PROTECTION WITH A VIEW

ViewShade used in all areas for temperature control, UV and glare control, diminishing the elements of wind and rain, while maintaining views.

TECHNOLOGY	CARE & MAINTENANCE	FIRE STANDARD
<p>ViewShade has been officially declared as SAFE when tested for Volatile Organic Compounds by <i>Oeko-Tex Standards 100</i>. We've removed odours that reduce interior air quality when blind fabrics are installed and has earned <i>GREENGUARD Gold</i> air quality certification. A unique yarn extrusion process demonstrates a flatter and more stable finished product.</p>	<p>Clean with a soft brush using mild soapy water, hose off with clean water. Allow to dry completely before rolling up. Do not use high pressure hose to clean, this will damage fabric & void warranty.</p>	<p>ViewShade is tested to AS1530.2.1993 AS1530.3.1999 Test results available upon request.</p>
