THE BENEFITS OF WORKING WITH US

Our US-based industry professionals are available to consult with you on your business needs.

We have unmatched experience in building and executing **custom programs** designed for your individual business needs.

We offer customizable reporting on your historical usage and spend.

We leverage our buying power to offer highly **competitive prices** on the items you buy - whether a one-off need or a high-volume, ongoing supply program.

THE RANGE OF SERVICES WE PROVIDE

E COMMERCE ORDERING PLATFORM

Our web-based ordering platform can be customized to your brand-specific catalog.

LOGISTICS & DISTRIBUTION

Services are scaled to fit your needs: to your warehouse, direct roll-outs or consolidated shipments.

SOURCING

Custom, branded or generic merchandising supplies; domestic or imported, we have you covered.

WAREHOUSING & INVENTORY MGMT

We can maintain inventory of the items you buy from us, so they are ready to ship when you need them.

SUSTAINABILITY

One of the most important and sensitive topics on the planet today - especially as it applies to the business world. The **NAHANCO** operations have become much more sustainable in recent years, and continue to make improvements.

SUSTAINABILITY AND NAHANCO HANGERS:

WOOD

All of our Wood Hangers are made from sustainable materials - Lotus wood and Bamboo - that are grown in China.

PLASTIC

Plastic Hangers have a useable shelf life of over ten years. And if damaged, the hanger can be recycled.

We recycle our own scrap plastic from the manufacturing process.

A granulator (and we have a big one!) is used to grind the scrap so we can re-use it.

Zero plastic goes into the waste stream.

RECYCLED PLASTICS

Our black hangers are made of up to 80% internal and external recycled plastic material. All other hangers we manufacture use up to 20% of internal recycled plastic.

luxe edit

A collection of products meant to inspire, inform and emphasize the best our brand has to offer via a lens of creativity and freshness. These products are both diverse and appropriate for many categories of retail.

A blend of legacy and newly developed products can be used in whatever way excites or moves you. The collections are inventoried and brandable for an effortless execution of your vision.

Luxury can often be difficult to define. We'd love to be part of how you express and define your own brand of luxury.
