

TIME *to* BUILD

COASTAL
CHRISTIAN SCHOOL

WHAT IS "TIME *to* BUILD" ALL ABOUT?

Coastal Christian School has been serving students and families since 1971. From the beginning, CCS has been partnering with parents in a mission devoted to impacting the world for Christ. Today, we live out this mission educating students through a dedicated faculty and staff who are passionate about providing excellence in spiritual, academic, social, and physical aspects of their education.

Our desire and commitment is to continue with excellence in programming and facilities. The goal of the **Time to Build** campaign is to construct a multipurpose facility that will serve both the educational and extra-curricular programs that will be the incredible experience our students seek and deserve. This wonderful facility will enable us to grow and serve more students in a unique Christian education environment, faithful to our mission and vision.

For this amazing dream to be completed and become an integral part of the CCS campus, the cost of the project is approximately \$24 million. We currently have pledges and commitments of over \$12 million! Through a combination of additional gifts and prudent loan arrangements, the remaining need is \$12 million.

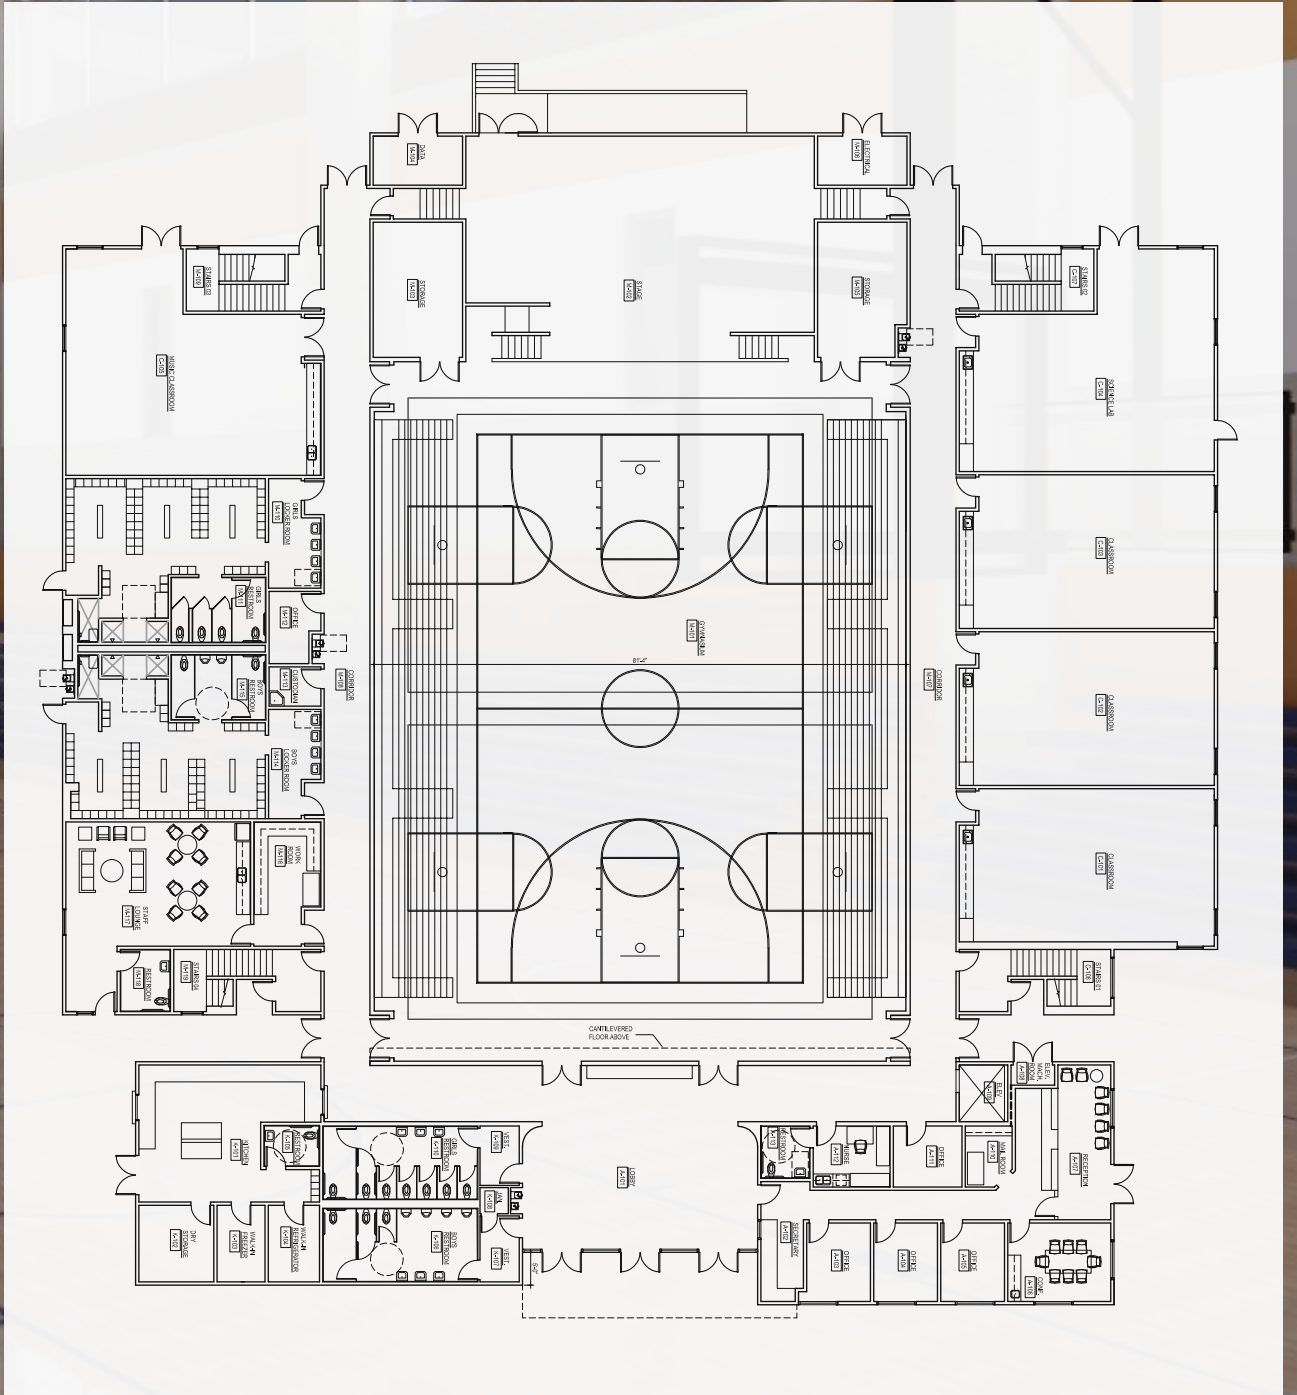

CCS Students explain a bit more about the building project. We love our students!

TIME TO BUILD...

OUR *sports* COMPLEX

Our long-term vision also includes completed fields for football, softball, baseball, and soccer on the land behind the multipurpose facility.

These fields will allow us to host our own home games as well as provide recreational space for our students and physical education classes.
