The Creative School Supply Company recommends teachers and schools work in consultation with their local Aboriginal Communities (start locally and extend out geographically) when designing teaching and learning activities. Art and craft products are intended as a starting point for meaningful making and responding lessons; and discussions within this context should enrich student understanding whilst acknowledging, respecting and valuing Aboriginal identities and cultural expressions. Any art making tasks that replicate Aboriginal cultural expressions must be done in consultation with the appropriate Aboriginal people (owners of that cultural property).

The Creative School Supply Company recommends teachers and schools work in consultation with their local Aboriginal Communities (start locally and extend out geographically) when designing teaching and learning activities. Art and craft products are intended as a starting point for meaningful making and responding lessons; and discussions within this context should enrich student understanding whilst acknowledging, respecting and valuing Aboriginal identities and cultural expressions. Any art making tasks that replicate Aboriginal cultural expressions must be done in consultation with the appropriate Aboriginal people (owners of that cultural property).

Magicalay Earth Colours

ML296 12 x 20g

20g x 6 Colours (2 of each colour). Air drying clay. Hardens on the outside within 60-90 minutes. Takes 48 hours to fully dry. Can be painted while still wet.

Porcelain/Potato Clay – White

ML270 Pkt of 210g

Non-toxic, air drying (do not bake) clay made from potato powder. When the clay dries it takes on porcelain-like qualities. Soft, smooth, malleable and ideal for fine detailed work. Leaves no residue on hands or surfaces and holds its shape when wet. To colour, add acrylic pigment prior to moulding. Mixing with Magicalay will make the potato clay softer, however, mixed clay will dry out faster. Reseal unused portions to prevent clay from drying out.

Made from potato flour!

Hot Melt Glue Gun & Sticks

AA100 Each (Gun only)

Refill Sticks 30cm

AA111 Pkt of 10

AA112 Pkt of 1kg

Trigger action glue gun dispenser with higher melting point which means the bond is stronger. As the glue is hot it gives a little more time to work before it sets (1 minute). Suitable for gluing most surfaces including ceramics and wood. The refill sticks measure 11mm diameter and 30cm long. The 1kg refill pack contains approx 34 sticks.

Low Melt Glue Gun & Sticks

AA120 Each (Gun only)

Refill Sticks 10cm

AA121 Pkt of 10

AA122 Pkt of 1kg

Trigger action glue gun dispenser with lower melting point. Suitable for lightweight bonds such as small embellishments, some fabrics or connecting two porous surfaces together. Glue dries quickly with low melt glue so there is less time than with hot melt guns to work before it sets. Safer for young children to use. The refill sticks measure 7.5mm diameter and 10cm long. The 1kg refill pack contains approx. 240 sticks.

Plastic Paste Spreaders
