Grand Champion

The best athletes in the strongest WMAC classes meet here. One category – no compromises. The highest title of the WMAC, the ELITE WORLD CHAMPION, is contested here. Die besten Athleten in den stärksten Klassen des WMAC treffen hier aufeinander. Eine Kategorie - keine Kompromisse. Der höchste Titel des WMAC, der ELITE WELTMEISTER, wird hier ausgekämpft. In the heart of Bregenz

*Spaces for aspirations
Cuisine for connoisseurs*

Age Divisions separated in female & male

Tucked away on the green edges of Bregenz, just 3 minutes from the peaceful shores of Lake Constance, 10 minutes from the festival seastage, and 20 minutes from the city center, Hotel Lamm offers 79 rooms that can host anywhere from 1 to 6 guests, showcasing genuine hospitality. A lovely mix of tradition, modern touches, and sustainability, all while keeping it elegantly simple – that’s what Hotel Lamm in Bregenz is all about.

With us, visitors become friends.

*Taste the nature
- Organic is better*

The source of our meat and vegetables has always been significant to us. For years, we have been a part of the AMA Genuss Region (AMA Culinary Region) and emphasize quality and origin. We enjoy visiting our farmers in person and uncovering unique delicacies.

With the organic certification of our restaurant, we are taking an additional step: We seek the finest products – sustainable, local, and genuine. We prioritize collaboration with regional organic suppliers, such as potatoes from the **organic farmer Wolfi Jäger in Bregenz** or pasture-raised beef from the **organic farmer Sieber in Mehrerau** – quality that is evident in every bite.

However, due to the fact that not all products are available regionally and organically in adequate quantity and quality, our restaurant is currently partially certified.

Our menu allows you to view the organic ingredients that are currently featured on your plate.

The "real" fairytale castle

This impressive structure was built between 1869 and 1892 in the Neo-Romanesque style, commissioned by King Ludwig II of Bavaria and designed by Eduard Riedel, and is considered one of the most magical places imaginable.
