In 2021, the Island's beach-cleaning and litter-fighting group Fight Dirty Tybee launched a program to recognize the sustainability efforts of Tybee's restaurants. So what is a Certified Turtle-Friendly Restaurant? Well, according to Fight Dirty Tybee, it is any eating establishment that has committed to find alternatives to plastic take-out bags, plastic straws, and expanded polystyrene (aka, styrofoam). Why these items? They're among the most commonly found litter removed from the beach and marsh during clean ups and are known to cause significant harm to sea turtles if ingested. Of course, these items harm our beloved bottle-nosed dolphins, brown pelicans, endangered shore birds, and eventually us, too.

The program was born out of frustration - Fight Dirty Tybee volunteers remove hundreds of straws, pieces of styrofoam, and plastic bags (and many other things) at their weekly clean ups. Wanting to encourage more responsible choices by consumers and restaurants, a small group of regular volunteers decided to create a Tybee-specific recognition program for restaurants that were already talking steps to reduce their use of single-use plastics, especially for take-out. After looking at several similar programs at other coastal communities, the group decided not to dictate how a restaurant offers more sustainable products but rather to thank them for not adding to the problem of plastic pollution in the ocean.

An owner's choice to offer sustainable products instead of throw-away plastics results in a significant increase in expenses - often 2 or 3 times as much as single-use plastics. The hope is that recognition from this program will result in more customers and help offset those increased costs. You can do your part to help our sea turtles by visiting these establishments and thanking them for their sustainable choices! And if your favorite Tybee restaurant isn't on the list, ask them to drop the plastic and save some sea turtles!

For more information, visit: [www.fightdirtytybee.org](http://www.fightdirtytybee.org)

This restaurant does not use styrofoam, plastic bags, or plastic straws, all of which are known to harm marine life. For more information visit [www.FightDirtyTybee.org](http://www.FightDirtyTybee.org)

## 10 THINGS TO DO ON TYBEE

**1. Relax on the Beach:** Tybee Island is known for its beautiful sandy beaches. Take a leisurely stroll, sunbathe, or enjoy various water activities like swimming and kayaking.

**2. Visit the Tybee Island Lighthouse and Museum:** Climb to the top of the iconic lighthouse for stunning views of the island and the Atlantic Ocean. The museum provides insights into the island's history and maritime heritage.

**3. Explore Fort Pulaski National Monument:** Discover the history of the area by visiting this well-preserved Civil War-era fort. The park offers guided tours and opportunities for birdwatching and nature walks.

**4. Dolphin Tours:** Take a boat tour to see dolphins in their natural habitat. Several companies offer dolphin-watching tours that allow you to get up close to these fascinating marine mammals.

**5. Kayaking & Paddleboarding:** Explore the waterways around Tybee Island by renting a kayak or paddleboard. This is a great way to experience the island's natural beauty and wildlife.

**6. Sunset Cruise:** Enjoy a romantic evening on a sunset cruise. Many boat companies offer tours that provide breathtaking views of the sunset over the Atlantic Ocean.

**7. Fishing:** Tybee Island is a popular spot for fishing. Whether you're a novice or an experienced angler, you can try your hand at pier fishing or book a charter for a deep-sea fishing excursion.

**8. Explore Little Tybee Island:** Take a boat or kayak to the uninhabited Little Tybee Island, known for its pristine beaches and natural beauty. It's an excellent destination for those seeking a more secluded experience.

**9. Biking:** Rent a bike and explore the island at your own pace. Tybee has bike-friendly paths, and it's a great way to see the sights and get some exercise.

**10. Sample Local Cuisine:** Explore Tybee Island's dining scene, which features a variety of seafood and Southern cuisine. Try local favorites and enjoy the island's laid-back atmosphere.

MAIN STREET

SCAN ME  
tybeeislandmainstreet.org

Ever wondered why Main Street matters?

There are so many reasons! Most importantly the money spent stays in the local economy. When you shop locally you are supporting an individual in your community and their family! Small businesses can offer a more personalized shopping experience and are extremely knowledgeable of their products and their business. Lastly, purchasing items from small businesses are typically unique and sometimes handmade, making them even more special. Tybee Island is full of a wide variety of these types of businesses, perfect to help you find that perfect gift, enjoy a delicious meal or have that once in a lifetime experience!

# TYBEE ISLAND BEACHES

**NORTH BEACH** - If you're looking for the perfect location for shelling, seeing dolphins, and viewing the large container ships as they travel to and from the Port of Savannah, North Beach is the place for you. Located at the mouth of the Savannah River, surrounding Fort Screven, you can also see the Tybee Lighthouse & Museum and the Tybee Island Marine Science Center, as well as plenty of birds at the popular North Beach Birding Trail.

**SOUTH BEACH** - The most popular section of Tybee's Beach is South Beach. South beach encompasses 14th Street south to 18th Street, and is where you'll find the area's surfers and the Tybee Pier & Pavilion. South Beach is located next to Tybee's main business district, and is within a block or two of most of the island's hotels and motels, as well as many restaurants, bars, and places to shop. Large public oceanfront parking lots are available at 14th Street and Tybrisa Street. Smoking and vaping are prohibited on the pier and the beach.

**MID-ISLAND BEACH** - The mid island beaches are located from 1st Street south to 14th Street, and are much less crowded than South Beach. This section of the beach offers public beach crossovers and a quiet peacefulness with the dunes. Keep in mind there are no public restrooms at this section.

**BACK RIVER BEACH** - The smallest section of Tybee Beach is the Back River Beach, located on 18th St., South Jetty west to Back River Fishing Pier. With beautiful views of Little Tybee Island and low waves. Parking is available at the Alley 3 lot off of Chatham Avenue.

**SAVANNAH RIVER BEACH** - The Savannah River Beach encompasses Lazaretto Creek to North Jetty and is the section of beach popular with families. Featuring low waves and dolphin spotting, Savannah River Beach can be reached by walking from the North Beach Lot. Keep in mind there are no public restrooms at this section of Tybee Beach.

**TYBEE ISLAND DUNES** - It is illegal to disturb the dunes. The dunes are an important line of defense against storm surge and coastal flooding. Without a strong dune system, Tybee Island is vulnerable to loss of natural habitats and personal property. Please stay off the dunes so that we can protect this fragile, but critical ecosystem.

**South End Sandbar Danger!**

Tybee Island's south end sandbars, which stretch out over a mile on the south end, where no one is allowed to go from the shore. Tybee Island's tides can be dangerous! Coastal Georgia experiences constantly shifting tides and water levels. Every six hours, as much as eight vertical feet of water flow in or out of Georgia's coastal ecosystems. Do not venture out onto the South End sandbars! When the tide turns, the water rises very quickly and with a very large volume of water moving over the sand. It can very easily knock an adult off their feet with such force that is impossible to regain your footing, carrying you very quickly into deeper water. Even when the water looks calm, the current can be shockingly strong. Every year, there are reports of people being swept out to sea by large waves and strong currents. Please do not put your life at risk by going out in this area of the beach, as well as the lives of any rescuers who must come to your aid. A ticket will be issued to anyone who ventures onto the sandbar at the south end of the island. This is a criminal offense with a fine up to \$1,000!

**North Beach Warning!**

Similar to the South end of the Island, there is a warning you need to be aware of at the North Beach. Walking out into the ocean on the sandbar near Polk Street can have dangerous consequences. Treacherous surges from passing big containers ships can come in fast without warning. These strong currents can knock you down, sweeping you out into the channel, which is challenging for an experienced swimmer to make it back to the shore. This part of the beach is not guarded by lifeguards. If there is someone in the water needing help, please dial 911.
