HIKVISION®

Motion Detection 2.0

Smart Motion Capture
— Boosted Accuracy and Efficiency

Focused
Get notified of human and/or vehicle events

Convenient
This configuration-free function is ON by default

Efficient
Search footage by human or vehicle event type

The Motion Detection 2.0 function is available on select models of:

- Value Series Network Cameras
- Pro Series NVRs
- Value and Pro Series DVRs

Enjoy the familiar agility of motion detection while getting the upgraded accuracy. Motion Detection 2.0 features:

Humans & Vehicle Target Classification

Deep-learning algorithms are trained to classify objects in videos into three categories - Humans, Vehicles, and Other.
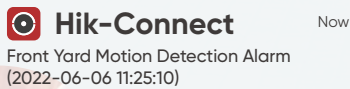

Easy Configuration

The configuration-free function is ON by default and generates much fewer false alarms than conventional motion detection.

Efficient Playback

Through sorting video clips into "Person Files" and "Vehicle Files", homeowners and businesses can quickly locate the clip that they want.

Hik-Connect   Now
Front Yard Motion Detection Alarm
(2022-06-06 11:25:10)

Get instant detection notifications on the Hik-Connect app, wherever you are.
