# What's in a scent?

Our fragrance design team thoughtfully creates each new fragrance to help people connect to their emotions, their memories and each other. Scentsy Bars have more fragrance oil than any other scented wax bars, resulting in a stronger and longer-lasting scent.

And each of our fragrances is composed of 30 to 60 ingredients for a unique experience!

## Top notes

These give the first impression, the reason you're originally drawn to a fragrance.

## Mid (heart) notes

These make up the heart of the fragrance and ultimately make you fall in love with a scent.

## Base notes

These are the longest-lasting notes and what you smell hours later. They're what draw you back to a favorite fragrance.
