MARCH
2025

This month is great for those who enjoy series which feature self-contained stories in each episode (which fit in well with busy lifestyles). We have one completely new series, and a new volume of a listener favourite.

They Walk By Night

This is a really interesting series that takes a slightly different skew on people from history and mystery...

In the silent, sombre depths of a waxworks museum, before an ageing caretaker, highlights of the lives of Rachmaninoff, Alexandre Dumas, Catherine the Great, Crippen and many others are recreated. Are they actually coming back to life, or is it all in his mind? We'll let you decide...

A highly entertaining series from the vaults of AWA, these stories create vivid 'theatre of the mind' images for all who allow their imaginations to enter this audio realm.

Spiral Ten – Volume 11

And here's a fresh volume of a fan favourite...

In the heart of Sydney's colourful, cosmopolitan King's Cross is The Spiral – a small off-shoot of bustling Macleay Street. At number 10, The Spiral, are the offices of Connor and Mintz, Private Investigators.

Frank Connor, who can be as tough as he is gentle, is teamed with Joe Mintz, a steady, reliable, quick-acting partner in a hazardous business.

Connor and Mintz welcome every assignment, but when a case promises action and dangerous living – their eyes light up with anticipation!
