Premium Trees and Plants

Leaf Removal & Seasonal Clean Up

Decorative Landscape Lighting

Commercial & Residential Holiday Lighting

Snow Removal

Simple Solutions

TO CONVERTING A CHALLENGING SPACE

One of our clients had a not-so-uncommon problem. A large island with mature trees in a high-traffic area that had lost almost all of the turf grass underneath the trees.

The challenge? How do we fix the space and make it functional to support foot traffic, yet make it visually pleasing at the same time?

The solution? We installed multi-color 2" aggregate rock to fill in the open space where the grass once was. Our team created three individual walkways using 2" flagstone rock and bordered the trees with 4" chopstone. Bordering the trees allowed us to plant seasonal flowers for even more color.

The result? We were able to accomplish the two main objectives by utilizing only three different types of rock and stone.

Most often, simple is the best solution!

“I would absolutely recommend Andy and the Perimeter crew to any of my family, friends, and business associates. They are extremely professional and communicate very well with us all the time. They do fantastic work. They always pick the best flowers and products for our property. They make our landscaping look so good!”

- James Novak

Chick-fil-A Franchise Owner

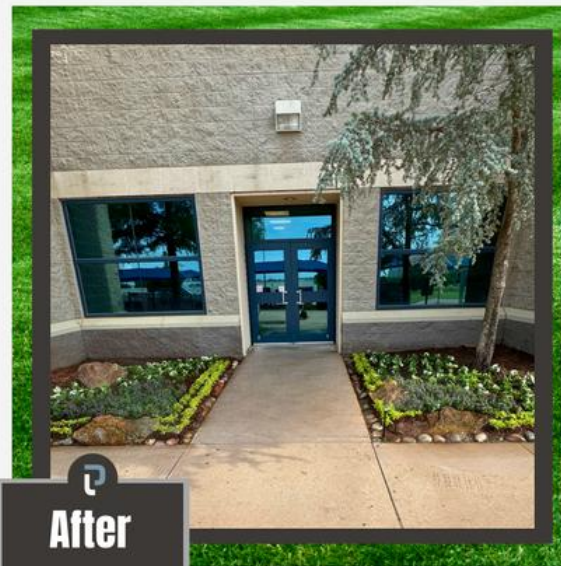

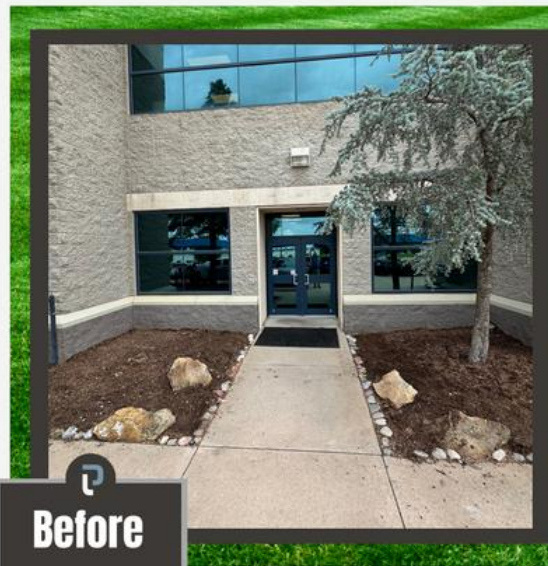

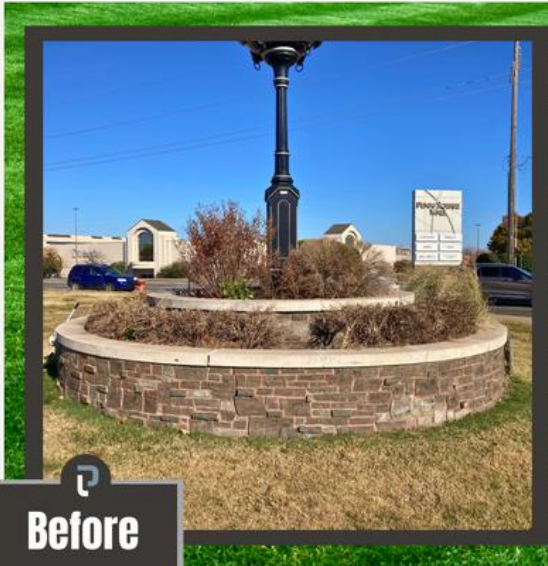

Arranged within the planter beds are Shoal Creek Vitex and Maiden grass complemented by decorative Colorado river rock.

Installation, Removal &
Free Maintenance

“ We have used Perimeter for years to take care of our lawn and landscaping needs, and they continue to do a great job with taking care of our holiday lighting needs, too! ”

All the steps from planning to installation were handled with excellence and great customer service. I highly recommend Perimeter for your Holiday Lighting projects! ”

Pastor Andy Dowdell

Bridgeway Church

We transformed this high-visibility corner with a strategic blend of sunny yellow Joseph's Coat, deep purple Angelonia, and crisp white Pentas. This eye-catching trifecta draws attention to the facility while providing lasting summer color, complemented by the elegant backdrop of a mature Lacebark Elm.

LED lights illuminate the exterior of this commercial building. Take a look at the C9 bulbs outlining the roofline, colorful wreaths, and mini lights enhancing the brightness of the trees.
