

THE SEED LIBRARY AT SACHEM

SACHEM PUBLIC LIBRARY

WHAT IS THE SEED LIBRARY?

The Sachem Seed Library is a selection of open-pollinated seeds for you to grow in your own garden. We have a selection of herb, flower, and vegetable seeds, which are available on a first come, first served basis.

WHAT ARE THE BENEFITS OF A SEED LIBRARY?

It is our hope that the Seed Library will inspire our community to garden, educate new gardeners about growing and seed saving, and create new community partnerships.

WHERE IS THE SEED LIBRARY LOCATED?

The Seed Library is located on the set of shelves between The Studio and the Tutorial Rooms, across from the public printers and the Technology Center desk. When you enter the library, head back towards the Studio and the Reference Desk.

HOW CAN I FIND OUT MORE INFORMATION ABOUT THE SEEDS?

Visit our Seed Varieties page for a full listing of our seeds.

HOW DO I RETURN SEEDS TO THE LIBRARY

Collect and save seeds from the herbs, vegetables, and flowers that you've grown from our seeds. You can request seed return envelopes at any time. Fill out as much information as you can about the type of seed you're returning.

WHERE DO I REQUEST SEED RETURN ENVELOPES?

Seed return envelopes can be requested at the Adult Reference Desk across from the Seed Library.

WHERE DO I REQUEST SEED RETURN ENVELOPES?

Your returned seeds will either be:

- Added to the Seed Library in a special "From The Garden Of" section for other gardeners to take and grow.
- Certain vegetable seeds may be planted, grown, and harvested in our community garden. Harvested produce will be donated to local food pantries.

GARDENING BOOKS IN OUR COLLECTION

Click [Here](#) to view our Gardening books, or find them in our Nonfiction section under the Call Number 635.
