The experience of childhood cancer goes beyond diagnosis and affects every family member differently.

The Austin Hatcher Foundation is here to help erase the effects of pediatric cancer, for the entire family **at completely no cost.**

During and after treatment, AHF is here to provide comprehensive coordinated care and unique solutions through every step of a family's recovery journey. Services provide children and families with the tools to cope in the present and thrive in the future after childhood cancer.

The Austin Hatcher Foundation addresses the unmet need of mental health and well-being for the entire family at the onset of pediatric cancer and throughout survivorship of the whole family. The Foundation's Education Advancement Center is the region's only psychosocial center, offering evidence-based mental health services and supportive care to not only children affected by childhood cancer, but their parents and siblings too. All programs/ services are provided at NO cost and insurance is not collected, fulfilling the disparities of healthcare for families who cannot afford these types of invaluable services. AHF is a 501(c)(3) nonprofit funded entirely through donations, sponsorships, grant writing, fundraising events, corporate partners, and community support.

Children's Hospitals

Monday After the Masters

EXECUTIVE SUMMARY

The Austin Hatcher Foundation for Pediatric Cancer is hosting its fourth annual “Monday After the Masters” Golf Tournament. **The tournament is a celebration of joy and hope as golfers raise funds to provide a brighter future for families faced with pediatric cancer.**

This event will take place tentatively on May 12, 2025 at The Farm Golf Course in Dalton, GA.

Teams are welcome to register in groups of four. A catered lunch will be provided at 11:00 a.m., and the event will then begin with a shotgun start at 1:00 pm. Afterwards a light reception will be provided for those in attendance.

Funds raised through the golf tournament directly impact and provide services and support to children faced with pediatric cancer, as well as their entire family, both regionally and nationally. All services are provided at no cost whatsoever to patients and families.
