# HOPE THAT BUILDS

## THE KINGDOM

“And his name will be the hope of all the world.” — Matthew 12:21 (NLT)

This Christmas, we remember the moment when Hope stepped into our world—not as an idea, but as a person. Jesus Christ, the King of kings, entered history to establish a Kingdom that will never fade.

Our world is restless. Nations rise and fall, but His Kingdom endures. Wherever the gospel is proclaimed and lived out, hope takes root—rebuilding what is broken and drawing people to the reign of Christ.

Across Africa, believers gather in simple homes to pray for their neighbours. In the Himalayas, small fellowships of new disciples are forming where the name of Jesus was once unknown. And here in Canada, local churches are welcoming newcomers and seekers into the family of God. These are glimpses of His Kingdom advancing—quietly, powerfully, and full of hope.

When you give through OM this Christmas, you are helping build and strengthen that Kingdom among the least reached. Each Bible distributed, each worker sent, and each act of compassion declares that Jesus still reigns and that His hope is for all peoples.

Together, let's continue to live and give as citizens of His unshakable Kingdom—until the hope of Christ fills the whole earth.

In the Hope of Christ,

Joshua Bautista  
Executive Director, OM Canada

FIGHT

POVERTY

THROUGH

FARMING

*"In my life it was hard not to do bad things. I didn't want to go to church. Life was difficult, I was drinking too much beer."*

For Moses, from Zambia, this was what life looked like. With little hope for the future, struggling with habits that left him empty, he never imagined change was possible. Then he joined a training for small farmers with OM. As he learned new ways to care for his crops, he discovered a new way of life in Jesus.

*"Even my father stopped drinking and started going to church," he shared.*

Today, farming—and faith—are transforming his whole family. When you support OM farming projects, you help more families experience both daily provision and the eternal hope only Jesus can give.

PROVIDE

SAFE WATER

A newly dug water well in Africa is serving as a catalyst for the spread of the gospel. During the dry season, the well brings villagers seeking clean water for themselves and their livestock. This naturally led to faith conversations, prompting the formation of a Discovery Bible Study group with 25 regular attendees. The initiative uses the provision of physical water to introduce people to the “living water” of Jesus, bringing life, health, and hope to the community.

## THE CANADA WORKERS FUND

### ANY AMOUNT

The team in Canada is critical to world missions. They are the backbone— from recruiting and sending missionaries and managing projects, to raising funds, and providing the resources needed to support our workers in some of the most challenging places internationally.

Many of our international workers who serve in Canada do not have an established network of donors, families and/or churches in Canada to support them here as they serve. Your donation is a direct investment in these dedicated workers, fueling their ability to transform lives globally.

Consider giving recurring monthly gift to the Canada Workers Fund, which will be extremely helpful for future planning and budgeting, or supporting a team member in Canada monthly.

# HELP

# VULNERABLE

# CHILDREN

*"Education alone doesn't fix everything, but it shows children they can do something and succeed,"* shares Angie, an OM worker teaching in a poor area of Asia. In her tiny bamboo classroom, 15 students learn language, values and self-esteem.

*"I hope to teach them to love each other with words and actions,"* she adds. Angie patiently helps struggling students until they can proudly say, *"I did it."*

Her heart for these children comes from her own childhood, when she saw God's love transform her father. Today, through teaching, prayer and personal connection, she helps students overcome challenges and discover the joy found in Jesus.

You can support ministries like Angie's to provide children practical needs, safety, education and hope—helping the next generation grow and embrace the life God has planned for them.

RESPOND TO

CRISIS

Typhoon Yagi killed over 500 and devastated Southeast Asia a year ago, leaving thousands homeless.

Widow Nghia's small eatery, her family's income, was destroyed. She prayed, and OM workers brought aid, repairing her eatery and restoring her livelihood.

Grateful, Nghia was encouraged to share Jesus with her community.

You can help families like hers recover with practical aid and the love of Jesus.

# HELP THEM

# FIND FREEDOM

**In many places of the world, child trafficking is disguised as tradition.**

In these regions, it is common for parents to send their young girls to local markets without money for groceries, forcing them into prostitution to earn enough to buy food for their family. The ones who are supposed to protect them directly negotiate the price and duration of their abuse in advance.

## **SAVE A CHILD BRIDE**

**\$398**

### **Justice – International**

Restore their dignity by providing help, medical care and job skill training. Your gift could include items like a sewing machine or a soap-making kit, helping them begin a new life.

In other places, girls are forced into marriage as early as age 12. If they cannot conceive a son, they are marginalized by the community. If they do become pregnant, their bodies may be unprepared to handle childbirth, causing birth canal damage. When this happens, husbands send them back to their families, where they become a source of shame.

Your gift today can help restore their dignity, body, health and soul.

## **A SAFE PLACE & SKILLS, FOR A DAY**

**\$40**

### **Southern Europe and Africa**

For abused adults and children, a safe place to rest and recover is often the first step in escape from a life of exploitation.

SUPPORT OUR

## CAMEL MINISTRY

In the Horn of Africa, a significant spiritual harvest is underway, with a growing number of people turning to Christ.

Camel herding ministry workers reach remote desert communities with the gospel through literacy training, books, and their testimonies.

However, believing in Christ is only the first step; many new believers face the challenge of growing in their faith through discipleship. Regular contact through DBS (Discovery Bible Study), and Christian literature in the local languages enables lasting change.

Your gift can help support local ministry leaders, and help provide camels, literature and sustainable support for the herders and the nomads they reach.

### PROVIDE A CAMEL

**Africa**

**\$1,400**

Camels are essential to local livelihoods and provide a culturally relevant way to mobilize local Christian Camel Herders into same and near-culture ministries.

### EQUIP A CAMEL LIBRARY

**\$650**

**Africa**

You can help bring education and hope to remote communities. By supporting the Camel Library, you ensure this traveling resource—full of school materials, literature, and local-language Bibles—transforms lives by delivering both the gift of literacy and the message of the Gospel to the remotest areas.

### MOBILIZE CAMEL HERDERS

**\$500**

**Africa**

Provide the resources needed to train and equip Christian camel herders, transforming their traditional daily routes into new avenues for Gospel outreach and community upliftment, in hard-to-reach and remote areas.

GIVE THEM

HOPE

In war-torn Eastern Ukraine, Pastor Sergei could not just flee or sit idly by while people suffered. Alongside a small group of pastors, he began training believers to plant churches on the front lines.

In places where there were once no churches, new congregations are now bringing hope—caring for children, sharing meals and offering warmth to their communities. Lives are changing as people encounter Jesus amid the conflict.

You can support church planting and workers, helping them bring God's love, comfort and transformation to families in hard places.
