

Assessment Process

Scholarships are available for students aged 11+. Applicants must complete the standard entry process first, including a cognitive abilities test. For an application form, please contact admissions@rugbyschool.ac.th. Applicants who meet the CAT4, interview and previous report requirements will be invited to attend the Sport Scholarship Assessment Day.

The Assessment Day will comprise of:

- a practical trial with current 1st team players for the appropriate age range, including a competitive game situation;
- fitness testing;
- skills practices related to the candidates chosen sport;
- conditioned games practice;
- a group interview.

Once attendance on the Assessment Day is confirmed, applicants will receive more information.

Please note that internal candidates must be recommended by a relevant member of staff in order to apply. Internal candidates will be notified if this happens.
