REUSABLE INCONTINENCE SOLUTIONS

☎ 02 9531 2011

🌐 nightnday.com.au

Night n Day began over 35 years ago, in 1989 by Rosemarie Lakiss-Smith (Mum) under the 'Minappi' brand.

Mum had just had her first child – Michael (me!) – and was having difficulty convincing “lazy Rod” (Dad) to change my nappy as it used “barbaric” pins to fasten a towel square. Mum swears he was just lazy and it had nothing to do with my safety. Thanks, Dad!

In Dad's defence, this combination of towel squares and pins was the only option for parents at the time. Thinking “I'll show him” Mum invented the babies 'Minappi' - the world's first Snappy Nappy and Modern Cloth Nappy!

Over time, demand grew from Disability and Aged Care and Mum continued innovating and creating Australia's first, and now, the world's most complete range of washable

and reusable continence products and incontinence solutions.

Mum has now passed the baton to me, ensuring that Night n Day continues providing solutions to our Customers, current and future, in Australia and around the World.

All our reusable products are still proudly Australian Made by us in Sydney, Australia.

Finally, please continue recommending and referring us to your friends, families, groups and communities. Your support has been an amazing and humbling experience and Mum, and I can't thank you enough for your support over the past 35 years.

ALL-IN-ONE RANGE

Heavy capacity solutions for everybody

Our unisex, heavy-capacity range is designed for those who have little to no control over their bladder or bowel and require a product to catch, hold and contain high-volume voids. The combination of a fast absorbing top-layer, super absorbent core and silky-soft, 100% waterproof outer-layer provides superior comfort, security and peace of mind for the wearer. The All-In-One range is available as a Pull-Up or Open-Style with your choice of Press Studs or Velcro-fastening options.

Pull-Up All-In-One Pant, Maxi

CODE: AQPUP

All-In-One Pant with soft-elastic at the legs and waist to ensure comfortable and secure waterproof and absorbent protection. This style has winged-legs which supports the comfortable insertion of a washable, reusable or disposable incontinence pad. The insertion of an additional aid will boost the absorbency of the overall incontinence product. As the pant is full-waterproof, we recommend using a non-waterproof incontinence pad.

Style: Pull-up

Absorbent: Yes, full-absorbent inner-layer

Capacity: Up to 1,000ml (1 Litre) boostable*

Waterproof: Yes, full-waterproof outer-layer

Pad: Built-in (non-removable)

Recommended use: Heavy urinary or faecal incontinence
