CUSTOM-MADE PRODUCTS  
MADE OR ASSEMBLED IN EUROPE

## be Creative

BE CREATIVE is a special product collection that lets you create perfectly customized and truly unique promotional gifts. These items give you the freedom to present your brand with bold, full-colour designs that can be easily integrated into your corporate image. Some of the BE CREATIVE items even give you the opportunity to mix and match the colour and material of the product parts or design your custom shape to make them more outstanding.

Find inspiration among our illustrations – we use various natural and geometrical patterns as well as graphics of animals in vivid colours to illustrate the high level of customisation possibilities.

## UNIQUE

The BE CREATIVE Collection lets you create unique and memorable messages and images by offering a high degree of customisation.

## INNOVATIVE

The BE CREATIVE Collection consists of special products, developed and hand-picked with creativity and special customisation in mind. Imprints are almost entirely made with digital technologies, ensuring colourful and high-resolution prints.

## ACCESSIBLE

BE CREATIVE products are custom-made in our in-house production facilities or assembled from our stock of parts. They are manufactured, assembled or printed in Europe. This ensures short delivery time and low minimum order quantity, even for entirely custom-made products.

# HOW TO DESIGN BE CREATIVE PRODUCTS

We designed our BE CREATIVE product collection to provide as many customization options as possible. The colourful patterns of the items aim to showcase these options, while the white-surfaced pictures show the original state of the items. The customisation process of BE CREATIVE products is as follows:

*be Creative*

1

CHOOSE THE MATERIAL, COLOUR, SIZE AND SHAPE

2

CREATE YOUR OWN DESIGN

Products marked with the "Mix & match" icon have more than one customisable parts that allow you to mix and match their colour or shape.

Products marked with the "Custom shape" icon can have completely unique shape within a certain size, tailored to your own corporate image.

## MADE IN EU

Made in EU products are manufactured in-house, in our own production facilities. We design and create these promotional gifts with special care, choosing the most optimal materials with customisability in mind. This way, you can reach your promotional goals with budgets of any size, while still getting unique and quality products. We strive to create items that instantly grab the attention, while also being practical and useful.

## ASSEMBLED IN EU

Some of our items are assembled from an extensive stock of many different parts stored in our warehouse. Many of these products give you the opportunity to mix and match different colours, sizes, and materials to really make them your own. Some of them even have customisable shapes that compliment your design. After the printing, we assemble these parts ourselves in Europe and prepare for shipment within a few days.

# GO GREEN

## NATURAL, SUSTAINABLE AND ECO-FRIENDLY PROMOTIONAL GIFTS

The GO GREEN collection helps you achieve your promotional goals in a more sustainable way. Our products marked with green material icons provide greener alternatives to traditional items. They are fully or partially made of natural, sustainable or recycled materials or provide a more durable substitute to a normally disposable everyday item.

The GO GREEN materials used in the BE CREATIVE collection:

Wood

Bamboo

RPET

Cork

Jute

Wheat straw  
plastic

Recycled paper

# CREAPACK

Part of the BE CREATIVE collection.

Products made in Europe.

A minimum order quantity of 50 pieces.

Your printed promotional products make a more memorable impression in personalized packages. That is why we provide you a full service of packaging with matching custom gift boxes and paper sleeves. CreaBox and CreaSleeve gift boxes, as the members of the highly customisable BE CREATIVE Collection, can be full-colour printed with your unique design to match your brand and message perfectly.

Whether or not a product has personalised CreaBox or CreaSleeve options is indicated next to its description, with a downloadable template as well.

## STANDALONE CREABOX GIFT BOXES

Besides our product-specific CreaPack options, we offer standalone CreaBox gift boxes for your general packing needs. The boxes listed below can be ordered independently so you can fit multiple promotional and traditional gifts in one package.

Indicated prices include full colour printing of the boxes. Minimum order quantity is 50 pcs. Delivered flat-packed.

# be Creative

BE CREATIVE graphics on the products of this catalogue are only exhibited for the purpose of displaying printing possibilities and are not reference for sale. Accordingly, products are merchandised blank or imprinted with the customer's graphics.

The right is reserved to deliver products that differ, in execution and in colours, from items illustrated in this catalogue. The displayed product printing parameters may differ from actual possibilities.

Products are delivered without decoration and battery, unless otherwise indicated.

Prices displayed in this catalogue are not including VAT.

**P** PAD PRINTING

Pad printing is the most popular, traditional ink-based labelling method. This technology uses a silicone pad to transfer ink onto an item with fine details and high accuracy, applicable to a wide range of materials. Pad printing allows labelling curved surfaces.

**S** SCREEN PRINTING

Screen printing is a traditional ink-based labelling process, for flat or flattenable products, with high durability and colour accuracy. During the screen printing process ink is directly pressed on the product's surface through a gauze, then fixed with heat treatment.

**T** TRANSFER PRINTING

Transfer printing is based on traditional screen printing, however, instead of being directly screen printed onto an item, the design is printed onto transfer paper, then applied with a heat press. Transfer printing is applicable to a wide range of products and holds several advantages over screen printing.

**DT** DIGITAL TRANSFER

Digital transfer printing is a modern, full-colour alternative to traditional transfer printing. The design is printed in photo quality onto transfer paper with a special digital printer, then applied to the product with a heat press. Our digital transfer technology carries no limitation in size or shape of imprints.

**SU** SUBLIMATION PRINTING

Sublimation printing is a full-colour, digital labelling technique with photo quality. Designs are printed with special ink on a transfer paper, then heat-pressed onto the product's surface. Sublimation is only applicable to light coloured polyester and sublimation coated products.

**UV** UV LED PRINTING

UV LED printing is a full-colour, digital labelling process utilising UV-cured inks. Logos are directly printed on the product's surface in high-resolution, resulting in instant photo quality imprints.

**E** ENGRAVING

Engraving utilises lasers to mark a product's surface. The surface of the product practically burns in the process to develop the logo. Even small logos can be printed very accurately. Engraving is applicable to metal, wooden, glass and certain plastic products.

**DO** EPOXY DOMING

Epoxy doming is a unique printing technology, using full-colour printed stickers covered with 2 component resin. As a result, the treated sticker will have a 3-dimensional look. Epoxy domed logos can be produced in custom shapes and are resistant to UV rays.

**DG** DIGITAL PRINTING

Digital printing is used to imprint paper products and paper inserts in photo quality. Paper inserts can be produced in various sizes and shapes.

**VF** VISION FILM PRINTING

Vision Film printing is a special printing technique for labelling sunglasses lenses. During the labelling process, a digitally printed and perforated film is applied enabling a high degree of customisation.

**VS** VINYL STICKER

Vinyl stickers are digitally printed full-colour, self-adhesive stickers applicable to various, otherwise hard to print, products. Vinyl sticker logos can be produced in various sizes and shapes.

**FP** FREE PRINTING

Price includes printing with indicated technology. Excluding setup charge.
