YOUR GOLDEN GATEWAY TO SAN FRANCISCO

STEPS TO ACCESSING THE e-BIKES:

- Download the app.
- Create an account.
- Scan the QR code located on the front handlebars of the bike you would like to use.
- Click menu button ☰ in the top corner.
- Click "Promos" and add promo code: Hilton01
- Input a valid credit card.
- Music will chime and the bike will be undocked.
- Remove the cord from the bike and you are all set to ride!

DURING YOUR RIDE:

- This is a pedal assist bike. Start pedaling and the motor wheel assists you to go. Pull the brakes on the handles to slow.
- When you are stopping at a location where you are not returning the bike, stop the bike, and use the kickstand to keep your bike upright. Use the cable cord on the bike to lock around the bike rack of your choice. (Keep in mind that your time is still running during this pause.) This will lock your bike so it will not work for others.
- Once you are ready to return to riding, scan your bike's QR code again to unlock it.

RETURNING THE e-BIKES:

- The bike must be returned to the charging station at the hotel.
- When parking the bike, pull the bike next to the charging cords and set your kickstand down. Plug it into the charging station until you hear it click/lock.
- The ride should end on your application once the bike has been plugged in, and your time should stop.

DON'T SEE ANY BIKES AVAILABLE?

- Head to our Concierge Desk.
- Grab a voucher which will work at any of the three locations in San Francisco.
- Use the Hilton promo code to start your ride!
