CASAMONTE

INTRODUCTION

Casamonte was founded on the belief that true artistry is a collaborative journey. Inspired by the timeless interplay of texture and design, Casamonte partners with distinguished artists and designers to craft surfaces that are both transformative and enduring. Through these partnerships, we have crafted collections that transcend trends, standing as timeless testaments to the power of design to inspire and connect. With every collection, we invite our customers to see their spaces not just as places, but as canvases for self-expression and stories waiting to be told.

JACK LONETTO

Jack Lonetto approaches design as both architect and storyteller, weaving spaces that embody harmony and intention. His work bridges the dialogue between exterior and interior, embracing a holistic vision where every detail contributes to a larger narrative. Guided by the timeless principles of Frank Lloyd Wright and the Bauhaus, his aesthetic celebrates simplicity, balance, and precision. In collaboration with Casamonte, Lonetto translates these values into wallcoverings that surround interiors with quiet elegance and enduring expression.

BRUSH COLLECTION

The Brush Collection celebrates the expressive dialogue between gesture and surface. Inspired by the fluid elegance of the Japanese ink brush and the tactile richness of textured papers, each design embodies movement, rhythm, and intention. Layered patterns evoke the artistry of hand-drawn strokes, capturing a balance between spontaneity and control. Anchored in a palette of grounded earth tones, the collection transforms walls into living canvases—inviting interiors to reflect both the vitality of creation and the serenity of restraint.

FALLING BRUSH

The Falling Brush Collection is a direct expression of the energy and spontaneity found in Japanese ink brush painting. This design, the most explicit in the Brush Collection series, is rendered on a subtle woven background. It showcases three distinct leaf forms arranged in a gentle falling motif. The deliberate transparency of the leaves creates a luminous, layered effect that instills a profound sense of quiet and tranquility.

To this timeless aesthetic, a clean, simple leaf motif is introduced, adding a touch of modern design that makes the collection both classic and contemporary.

WATERMARK

Drawing its name and essence from the soft shimmer of moonlight on water, the Watermark Collection reflects a moment of tranquil beauty. The design's carefully layered vertical and horizontal lines create a sense of fluid transparency, as if capturing the fleeting, luminous path cast upon a still lake. This nuanced pattern offers a dual personality: install it in a seamless repeat for a strong, contemporary statement, or opt for an off-set configuration to achieve a relaxed, organic texture that recalls a handmade impression
