# FERRARI'S

COFFEE ROASTERS

Roasting coffee in Wales since 1927, Ferrari's Coffee remains true to its roots, using classic Italian recipes and traditional drum roasters to develop the deep, balanced flavours it is known for. Founder Vittorio Ferrari settled in South Wales from Italy over 90 years ago and, inspired by a passion for true Italian espresso, travelled the world sourcing the finest beans. He carefully roasted them in Wales to create an espresso that reminded him of home.

Ferrari's Coffee is committed to responsible sourcing and sustainability. Working closely with farmers through fair and transparent partnerships ensures growers are paid a fair price, while sustainable practices across the supply chain help reduce environmental impact, making every cup both high quality and ethical.

# The Roastery

All Ferrari's Coffee is roasted at its purpose-built roastery in Bridgend, South Wales, opened in 2021 and regularly audited by SALSA to ensure the highest food safety and hygiene standards. The roastery operates three Italian Trabattoni drum roasters, with the capacity to produce up to 4,000kg of coffee per day, using traditional roasting methods to achieve optimal flavour development.

All blends are post-blended, allowing each origin to be roasted to its full potential before blending, with some profiles combining up to six different origins. Ferrari's Coffee places strong emphasis on staff training, with all team members SCA-qualified baristas, and is proud to be a registered Real Living Wage employer, recognising the skill and dedication of its team.

# Coffee Sourcing

Ferrari's Coffee is proud to be a Fairtrade accredited company, helping to ensure farmers are paid a fair price for their coffee. Fairtrade plays a vital role in auditing and approving each stage of the supply chain, promoting transparency and ethical trading.

Alongside Fairtrade, Ferrari's Coffee is committed to working directly with farmers and their communities. Direct sourcing allows full control over quality while ensuring growers receive fair payment for their crops. The company currently sources robusta and speciality-grade arabica directly from Brazil, Costa Rica, El Salvador and Uganda, with the aim of directly sourcing all coffee by 2025.

# Sustainability

Sustainability is at the heart of Ferrari's Coffee. All packaging is made from mono-material and is fully recyclable across the entire range. The business actively works to reduce road miles by sourcing materials locally where possible and has introduced electronic operational systems to become paperless. All waste is now zero waste to landfill, with roasting by-products repurposed into green resources.

During the roasting process, coffee husk and chaff are produced as a natural by-product. This nutrient-rich material is made available to the local community, where it is reused on farms, gardens and allotments.

# Coffee Range

Please see our stocked range, from award-winning beans and ground coffee to a great decaf option.

**MOCHA ITALIA COFFEE BEANS**  
1x1kg  
**C8051**

**DECAF ESPRESSO GROUND COFFEE**  
1x200g  
**C8054**

## Beans & Ground Siena

Siena is an award-winning, traditional Italian dark roast, full of bold and intense flavours, with rich notes of dark chocolate, roasted walnuts and marzipan.

**SIENA EXTRA STRONG DARK ROAST COFFEE BEANS**  
1x1kg  
**C8050**

**SIENA EXTRA STRONG DARK ROAST GROUND COFFEE**  
1x1kg  
**C8053**

## Beans Mount Elgon

Mount Elgon is a single origin coffee grown at high altitudes in rich volcanic soil. Naturally shaded beneath banana and avocado trees and protected from heavy rainfall, this sweet and fruity Fairtrade coffee is light, smooth and easy to drink. With sustainability at the heart of the farm, Mount Elgon is truly exceptional from farm to cup.

## Beans Mocha Italia

A bold, timeless Mocha Italia blend, traditionally roasted and carefully blended for consistent, full flavour of chocolate, caramel and pecan nut.

## Ground Decaf Espresso

Mountain Water Decaf offers full flavour minus the caffeine, using naturally decaffeinated Mexican Arabica beans with a smooth, sweet butterscotch note.

# Machines & Servicing

---

Ferrari's are approved dealers of Sanremo Coffee Machines, offering expert installation and ongoing servicing by experienced field engineers. Bespoke pricing is available exclusively for McClures customers – please contact Ferrari's Coffee directly for further information and enquiries.

A mix of technology, design and something more: passion. Sanremo Coffee Machines are the product of an Italian family that looks out to the coffee world and knows no boundaries. From their company to coffee shops all over the world.

**Please contact Ferrari's Coffee directly for further information and enquiries.**
