Michi Klemmer and daughter Johanna

Dear climbing comrade,

When the Rocky Mountains meet the Dolomites and Aspen, Colorado meets Bolzano, South Tyrol, it's not just a fascinating play of shapes and colours, it's more than that – it's unmistakably Luis Trenker.

Because we live and love inspiration that knows no bounds.

But unmistakably Luis Trenker also means that, in these fast-moving times, we focus on lasting values and aim to preserve them.

This is what makes our brand so particularly VALUE-able.

Because even if we reinvent ourselves with every collection, we always stay true to our „Unlimited Values“!

I wish you joy that knows no bounds with this extra special new collection.

**Yours,
Michi, Johanna
and the entire
Luis Trenker Team**

WINTER ESSENTIALS

COZY

unlimited

We don't know whether the winter of 2023 will be frigid or mild – either way, it's bound to be fluffy and cosy. Because Luis Trenker will wrap you in extra soft, delicate fabrics: „fluffy jersey“ made from wool and polyester, as well as wool walk with a herringbone pattern for him or cotton viscose jersey with a houndstooth pattern for her.

But the heart of the Winter Essentials collection is the outerwear. And here one piece in particular stands out: a casually chic coat in a Prince of Wales check – with lapel collar for the ladies or stand-up collar and ribbed sleeves for the men.

The colour palette for her is bright yet warm and varies between camel and ivory tones, but also between fuchsia and navy blue. For men, a blend of greys, off-white and navy blue dominate.

From a fashion perspective, this winter is sure to be an extra special season.

CULTURES

unlimited

The fact that „Native American“ culture, with its distinctive colours and patterns, was a major source of inspiration is most evident in our Main Collection.

The star of the show when it comes to material is definitely a velvet fabric with colourful print designed exclusively for Luis Trenker. Those who like to attract attention will wear the striking pattern as a coat or blazer, while those who prefer a more discreet look will opt for the casual denim jacket with refined accents in this distinctive velvet fabric.

In addition to this, other materials were also produced exclusively for Luis Trenker: a wool jacquard with ethnic pattern for men and a baby alpaca wool blend with abstract floral print in vivid orange and soft turquoise for women.

Centuries-old traditions come to life in these creations.

A man and a woman are standing in a modern, brightly lit interior space, possibly a shopping mall or a public building. The man, on the left, is wearing a grey herringbone coat with a large black fur collar, a light blue shirt, and a grey striped tie. He is looking off to the side with a serious expression. The woman, on the right, is wearing a tan herringbone coat over a plaid vest and a vibrant orange patterned scarf. She has long dark hair styled in two braids with colorful beaded tassels. She is wearing orange and white patterned gloves and looking towards the right. The background shows a concrete ceiling and architectural details.

A black and white photograph of Michi Klemera, CEO, sitting on a light-colored sofa. He is wearing a herringbone jacket over a dark vest and trousers, and is barefoot. His hands are clasped in front of his mouth in a thoughtful pose. To his left is a small, dark, modern side table with a book titled 'HELMUT NEWTON' and a pair of glasses on it. A large potted plant is behind the table. A dog is lying on the floor to the right of the sofa. The background is a simple, modern interior.

EXCLUSIVE EVENING SELECTION

CHIC

The most elegant part of the new winter collection is designed for those extra special occasions and has you covered for anything from posh ski resorts in Colorado to all the famous destinations in the Alps.

The two key pieces are sensational and spectacular: a virgin wool coat in powder pink with detachable rabbit fur collar and hand-applied embroidery and a double-breasted wool-blend coat with herringbone pattern, also with a fur collar.

The perfect combination of pure virgin wool and pinstripes adds an extravagant touch to the look – consisting of a masculine-style, double-breasted coat with wide trousers for the ladies, and a jacket and knickerbockers for the men.

No one knows how to bring big-city flair to mountain chalets like Luis Trenker – sophisticated and casual all at the same time.

Tyrol's alpine plateau: *A winter full of possibilities*

At 1.200 meters, the Alps frame Tyrol's most impressive high plateau. It only takes a few steps to get offline here, yet everything is within easy reach. From the station it's just a stroll through the festively lit pedestrian zone with its bars, cafés and small shops directly to the Christmas market on the village square. For the right fashion around the most wonderful time of the year, a stop at the Luis Trenker store is definitely worth the visit.

The traditional South Tyrolean label delivers winter fashion with unerring accuracy and relaxed elegance - after all, you want to cut a good figure in the snow!

Whether on a leisurely hike, a hearty stop at a mountain hut, while ice skating at the lake, on the road in a horse-drawn sleigh, for an exciting evening at the casino or simply on a sun terrace in the snow: A genuine winter full of possibilities awaits you in Seefeld - not just in terms of fashion!
