

Elite OUTDOOR LIVING

A FOUNDATION OF INTEGRITY, PASSION & PRIDE FOR OVER 78 YEARS

Our Reading Rock story begins in 1947. World War II had just ended and the concrete block business was growing as quickly as the surrounding neighborhoods in Cincinnati, Ohio.

In the early 70's, our company began to transition into the concrete paver market. In 1975, Reading Rock/Paver Systems Inc. was born and became one of the first five companies in the U.S. to invest in European technology/equipment to manufacture interlocking paving stones. Innovation continued when Reading Rock became the first company outside of Minnesota to sign a licensing agreement with Allan Block Corp. As the Nation's largest producer, second globally, of Allan Block wall systems, recognized for their industry leading Engineered Wall Solutions, Reading Rock is ready to assist with your residential garden wall or large commercial retaining wall.

As a family-owned company, Reading Rock will continue to be one of the leading forces in the paver and retaining wall industry. We began as a simple block manufacturer and now offer solutions and services through nine facilities across ten states. From the plant floor to the job site, we are committed to enhancing customer partnerships with a robust portfolio of paver and wall collections, industry leading services and tools, and a relentless commitment to continuous improvement.

Kelly and Gordy Rich

As a family-owned manufacturer and supplier of building materials for nearly 80 years, Reading Rock is excited to offer you a preview of our product solutions for your projects. With a focused Purpose: To help support and finance the initiatives of the International Rett Syndrome Foundation; and, grounded by our ROCKS Core Values, it is more than just our products; it is our people that differentiate Reading Rock from other suppliers.

From the plant floor to the job site, you and the products and services you have selected for your project are our top priority. Our dedication to service stems from our passion to provide the right products and services on time, everytime! At Reading Rock, we strive to exceed your expectations with our “yes we can” attitude — that’s when you’ll experience the Reading Rock difference.

We invite you to partner with us for your outdoor living solutions and look forward to helping you make your next project a success!

~ Gordy Rich, President

READING ROCK'S PURPOSE

Our purpose is to help support and finance the initiatives of the International Rett Syndrome Foundation. Every one of our customers and every associate is contributing to help those who can't help themselves.

Rett syndrome is a rare genetic neurological disorder that affects 1 in 10,000 females (and even more rarely in males) and begins to display itself in missed milestones or regression at 6-18 months. International Rett Syndrome Foundation's

mission is to accelerate full spectrum research to cure Rett syndrome and empower families with information, knowledge and connectivity.

For more information on Rett syndrome and the devastating impact it has on families, please visit rettsyndrome.org.
