

The background is a dark, almost black, marble surface with intricate, flowing veins of a golden-brown color. The veins vary in thickness and direction, creating a complex, organic pattern. The entire image is framed by a thin white border.

GRAND WAZIR

Tableware

GRAND WAZIR carries a history as rich and fascinating as the city it hails from. Our story begins in Wazirabad, Punjab, Pakistan—a place renowned for its masterful craftsmen and world-class cutlery. For centuries, its artisans have honed their skills, creating cutlery with unmatched precision and artistry.

We take great pride in this legacy, blending tradition with innovation in a relentless pursuit of excellence. Inspired by the history and culture of our city, we strive to keep its spirit alive in everything we create.

For us, cutlery is more than a craft—it's a way of life. Every piece reflects the same quality, craftsmanship, and attention to detail that has defined Wazirabad for generations. Using the finest materials and refining our techniques, we ensure each item is a masterpiece.

While preserving this rich heritage, we also embrace modern technology and design. Our creations are not just tools but works of art—beautiful, functional, and made to inspire pride in those who use them.

CARE INSTRUCTIONS:

- Avoid using scouring pads or abrasive sponges, as this will scratch the surface of your cutlery.
- Once your cutlery is washed, try to dry it as quickly as possible using a soft cloth.
- As for stainless steel, please remember that 'stainless' means it stains-less, not that it won't stain at all.
- Do not clean stainless steel with silver polish, as it is too acidic. A good stainless-steel cleaner can be used to remove marks that may develop over time.
- When hand washing stainless steel, avoid using liquid bleach and ensure that detergents are dissolved otherwise staining may occur.
- Avoid immersing your cutlery in water for prolonged periods, as this will have a corrosive effect.
