WHO WE ARE

GDIPUBLISHING.COM

Established in 2014 and founded by QuiNina Sinceno, CEO and Publisher. GDI Enterprises, which stands for God Did It Enterprises, is an assisted self-publishing company. The Inspirational Publishing department provides services to authors who have a desire to avail books of excellence to the public that inspire or educate based on or related to Christian values or moral beliefs. We assist authors with all of their publishing needs, (from manuscript preparation and editing, to book printing and distribution) including Agent Services, which assists in scheduling book signings and other related publicity events.

WHAT TYPES OF BOOKS DO WE PUBLISH?

We desire all of our published books to be successful therefore books are submitted for acceptance based on their content, biblical accuracy (if applicable), probability of resale, marketability, and overall literary articulation, writing skill and style. Before accepting any book we answer the following questions: Is this book marketable? Is it interesting? Would the targeted audience enjoy this book? Is it priced correctly? Does it have the potential for longevity? Does it promote a positive or inspiring message that is not offensive to the Christian faith? If scriptures are used are they interpreted and explained accurately?
