Jati Kebon's vision

Luxury outdoor living, for everyone

Jati Kebon began with a vision—started by Firmin Verbeke in 1976 and continued by his children Johan and Leen in 1995—to transform outdoor areas into places of true comfort and relaxation. Today, this vision lives on in every piece we create. We believe that outdoor living should be more than an afterthought—it should be an extension of the comfort and style we create indoors. It's about blurring the lines between home and nature, shaping spaces that spark relaxation and connection.

That's why we invite you to take the world in and make your surroundings an integral part of your lifestyle. Find a place to relax amid the sights, sounds, and sensations of the outdoors, while still enjoying the coziness of your home.

A place where opposites meet and contrasts combine, made tangible by our furniture. But *Jati Kebon* isn't just about furniture; it's about creating experiences. It's about those warm summer evenings spent with family, a quiet morning coffee on the patio, or hosting friends for a celebration—all surrounded by tranquility, beauty, and a touch of luxury.

All of our high-quality pieces are crafted to add value to life's ordinary and extraordinary moments, making luxurious outdoor living accessible for everyone, in every setting.

Povl Eskildsen

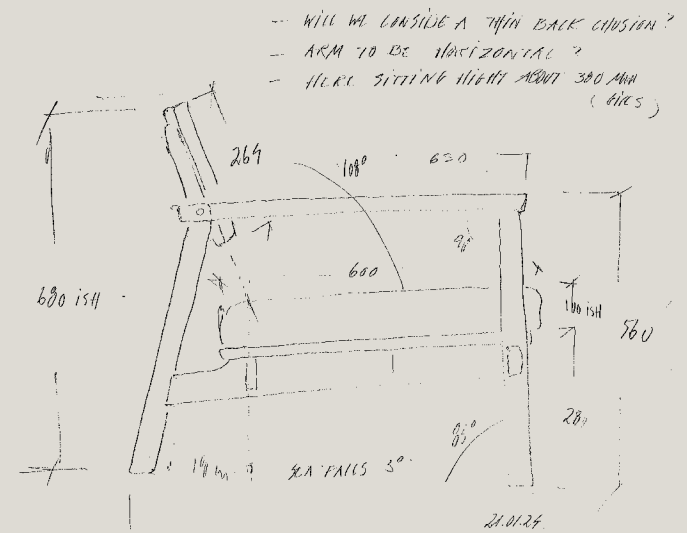

"Design is about more than just form and materials."

Povl B. Eskildsen, a distinguished Danish designer, perceives design as a way of understanding how people live and interact with furniture in their daily lives. His architectural background and his family's teak furniture legacy is beautifully reflected in the *Lynn* collection, where he masterfully merges timeless Scandinavian craftsmanship with contemporary design. His furniture embodies minimalist elegance, crafted with meticulous precision to elevate outdoor living spaces with sophisticated, adaptable pieces.

The Lynn Collection

"With Lynn, we've created a collection that's as luxurious as it is eco-conscious."

Escape the ordinary with Povl Eskildsen's Lynn collection, where design embraces outdoor living. A testament to meticulous Scandinavian artistry and sustainable vision, these pieces draw inspiration from 1970s Danish classics. Blending clean, elegant lines with nature's warmth, each design tells a story of precision. Every detail, from the seamless finger joints to the hidden end grain, reveals a commitment to timeless beauty that gracefully weathers every season.

La Mamba Studio

"Design is not just what we create, but how we connect."

Based in Valencia, *La Mamba Studio* is a product design atelier specialized in furniture, lighting, and objects. Their approach is holistic and deeply human, defining the soul of each design and molding ideas into meaningful experiences. From chairs and tables to sofas and lighting, they always seek to harmonize aesthetics, functionality, and human interaction. Their philosophy is showcased in the *Cala* collection, transforming our perception and experience of our surroundings.

The Cala Collection

Cala is a distinguished collection born from a poetic fusion of skillful and modern design, redefining elegance and sophistication. Inspired by the intricate art of rope weaving, *La Mamba Studio* sought to soften the industrial essence of aluminum, bringing style and rich texture to each piece. This collection with its modular sofa elements and dining set is all about creating inviting and timeless spaces that welcome you to unwind—transforming any outdoor setting into comfortable sanctuaries.

Made Studio

Made Studio was founded in 2017 by Borja García and Laura Ros, emerging from their shared professional journey in industrial design and architecture. Their team balances function with emotion, crafting products and spaces that enhance daily life. With over a decade of experience, the founders of *Made Studio* present a manifesto of precision— from concept to detail. They take pride in transforming ordinary moments into extraordinary experiences through thoughtful design— ensuring that their creations not only serve but inspire.

"Balancing the rational and emotional."

The Boho Collection

"Boho brings warmth and comfort to outdoor living."

Inspired by the artisan craftsmanship of curved hand-woven panels with intricate rope techniques and the elemental shapes of 1970s design, the Boho collection embodies Made Studio's philosophy of balancing rational and emotional aesthetics. Each piece is refined yet comfortable, reflecting Made Studio's mindset that design should support everyday experiences. With careful attention to every detail, the collection blends beauty and a natural touch, adding warmth, sophistication, and a sense of connection to any outdoor setting.

JK Design Studio

"We invite you to take your surroundings in and extend your home outdoors."

At Jati Kebon, we pride ourselves on our strong commitment to creative and functional design. Our in-house design and development teams in Belgium and Asia work closely with well-known designers, forming a tight-knit network that drives innovation while staying aligned with the latest trends.

Our outdoor furniture invites you to take the world in and bring your home out, blending beauty and function seamlessly. We achieve the perfect balance of style and practicality, blurring the boundaries between indoor comfort and outdoor living.

What tools to use?

In general: avoid harsh treatments. Avoid using any abrasive products or tools on materials like aluminum, ceramic and synthetic materials, as these can cause scratches. Do not powder-wash or use chlorine bleach, oils, and avoid abrasive cleansers. Test new solutions on a hidden area. After cleaning, use the application cloths to apply an outdoor furniture protector.

Teak

Cleaner & protector

If teak remains untreated, this silver-grey patina deteriorates to a dark-grey and greenish. A transparent protector makes the wood water- & dirtrepellent and helps to prevent stains while keeping the natural look. Apply a non-hazardous teak cleaner to clean and restore discolored, dark grey teak and hardwood. Use the appropriate tools and avoid using a hard brush to clean your teak furniture.

Fabrics & ropes

Cleaner & protector

The best and simplest way to preserve the beauty, comfort and performance of fabrics is by brushing off any dirt before it gets entrenched, as well as by cleaning up any spills or stains with soap and water shortly after they occur, when they are easiest to remove. We recommend our *Fabrics & Rope Cleaner*. *Jati Kebon* furniture's cushion covers and fillings are made to dry easily and properly with improved water draining, making them develop less mildew and molds. You can keep your fabrics looking better for longer when you regularly give them a treatment with a *Fabric Protector*.

Multisurface

Cleaner & protector

Jati Kebon aluminum furniture is protected by a high-quality, waterrepellent powder coating. The resulting finish is knock and scratch resistant, impregnable to moisture, highly resistant to corrosion and easy to clean. Make sure to handle the furniture with care, avoiding scratches and dents that could damage the coating, making your furniture more vulnerable to the elements. Also watch out for corrosive liquids like sunscreen and cosmetics. It's recommended to further improve the resistance by applying an extra layer of protection with the *Multisurface Protector*.
