# FROM THE DESK OF THE GENERAL MANAGER

**Sarela Bonilla**, General Manager

Love, mutual support and care is in the air this month, and the co-op remains deeply rooted in and here for our community. People's celebrates 54 years of cooperation this year because of your continued support!

Our purpose as a cooperative is to listen to and reflect on what the community wants and needs. Last month we announced several exciting store improvement projects set to break ground in 2026, including a major remodel of our Deli & Bakery which will span through 2027.

The last five years have been quite challenging in our beloved Deli & Bakery. Like much of the restaurant industry, the pandemic caused high turnover and made it difficult to maintain consistency in our offerings. We've worked hard to stabilize the department, and are pleased to share that turnover in the Deli has dropped from 145% in 2022-2023 to 72% in 2025 (about average in the restaurant industry).

Damian, an O.B. local who grew up eating in the Deli, joined People's as the Deli Manager in 2024 and was a key part of this stabilization effort. During his time in the role, he helped reintroduce several foundational recipes and assisted in navigating a difficult era for the kitchen. We appreciate all of his hard work over the last 2 years as we move toward this next phase.

While things have improved in the Deli, we still have a lot of work to do to ensure the hot bar, salad bar, and grab & go cases remain consistently stocked with the high-quality, healthy options you expect. So as we embark on developing a new kitchen, we are actively seeking and hiring a new Deli Manager. Someone who is committed to maintaining our beloved recipes and who has the project-management experience required to guide us through remodeling and expanding our offerings, all while remaining aligned with our roots. Damian will remain part of the Deli team to provide continuity and training.

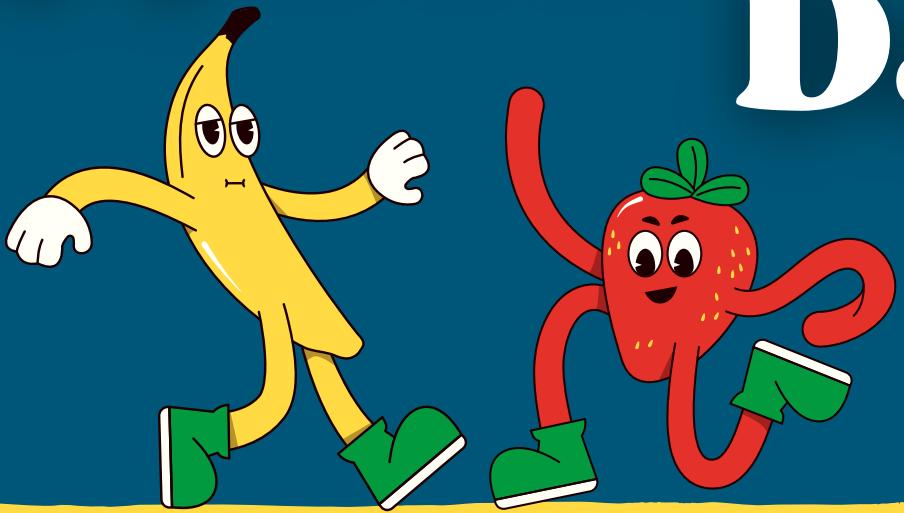

Thank you to our staff, owners, and customers for supporting the co-op through thick and thin. We want to show our appreciation to this wonderful community! Please join us this month for:

Shopping at People's means supporting a small business and the local food economy, eating organic high quality food, purchasing ethical and sustainable products that limit harmful impacts on people and the planet, all while still finding affordable options to nourish your household.

Take a look at some ways to save while shopping co-op!

**Everyone saves** with co-op deals, you do not have to be a co-op owner! People's is an independent grocery store, but we are a member of a national cooperative of food co-ops, called NCG. This allows us greater buying power so we can compete with larger corporate stores. Look for the **GREEN Co-op Deals Signs** or check the biweekly sales flyer (available by the registers and on our website) for rotating discounts and BOGO sales!

Owner Perks sales are rotating discounts on products throughout the store, just for owners! **Find savings on Bulk, Perishables, Wellness & Deli.** Look for the **BLUE & ORANGE Owner Perks signs**, or check the biweekly sales flyer (posted in store, in this newsletter and on our website) each month.

Co-op owners enjoy one of our most popular perks 4x a year: **Owner Appreciation Days!** Owners get **10% off the entire store**, + months without OADs have a **10-20% off an entire department or section** – like Wellness Weekend in January, Produce Discount Days in March, or Bulk Discount Days in April. Owners enjoy a savings event every month at the co-op!

→ **Don't miss this month's Owner Appreciation Days: Feb 11-15!**

Our Wellness department features clean beauty and body care, bulk herbs, supplements, aromatherapy, and so much more. Co-op owners enjoy **5% off the entire Wellness department on the first Wednesday of every month!**

→ **Don't miss upcoming Wellness Wednesdays: Feb 4 & March 4**

**FLOWER: Fresh Local Organic Within Everyone's Reach** is People's food access program. Reduced owner equity payment of \$5 a year + 5% off every transaction. Recipients of SNAP/EBT, TANF Cash Assistance, WIC, SSI/SSDI, Medicaid, Free School Lunch or anyone experiencing acute financial hardship qualifies. Talk to a cashier or sign up online: [obpeoplesfood.coop/flower](http://obpeoplesfood.coop/flower)

One of the best ways to **save money while reducing waste** is buying in bulk. Did you know you can find all of these things in bulk at People's? Organic grains, beans, pasta, flours, seeds & nuts, nut butters, maple syrup, honey, olive oil, fair trade coffee, tea, spices, snacks, chocolate, granola + refillable detergents, lotions, shampoos, soaps and SO much more!

# HEALTH & WELLNESS

## Give them Flowers

February holds a special place for matters of the heart. It invites us to pause and reflect on love in all forms – romantic, platonic, and importantly, the love we have for ourselves. This Valentine's season, create a space for presence, nourishment, and care that is thoughtfully given. Introduce a new meaning of "giving flowers" beyond a bouquet. Give a gift of flowers with the use of herbs and natural remedies. Find everything in People's Wellness Department!

There is something deeply comforting about a cup of tea held in both hands. Warm and soothing, it has a way of slowing your breath, settling your mind, and drawing you into stillness. Its benefits are even greater when shared with others. Make your loved one a concoction made with your sweetest intentions. In a world that moves so quickly, take a moment to slow down, converse and connect. You will feel your hearts beating in unison when you take the time to create quiet moments of understanding and togetherness. *Give them floral teas to nourish meaningful connection.*

*Hibiscus*

This heart-supportive infusion has traditionally been used to increase circulation and cardiovascular wellness. Its deep crimson color symbolizes love & connection. Enjoy its delightful tart flavor.

*Rose*

Feel your hearts become one as you sip this petal water. Rose uplifts the spirit with its aroma & evokes softness with its quiet beauty. Offering natural antioxidants that protect the heart.

*Chamomile*

Known for its calming and soothing qualities, Chamomile supports relaxation and emotional balance, helping the heart feel lighter. It's so yummy too!

*Passionflower*

Unload the stress of the day together. This flower has mild tranquilizing effects that boost Gaba (the brain's primary calming neurotransmitter). It's also an excellent sleepy-time tea.

Our heart holds a lot of information about ourselves, carrying more than just the physical. Some say it's where our soul lives. All our emotions, memories and connections are stored within this space. We all have experienced how our emotions influence the way we carry ourselves and how we react and respond to situations. Flower essences can be a useful tool when dealing with your emotions no matter what issue arises. Each and every flower has its own emotional signature. *Give them heart-felt essences for emotional support.*

## GET TO KNOW YOUR HEART:

The right side of your heart receives blood from the body and pumps it to the lungs. The left side of the heart receives blood from the lungs and pumps it out to the body.

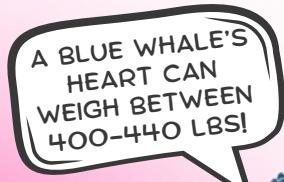

Movement of blood through the heart and around the body is called *circulation*, and your heart is really good at it! It takes less than 60 seconds to pump blood to every cell in your body.

Remember that your heart is a muscle. Keep it strong by being active in a way that gets you huffing and puffing, like jumping rope, dancing, or playing basketball. Try to be active every day for at least 30 minutes to an hour!
