# Our Mission

St Paul Downtown is a vibrant, culturally rich community of faith dedicated to making disciples for Jesus Christ by offering **hope**, **health**, and **healing** to all persons, from the affluent to the unsheltered. We offer hope through the proclamation of the Word, prayer, and spiritual formation.

We offer help through community service, partnerships with the Arts and Central Business Districts and advocating for justice and inclusion. We offer healing through ministries of compassion, assistance, and restoration.

# Our Ministry

**Connect with an Open Heart** ~ Our church connects with God through worship, Bible study, prayer, fellowship, and spiritual development. We are a loving community of faith committed to sharing the love of Jesus Christ through worship and prayer.

**Serve with Willing Hands** ~ Our church offers a wealth of ministry opportunities for engagement in service. As we serve, our talents and gifts are unleashed which allows the church to operate at its maximum effectiveness and impact our congregational family and community.

**Walk in Faithful Service** ~ Our church encourages us to move beyond the pews and actively serve in the world and within our community.
