

Welcome to the
48th Annual
Governor's Breakfast

**Welcoming the Honorable
Gretchen Whitmer**

Friday, April 17, 2026

The Honorable Governor Gretchen Whitmer

STATE OF MICHIGAN
OFFICE *of the* **GOVERNOR**

Governor Gretchen Whitmer is a lifelong Michigander focused on getting things done that will make a real difference in people's lives.

She has signed over 1,380 bipartisan bills and six balanced budgets. From cutting taxes for seniors and working families to put hundreds of dollars back in their pockets and investing in schools to improve student outcomes to fixing 23,000 lane miles of the damn roads, Governor Whitmer delivers on the fundamentals.

By lowering the cost of job training and higher education, fostering innovation, cutting red tape for permitting and redevelopment, putting Michigan in the lead on clean energy, and competing with other states and nations, Governor Whitmer has made Michigan one of America's best states to do business, attracted investments from around the world, and maintained a strong credit rating.

Since day one, her administration has gone everywhere and worked with anyone to make Michigan the best state to live, work, and invest. Whether you're a family looking to start a life with more affordable health care and housing, a business looking to expand with a skilled workforce, or a young person seeking a path to a brighter future with more personal freedoms, Governor Whitmer is focused on building a safer, more welcoming Michigan with a place for you.

Governor Whitmer works alongside three dynamic statewide leaders: Lieutenant Governor Garlin Gilchrist, Attorney General Dana Nessel, and Secretary of State Jocelyn Benson. She lives in Lansing with her husband Dr. Marc Mallory and Kevin & Doug, the First Dogs of Michigan. She has two daughters and three stepsons. Governor Whitmer earned a bachelor's and law degree from Michigan State University.

Letter from Cadillac Area Chamber of Commerce Staff

On behalf of the Cadillac Area Chamber of Commerce, thank you for being part of this long-standing tradition—one that brings together public servants, business leaders, students, and engaged citizens who all share a commitment to the strength and future of our region.

We're truly honored to have you here. Your presence reflects something important: a continued investment in this community and in one another.

Over the past year, we've been intentional about growing and strengthening the ways we serve our business community. We've introduced new initiatives like Chamber Check In and Friday Facts to better highlight and support our incredible investors. We've expanded our women's cohort to foster leadership and meaningful connections. We've brought valuable, accessible training opportunities closer to home, reimagined HR Connections, and are proud to host our Career and Commerce Expo for a second year—supporting both workforce development and education in a real, tangible way.

At the heart of all of this is a simple belief: we are stronger when we work together.

Collaboration is not just a goal—it's how we operate. By partnering with our investors, educators, and community leaders, we're able to amplify ideas, create opportunity, and build momentum. Your engagement, your insight, and your energy are what drive that forward.

While we continue to evolve and refine our vision, our mission remains constant: to serve as a catalyst for business success and a connector for our community. We're proud of the progress we've made—but even more energized by what lies ahead.

Thank you again for being here for this historic moment and for the role you play in building a stronger Cadillac and a thriving business community.

Sincerely,

Dave Cox, President/CEO

Bethany Miller, Investment and Leadership Director

Victoria Martin, Marketing and Communications Coordinator

ITC of Michigan

A FORTIS COMPANY

ITC Michigan, comprised of Michigan Electric Transmission Company (METC) and International Transmission Company (ITCTransmission), plays a vital role in powering the state.

METC operates approximately 5,900 circuit miles of transmission lines across western and northern Michigan's Lower Peninsula, while ITCTransmission manages about 3,200 circuit miles in southeast Michigan. Together, we work to ensure reliable, high-voltage electricity transmission across much of the state.

But our commitment goes beyond energy. At ITC Michigan, we believe in being more than a utility provider—we strive to be a trusted community partner. Whether through charitable giving, volunteerism, or collaborative local initiatives, we are dedicated to supporting programs and building relationships that strengthen the communities we serve.

From powering homes and businesses to empowering local progress, ITC Michigan is proud to energize a stronger, more connected Michigan.

Presenting Sponsor Speaker:

Charles L. Marshall

**Vice President, ITC Holdings Corp.
President, ITC Michigan**

Charles Marshall is Vice President, ITC Holdings Corp., and President, ITC Michigan. In this role, he leads the strategic direction for the ITC Transmission and METC operating companies. Prior to this role, he was Vice President, Transmission Planning, responsible for identifying all transmission system needs and developing system solutions to ensure the reliable and economic delivery of electricity to customers across ITC's four operating subsidiaries.

Mr. Marshall previously served as Director of Transmission Planning. He joined ITC as an Associate Engineer in 2004. His experiences range from regulatory policy and stakeholder relations to project engineering and business unit planning. Mr. Marshall was appointed to the Michigan Infrastructure Council in 2024 for a three-year term. The Council's mission is to define a vision for Michigan's infrastructure that provides the foundation for public and environmental health, economic prosperity, and quality of life.

Mr. Marshall previously served as a member of the Midwest Reliability Organization (MRO) Board of Directors from January 2021 – December 2023. He earned a Bachelor of Science in electrical engineering from Michigan Technological University and a Master of Business Administration from the University of Michigan-Flint.

Welcome Sponsor:
Consumers Energy

The logo for Consumers Energy, featuring the company name in a bold, blue, italicized sans-serif font. The text is set against a white background and is partially enclosed by a thick, green, curved swoosh that starts from the left and ends on the right, curving upwards and then downwards.

Count on Us

At Consumers Energy, our purpose is clear: world-class performance delivering hometown service. As Michigan's energy leader, we are proud to be at the forefront of the clean energy transformation—our generation's greatest opportunity. We're committed to a future with zero coal, net-zero carbon emissions, and greater use of renewable resources. Through innovation and strong partnerships, we empower customers to use energy wisely with efficiency and demand response programs.

Our legacy of excellence is built on the CE Way, our operating system that ensures reliable, customer-focused service. Looking ahead, we're deepening that excellence with automation and analytics that support our dedicated workforce. Safety and strong labor partnerships remain foundational to how we operate every day.

More than a company—we're a community. We are committed to creating a culture where everyone belongs, contributions are valued, and transformation is driven from within. Together, we're not just making moments—we're building a movement for a brighter Michigan.

Outstanding Citizen of the Year 2025

Niki and Ryan Schults

Ryan Schultz (Left), President of MR Chain

Niki Schultz (right), Director of Wexford Missaukee Alliance for Economic Success

Ryan Schultz is the President of Mr. Chain, a leading plastic injection manufacturer located in Northern Michigan. With a strong commitment to advancing manufacturing excellence in the region, Ryan works tirelessly to foster innovation, quality, and sustainability within his company and the broader community. In addition to his role at Mr. Chain, Ryan actively contributes to regional economic development and community initiatives.

He serves on the Networks Northwest, Cadillac Area Manufacturers Association and Michigan Manufacturing Technology Center Boards, supporting efforts to strengthen manufacturing capabilities and workforce development. Ryan also serves as Treasurer for both the Cadillac YMCA and Wexford County Civic Center and is a member of the Finance Committee at Zion Lutheran Church. Outside of his professional commitments, Ryan volunteers as an assistant varsity softball coach for Cadillac, demonstrating his dedication to youth development and community involvement. Through his leadership and service, Ryan is committed to strengthening the economic vitality and quality of life in the Cadillac area and beyond.

Niki Schultz serves as the Executive Director of the Alliance for Economic Success (AES), where she is dedicated to advancing growth and prosperity across the greater Cadillac area, including Wexford and Missaukee counties. Through strategic partnerships and a strong regional network, she works to enhance quality of life and foster a vibrant, sustainable community where future generations can thrive.

In addition to her professional role, Niki is deeply committed to service. She serves as Secretary on the Cadillac Area Public Schools Board of Education, is the Kids Hope Director at Zion Lutheran Church, and volunteers as both a chaplain and therapy dog handler at Munson Healthcare. She also sits on the board of Missaukee Area Chamber of Commerce and Habitat for Humanity of Wexford, Missaukee, and Osceola counties. Through each of these roles, Niki is driven by a passion for improving lives and strengthening her community through meaningful service and advocacy.

Together, Ryan and Niki Schultz exemplify the spirit of civic responsibility and leadership. Their combined dedication to service, professional excellence, and community development has earned them the esteemed title of Cadillac Citizens of the Year, inspiring others to give back and lead by example.

Spirit of the Community 2025

Steve Birdwell

Steve Birdwell, Veterans Serving
Veterans Board Member, Food Bank
Director

Steve Birdwell, a U.S. Navy veteran, exemplifies the true spirit of service through his unwavering dedication to fellow veterans and the broader community.

As commander of the local honor guard, Steve ensures that those who served are honored with dignity, whether at funeral services, community parades, or the annual Memorial Day ceremony he organizes at the high school stadium. His leadership extends beyond tradition, spearheading fundraising efforts to provide new uniforms and equipment so the honor guard can represent veterans with pride.

Steve's impact is deeply felt in the lives of local veterans. He is often the first to step in, helping individuals secure housing, access healthcare, or simply find support during difficult times. In 2016, he co-founded a veteran-focused food bank at Veterans Serving Veterans Park, creating a welcoming, stigma-free space where veterans can receive assistance with dignity. In 2024 alone, the program provided 2,400 boxes of food to those in need.

In addition to his award as the 2025 Spirit of the Community, Steve was also named the 2014 Visitors Bureau Volunteer of the Year and 2025 Elks Distinguished Citizen of the Year.

Steve's quiet, behind-the-scenes leadership continues to strengthen and unite the community.

In-Kind Room Sponsor: Continental Linen Service

CLS is a family-owned uniform and linen rental company founded in 1899 in Kalamazoo, Michigan. We provide rental, sales, facility and laundry services to businesses across the state, specializing in the healthcare, restaurant, and industrial sectors. Our focus is on helping customers maintain a clean, professional image with reliable service and hygienically clean products.

With over 125 years of experience, we've built a reputation for quality, integrity, and strong relationships. As we've grown across Michigan, our commitment to personalized service and community values continues to set us apart.

CLS has kindly donated the table settings and tablecloths for today's event.

In-Kind Stanchions Sponsor: MR Chain

Founded in 1960, Mr. Chain is proudly based in Copemish, Michigan, and is the leading U.S. manufacturer of plastic barrier chain. For more than 60 years, we've been committed to providing reliable, high-quality products that enhance safety, guide traffic flow, and support effective crowd management across various industries.

We offer the widest variety of size and color options of any plastic chain manufacturer in the country, along with a range of related products such as stanchions, ground poles, traffic cones, delineators, and more.

The first of its kind in the manufacturing industry, we're also proud to introduce EarthMade™ – our new line of 100% biodegradable plastic chain. This innovative product breaks down naturally in 3-5 years, reflecting our ongoing commitment to sustainability and responsible production.

As a women-owned and qualified small business, Mr. Chain takes pride in providing local jobs, supporting families, and contributing to a stronger future for our community.

Though we serve customers nationwide, Mr. Chain remains deeply rooted in northern Michigan. As we move forward, we're focused on evolving with the needs of our customers – both local and international – and expanding our product line to better serve them.

MR Chain has kindly donated the use of the stanchions you see around the room at today's event.

At the Event:

Welcome to our Cadillac 4th and 5th Graders!

Our 4th and 5th grade students recently participated in a “Letter to the Governor” writing contest, where they reflected on the importance of reading and writing.

Students wrote letters to Gretchen Whitmer, sharing why literacy matters to them, how it will impact their future, and what they enjoy about reading and writing in school.

This focus on literacy comes at a critical time for our state.

Michigan currently ranks 44th in the nation for fourth-grade reading, making literacy a major priority for Governor Whitmer and educators across the state. Efforts to strengthen reading skills early are essential to ensuring long-term academic success and preparing students for future opportunities.

This writing experience allowed students to express their ideas while strengthening their communication skills, while also connecting them to a broader, statewide conversation about education and achievement. We are proud to share that several students were selected as top winners and were invited to the annual Governor's Breakfast.

At the Event:

This year's 2025–2026 Cadillac Leadership Class is pleased to announce that they have chosen to partner with Boon Sports Management to help renovate The Wexford Civic Center's lobby and restrooms.

As the only large event space in a 50-mile radius, The Wex is truly one of a kind. The Wex plays a vital role in bringing communities together all throughout the year, from large to small events, hockey leagues, and even hosting the governor of Michigan each spring, The Wex is the heartbeat and center of the Cadillac community and far beyond. The Wex creates opportunities for connection, celebration, and shared experiences that strengthen community ties.

This project, titled "Restroom Rescue – Lobby and Loos Wex Edition," focuses on transforming high-traffic areas into spaces that combine functionality and an updated design. By prioritizing a guest's experience and operational excellence, The Wex is ensuring every visit begins and ends in a positive, welcoming environment that reflects both comfort and quality.

Why the Blue Pinwheels?

**Wexford-Missaukee
Child Protection Council**

Outreach | Education | Awareness

April is nationally recognized as Child Abuse Prevention Month; it is a time to celebrate all the good things our communities do to promote healthy child development, as well as a time to reflect on the work that remains.

We all have a role to play in preventing child abuse BEFORE it happens, and our goal this April is to focus on three actions we can take each day to maximize our impact and strengthen families. If each of us takes the time to MENTOR a child or parent, ADVOCATE for child and family friendly policies, and DONATE our time, resources, or skills, we will make a lasting difference in the life of a child.

When communities come together to support children and families, we all benefit: citizens are more engaged and informed, children excel in school, employees miss less work, businesses thrive, and we see a profound impact on the quality of life for families. We can then take pride in knowing that we have worked to assure safe, stable, nurturing relationships and environments for all children.

So please join us and pledge to do each of these activities at least once during the month of April and watch what a real difference we can make together. Then, continue to take steps like these throughout the year and in the future. Inspire others to follow your example and learn how they too can Mentor, Advocate, and Donate to support children, strengthen families, and help our communities grow and thrive.

Thank you:

Cadillac Innovation High School offers a unique alternative high school experience through both virtual and daytime programs. With a dedicated staff that prioritizes strong relationships, the school supports students in reaching the milestone of graduation and preparing for their future goals. Its small, personalized setting allows for tailored approaches and individualized support to meet each student's needs, creating an environment where every learner can thrive.

Thank you to the students and staff that came out to help set up for today's event.

Metal Fabrication and Welding for making our Flower and Row stands and the beautifully crafted Michigan flower stanchions.

Students in the Metal Fabrication and Welding program learn various methods of fabricating metal, such as sawing, shearing, bending and rolling. Various welding methods are taught including Oxy-acetylene cutting and welding, shielded metal arc welding (stick), gas metal arc welding / Metal inert gas welding (MIG), gas tungsten arc welding (tig), and plasma arc cutting. Students learn to read blueprints, mathematics applied for welders, basic science coursework involving metallurgy and gas elements, employability skills, as well as operate computers which are used in the welding field.

Mr.Darin Kearns, Instructor dkearns@wmisd.org

Thank you:

Thank you to Chartwells for providing the food for the students in attendance at the 48th Annual Governor's Breakfast

Thank you: Wexford-Missaukee All-Star High School Band

Comprised of young musicians from across the region, the **Wexford-Missaukee All-Star Band** represents a collaboration between **five school districts: Cadillac, Lake City, Manton, Marion, and Pine River.**

This ensemble brings together diverse talents into a singular, harmonious voice, showcasing the dedication and artistic excellence found within our local music programs.

We are proud to feature these student musicians as they provide the symphonic backdrop for this morning's Cadillac Chamber of Commerce Annual Governor's Breakfast, celebrating both our community's bright future and the spirit of regional unity.

Thank you: CTC Culinary Program

Thank you to the hospitality students for preparing and serving breakfast today.

Careers in the Culinary Arts, Baking, and Hospitality fields offer vast opportunities for travel advancement and promotion. Our graduates will be prepared to be leaders in the field as chefs, bakers, hospitality managers, restaurant/food service owners, research chefs, dining service directors, and food service directors. In this field, self-motivation, creativity, and hard work are requirements for successful advancement. If you love to eat or serve others with a smile, this may be just the career path for you. Learn from certified chefs and industry veterans how to love your work and eat it too.

Mr. Trevor Bethke, HRE Culinary Instructor tbethke@wmisd.org

Thank you: CTC Public Safety Program

Thank You to Cadillac Public Safety Program for directing parking for the Governor's Breakfast.

The public safety program is designed to introduce students to the police, fire, and EMS fields. Students learn about laws, policy and procedures, scenario-based training, firearms, defensive tactics, corrections, emergency dispatching, fire fighting, and the court systems. Our goal is to develop an interest in serving the community in order to support the needs of the future and to teach the realities of working for public safety agencies. Through lectures, hands-on experiences, work-based job shadows, and participation in community functions, like the Governor's Breakfast, students experience the intricacies of the field and are able to fine-tune their career path and prepare themselves for the field.

Mr. Brett DeAugustine, Instructor: bdeaugustine@wmisd.org

Thank you: Digital Media Program

Thank You to Digital Media Production for participating in the recording and documentation of today's event.

The Digital Media Production program offers multi-faceted training for students interested in video, television, radio, and sound-related careers. During their two years, students will be exposed to extensive training on high-quality cameras, learning the basics of shooting and editing as they create their own video projects. Our in-house radio station, CTC Radio, offers those interested in radio careers a chance to program a radio station, including rotating music and announcements. Partnerships with many local media outlets allow Digital Media Production students to create video content and to explore careers alongside local television and radio professionals. This training prepares a student for a career as a Camera Technician, Production Assistant, or Radio Personality. Some of our alumni have held positions within the greater Cadillac area such as Director, Photojournalist, and Camera Operator. Further training and education can lead to a career as a Film, Sound, or Video Engineer, Producer, Videographer, Editor, Motion Graphics Designer, or Script Writer.

Ms.Kammy Cook, Instructor kcook@wmisd.org
