# Adult Care Worker (Level 2)

The Hub

DERBYSHIRE

**Level 2 (Equivalent to GCSE)**

**12 months**

**£4,000 Maximum Levy Funding**

Ask for help from an appropriate person when not confident or skilled in any aspect of their role. Ensure dignity is at the centre of all work with the individuals they support, their families, carers and advocates.

Make a real difference in patients' lives by supporting health and wellbeing at the frontline of primary care. This apprenticeship equips you with the skills to assist individuals with daily needs, promote independence, and provide person-centred care within GP surgeries and community settings. Working alongside clinical teams, you'll help bridge the gap between healthcare and social support - while gaining a nationally recognised qualification. Perfect for those driven by empathy, dignity, and a desire to improve quality of life across your local community.

# Healthcare Support Worker (Level 2)

**Level 2 (Equivalent to GCSE)**

**12 months**

**£3,000 Maximum Levy Funding**

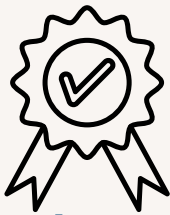

Contribute to the cleaning, disinfecting and disposal of materials and equipment. Support others with appointments, enquiries and referrals.

Become a trusted part of a GP surgery team, delivering essential care and support at the heart of your community. This apprenticeship prepares you to assist with clinical duties, patient observations, and health promotion - while building the confidence and compassion needed to thrive in frontline healthcare. You'll work closely with nurses, GPs, and care coordinators, gaining real-world experience and a nationally recognised qualification. A perfect launchpad for anyone driven to make a meaningful difference through hands-on patient care.

# Lead Adult Care Worker (Level 3)

**Level 3 (Equivalent to A level)**

**18 months**

**£4,000 Maximum Levy Funding**

Contribute to the development and ongoing review of care/support plans for the individuals they support. Provide individuals with information to enable them to exercise choice on how they are supported.

Step up to a leadership role in frontline care, where compassion meets coordination in a busy GP surgery setting. This apprenticeship builds your expertise in supporting vulnerable adults, guiding care teams, and promoting independence and wellbeing. You'll work within primary care to manage referrals, support multidisciplinary collaboration, and oversee quality care delivery. Gain a nationally recognised qualification while becoming a trusted leader in your community - driven by empathy, experience, and a deep commitment to person-centred care.

# Senior Healthcare Support Worker (Level 3)

The Hub

DERBYSHIRE

**Level 3 (Equivalent to A level)**

**24 months**

**£9,000 Maximum Levy Funding**

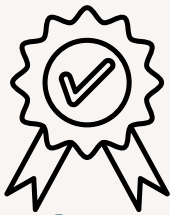

Maintain the safe supply, storage, use and disposal of supplies and equipment. Support individuals to make informed and positive lifestyle choices.

Take your clinical care skills to the next level in a busy GP surgery environment. This advanced apprenticeship prepares you to deliver high-quality support across a range of services - assisting with clinics, performing health checks, supporting long-term condition management, and mentoring junior staff. You'll work closely with multidisciplinary teams to ensure safe, compassionate care and contribute to service improvements in primary care. Gain a nationally recognised qualification while growing into a senior role that makes a genuine difference to patient outcomes.

# Student Nursing Associate (Level 5)

The  
**Hub**  
DERBYSHIRE

**Level 5 (Equivalent to Higher National Diploma [HND])**

**24 months**

**£15,000 Maximum Levy Funding**

Keep complete, clear, accurate and timely records.  
Recognise and report any factors that may adversely impact  
safe and effective care provision.

Step into a pivotal role that bridges compassionate care and clinical professionalism in GP settings. This apprenticeship supports your journey toward becoming a qualified Nursing Associate - working alongside registered nurses, GPs, and wider primary care teams to deliver hands-on support, manage long-term conditions, and promote health across your local community. You'll build your clinical skills, underpin your knowledge with vital theory, and gain a nationally recognised qualification while contributing to safe, person-centred care in general practice. Perfect for those committed to growing as healthcare professionals and making a real difference in people's lives.

# Enhanced Clinical Practitioner (Level 6)

The  
**Hub**

DERBYSHIRE

**Level 6 (Equivalent to Degree)**

**18 months**

**£7,000 Maximum Levy Funding**

Plan and facilitate the delivery of practice-based education, training and assessment activities. Evaluate the effectiveness of training and education activities.

Step into an advanced role that blends expert clinical knowledge with compassionate patient care in GP settings. This apprenticeship is designed for experienced healthcare professionals ready to expand their scope - supporting diagnosis, treatment plans, long-term condition management, and service innovation within primary care. You'll work autonomously while collaborating with multidisciplinary teams, develop critical thinking, and contribute to high-quality, evidence-based practice. Achieve a nationally recognised qualification and become a driving force for clinical excellence and patient-centred improvement in your local community.

# Dietitian (Level 6)

**Level 6 (Equivalent to Degree)**

**48 months**

**£24,000 Maximum Levy Funding**

**Exercise personal initiative. Demonstrate a logical and systematic approach to problem solving.**

Become a vital player in promoting nutritional health within primary care. This degree-level apprenticeship equips you with expert skills in assessing, diagnosing, and managing dietary needs - supporting patients with long-term conditions, weight management, diabetes care, and preventative health initiatives. Embedded in GP practices, you'll collaborate with clinical teams to deliver person-centred nutrition advice and contribute to holistic patient care. Achieve HCPC registration and a nationally recognised qualification while shaping healthier communities from the front line of the NHS.

# Occupational Therapy (Level 6)

The  
**Hub**

DERBYSHIRE

**Level 6 (Equivalent to Degree)**

**48 months**

**£24,000 Maximum Levy Funding**

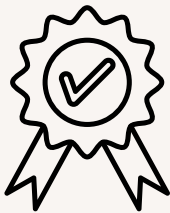

Engage in safeguarding processes where necessary.  
Promote and protect the service user's interests at all times.

Support patients in restoring independence and improving quality of life - all from within a GP surgery setting. This degree-level apprenticeship trains you to assess and manage a wide range of physical, mental, and social challenges that impact daily living. You'll work collaboratively with primary care teams, tailoring interventions and enabling people to live healthier, more fulfilling lives at home and in the community. Achieve HCPC registration and a nationally recognised qualification while becoming an essential part of holistic care in general practice.

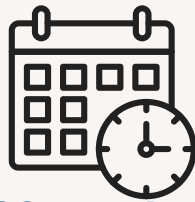

[\*\*CLICK HERE TO FIND OUT MORE\*\*](#)

# Paramedic (Level 6)

**Level 6 (Equivalent to Degree)**

**36 months**

**£27,000 Maximum Levy Funding**

Maintain high standards of personal and professional conduct. Promote and protect the service user's interests at all times.

Bring advanced clinical care and rapid decision-making into the GP surgery environment. This degree-level apprenticeship prepares you to assess, treat, and manage patients across a wide range of urgent and long-term conditions - right at the heart of primary care. Working alongside GPs, nurses, and wider NHS teams, you'll deliver triage, support remote consultations, and improve access to timely treatment in the community. Achieve HCPC registration and a nationally recognised qualification while transforming how paramedics contribute to patient-centred care in general practice.

# Physician Associate (Level 7)

**Level 7 (Equivalent to Master's Degree)**

**30 months**

**£17,000 Maximum Levy Funding**

Consult with your dedicated medical supervisor to inform clinical decision making where required. Perform an extensive range of specialised procedural skills.

Join the forefront of clinical care in primary settings with this master's-level apprenticeship, designed for aspiring healthcare professionals ready to make a real difference. As a Physician Associate, you'll work under the supervision of GPs to assess, diagnose, and manage patients - providing continuity, supporting preventative care, and enhancing access to treatment. This programme combines rigorous academic study with immersive practice, equipping you with the knowledge, skills, and confidence to deliver high-quality, patient-centred care. Achieve a nationally recognised qualification and become a vital part of an evolving workforce in general practice.
