

A SANCTUARY IN NORTHERN LAOS WHERE ELEPHANTS ARE REHABILITATED IN THEIR NATURAL ENVIRONMENT

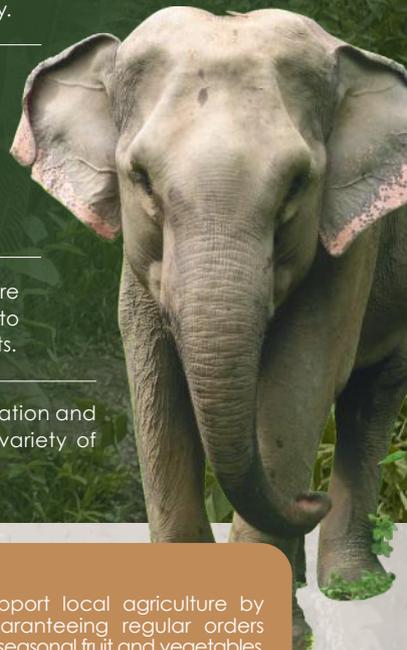

Our vision

Preservation through ecotourism:

Our aim, through our sustainable tourism policy, is to give new life to elephants that have been exploited by the logging industry or mass tourism

Our commitments and missions

- 01 A high-quality natural environment for the elephants, within a primary forest that allows them to feed naturally.
02 A park on a human scale that promotes the preservation of our pachyderms through a clear and responsible eco-tourism policy.
03 A sustainable opportunity for mahouts and other team members to earn a regular income to stay out of the logging business.
04 A park that offers elephants a new life (a real elephant life!) thanks to rescue projects.
05 Tourism based on passive elephant observation (where they are free to choose whether or not they wish to interact) to reduce stress on elephants and their mahouts.
06 Raising travelers' awareness of elephant conservation and the environment in which they live, through a variety of educational means.

FOLLOW US AND SUPPORT OUR PROJECTS

TOGETHER IN THIS ADVENTURE

Thanks to you:

- * Revenues generated by travelers' visits and donations enable us to provide elephants with the care, infrastructure and natural environment best suited to their needs
* Fighting against their extinction by funding essential breeding programs
* Support local agriculture by guaranteeing regular orders of seasonal fruit and vegetables
* Prevents rural exodus and creates jobs in remote areas

Support us

ONLINE:

You can support, follow and share the lives of Mae Ping, Boua, Mae Nat, Mae Nin, Mae Kham and Kham Khoun on our various social networks @Mekong_Elephant_Park

MAKE A DONATION:

Share in the success of our projects and make donations through the APEEL NGO
