From Waste to Resources Our Sustainable Vision

At Just Crave, we transform agricultural waste into eco-friendly briquettes, promoting sustainability and offering various ecological benefits:

- ◇ **Reduced Landfill Waste:** Converting waste into briquettes reduces methane emissions and carbon footprints.
- ◇ **Resource Conservation:** Using waste for briquettes reduces the need for firewood, aiding forest preservation.
- ◇ **Clean Burning:** Our briquettes burn cleaner than traditional fuels, reducing air pollution.
- ◇ **Renewable Fuel Source:** Made from renewable resources, our briquettes offer a sustainable energy solution.

Zero Waste Commitment with Moerman's Ladder

Our zero-waste goal is achieved by following Moerman's Ladder, prioritizing waste prevention and maximizing the use of all by-products:

- **Prevention:** Minimizing waste with products like skin-on wedges.
- **Animal Feed:** Processing peels into animal feed.
- **Bio-based Products:** Creating valuable products from waste.
- **Bio-digestion:** Producing biogas from waste.
- **Composting:** Returning nutrients to the soil.
- **Energy Recovery:** Harnessing energy from waste.
- **Incineration:** Safely disposing of waste.
- **Landfill:** Using landfill as a last resort, minimizing its use.
